Lake, 2013-04-15 The Great Recession and its aftershocks including the Eurozone banking and debt crisis add up to the worst global economic crisis since the Great Depression of the 1930s Although economic explanations for the Great Recession have proliferated the political causes and consequences of the crisis have received less systematic attention Politics in the New Hard Times is the first book to focus on the Great Recession as a political crisis one with both political sources and political consequences The authors examine variation in crises over time and across countries rather than treating these events as undifferentiated shocks Chapters also explore how crisis has forced the redefinition and reinforcement of interests at the level of individual attitudes and in national political coalitions Throughout the authors stress that the Great Recession is only the latest in a long history of international economic crises with significant political effects and that it is unlikely to be the last Brothers M.J. Spickett, *Teaching Through the Tough Times* Emily K. survival and victory and explains how the system really works *17 Laws of Nature* Maurice Huff,2022-05-26 At some point in life we all have had questions and concerns about life and its meaning Why are we all here on this planet we call earth How can we make the most of it What are we here to learn What if the answers to all the questions about yourself and life in general have been right in front of you behind you and all around you your whole life All you had to do was to be still and listen a little closer look a little deeper touch taste and smell as you fully experience the natural world in all her beauty and splendor The lessons of the wise masters and the mysteries of the ancients can all be found in nature **The Closest of Strangers** James Judge,2004-10-28 I looked out over the trees and the city and the cars below all moving fast to a somewhere I knew nothing about Life was in full motion and it felt like I was missing it What I didn't see was the face of a man standing at the first window in the adjacent wing staring out much like me I didn't see him until it was too late In response to an encounter with that man whose face he saw at the window Dr James Judge made a vow early in his career to be a different kind of doctor than his medical training had taught him to be He vowed not to deny his own humanity He vowed not to shrink from his patients unseen suffering He vowed he would ask the probing and important questions the ones that had nothing to do with an illness and everything to do with it at the same time And he vowed he would listen In the years that followed Dr Judge kept a journal In *The Closest of Strangers* Dr Judge shares stories from that journal stories that demonstrate the paradox of the patient doctor relationship that two people essentially strangers can somehow walk through life's most intimate moments together and how on that walk they can both move toward healing The stories in *The Closest of Strangers* demonstrate the love faith courage and remarkable boundless resilience of the human spirit Through these stories you will be witness as was Dr Judge to the powerful current of grace running through their lives and his own These are the stories of my intimate strangers Dr Judge says of the narratives recorded in this powerful volume Faces that have haunted me and I suppose haunt me still People I barely knew but in some ways came to know more deeply maybe than I knew myself The stories Dr Judge shares of his intimate strangers are all stories of courage and faith in the face of fear hopelessness and devastating loss In the course of a young boy's illness a mother grows strong a family grows close and a community grows tender A woman unable to keep up the lacquered layers of expectations in her perfect world courageously faces her emptiness and learns to experience the real substance of life To bring her baby safely to term an unmarried teenager fights a malignant tumor and a doctor's stern advice that she abort her pregnancy A deeply troubled man entangled in addiction finds the courage to speak honestly about himself and to call on God to help him face and overcome his demons A mother of a profoundly disabled child remains convinced that her little girl's life holds purpose and so miraculously it does Suffering sometimes brings with it certain gifts Dr Judge writes Qualities and strengths beyond value or measure *The Closest of Strangers* testifies to those qualities and strengths and to the lessons learned by a doctor who listened to his best teachers who sometimes became his healers as well **Skiing** ,2001-12 *The Lost Cyclist* David V. Herlihy,2010-06-18 This

fascinating story of a nineteenth century mystery should appeal to most lovers of history as well as to bicycling enthusiasts Strongly recommended Library Journal In the late 1880s Frank Lenz of Pittsburgh a renowned high wheel racer and long distance tourist dreamed of cycling around the world He finally got his chance by recasting himself as a champion of the downsized safety bicycle with inflatable tires the forerunner of the modern road bike that was about to become wildly popular In the spring of 1892 he quit his accounting job and gamely set out west to cover twenty thousand miles over three continents as a correspondent for Outing magazine Two years later after having survived countless near disasters and unimaginable hardships he approached Europe for the final leg Lenz never made it His mysterious disappearance in eastern Turkey sparked an international outcry and compelled Outing to send William Sachtleben another larger than life cyclist on Lenz s trail Bringing to light a wealth of information David Herlihy s gripping narrative captures the soaring joys and constant dangers accompanying the bicycle adventurer in the days before paved roads and automobiles This untold story culminates with Sachtleben s heroic effort to bring Lenz s accused murderers to justice even as troubled Turkey teetered on the edge of collapse Crossing the Line Rosalie G. Riegle, 2013-01-01 More than sixty five peacemakers have contributed oral narratives to this compelling history of those who say no to war making in the strongest way possible by engaging in civil disobedience and paying the consequences in jail or prison Crossing the Line gives voice to often neglected social history and provides provocative stories of actions trials and imprisonment
