Return of the Revolutionaries Walter Semkiw, 2025-09-12 Two hundred and twenty five years ago a political revolution took place in this country which swept power from the English monarchy and gave it to the people of the New World Today a spiritual revolution is underway in which spiritual power and responsibility are passing from institution to individuals You ll be shocked to learn that the same people are at the heart of both world changing movements John Adams Thomas Paine Samuel Adams the justices of the first Supreme Court and numerous other American Revolutionaries have been reincarnated as the political and spiritual leaders of today including George W Bush Bill Clinton Al Gore Marianne Williamson Shirley MacLaine and others Semkiw presents ample evidence that physical appearance character traits modes of thinking and expression as well as family and karmic groups often stay the same from lifetime to lifetime He s also included photographs demonstrating the startling physical similarities the individuals of the American Revolution share with today s revolutionaries As further support of the basic premise and reality of reincarnation Semkiw has included Dr Ian Stevenson s groundbreaking findings of children who report past lives as well as other case studies of individuals who have researched and written on their own past lives Discusses new research into using DNA to prove reincarnation Find out how physical appearance character traits synchronistic events karmic groups and spiritual guidance can be used to detect one s past lives Includes numerous black white photographs dramatically illustrating the similar physical appearance of revolutionaries past and present

Run the Other Way Bill Hillsman, 2004-04-26 Bill Hillsman is simply in the words of Slate com the world s greatest political adman With his groundbreaking consulting work on Paul Wellstone s senatorial Jesse Ventura s gubernatorial and Ralph Nader s presidential campaigns he was the first to publicly challenge the conventional strategies of political campaigns the inefficiency of campaign spending the desultory banal and insulting political ads As Hillsman says I don t believe you can annoy someone into voting for your candidate Hillsman first rocked the political establishment during Wellstone s 1990 Senate bid with witty sharp political ads that had audiences glued to their television sets and talking about the commercials for weeks afterward In the end he helped Wellstone overcome a 7 million campaign spending disadvantage to win the election And the risk taking continued when he ran Jesse Ventura s Reform Party gubernatorial and Ralph Nader s Green Party presidential campaigns In one Nader ad a child looks out at the viewer and says When I grow up I want politicians to ignore me In an ad from Ventura s campaign a boy playing with a Jesse Ventura action figure New from the Reform Party takes on Ventura s voice to growl I don t want your stupid money With bold and brilliant ads like these Hillsman helped two underdog candidates become senator and governor transformed Minnesota politics and showed the country that it has viable and appealing options outside of the two major parties Run the Other Way offers fascinating and disturbing insights into the shadowy cronyistic world of political consulting the grossly overpaid consultants incompetent and inaccurate pollsters fundraisers who take a dollar for every dollar they raise and strategists who use negative advertising to

intentionally keep people from voting But it also gives us a from the trenches look at how Americans can turn the weapons trained on us back against the master propagandists and in so doing revitalize our badly damaged democracy Fleshing out his case with real life stories from his involvement in numerous campaigns Hillsman takes us behind the electioneering scenes of old Washington hands and trouble making independents including Ross Perot Warren Beatty John McCain Arianna Huffington and Colin Powell An outsider with an insider's vantage point Hillsman sees America at a crucial historical moment defined by the continuing decline of both major political parties and the rise of independent voters Edgy controversial and often humorous his political ads have energized voters and revolutionized election campaigning over the last fifteen years This is a book for everyone who's ever run for office thought about running for office or voted for someone running for office

Run the Other Way investigates the many imperfections in the greatest system of government in the world and challenges all of us to make it better

Waldron, 2005-02 The book is the summary of the major circumstances contributing to Al Gore's loss in 2000 derived from books and articles intended for the non academic reader Topics discussed are the electoral college voter roll purging in Florida Ralph Nader's candidacy ballot design in Palm Beach and Duval Counties and the recount in Palm Beach County the decision of the Bush campaign to obstruct the Florida recount and the Bush campaign's military overseas absentee ballot operation It presents the author's interpretation of these circumstances and how in hindsight the Gore campaign might have overcome them

The Man Who Hated Work and Loved Labor Les Leopold, 2007-11-14 A CIA connected labor union an assassination attempt a mysterious car crash listening devices and stolen documents everything you'd expect from the latest thriller Yet this was the reality of Tony Mazzocchi the Rachel Carson of the U S workplace a dynamic labor leader whose legacy lives on in today's workplaces and ongoing alliances between labor activists and environmentalists and those who believe in the promise of America In The Man Who Hated Work and Loved Labor The Life and Times of Tony Mazzocchi author and labor expert Les Leopold recounts the life of the late Oil Chemical and Atomic Workers Union leader Mazzocchi's struggle to address the unconscionable toxic exposure of tens of thousands of workers led to the passage of the Occupational Safety and Health Act and included work alongside nuclear whistleblower Karen Silkwood His noble high profile efforts forever changed working conditions in

American industry and made him enemy number one to a powerful few As early as the 1950s when the term environment was nowhere on the political radar Mazzocchi learned about nuclear fallout and began integrating environmental concerns into his critique of capitalism and his union work An early believer in global warming he believed that the struggle of capital against nature was the irreconcilable contradiction that would force systemic change Mazzocchi s story of non stop activism parallels the rise and fall of industrial unionism From his roots in a pro FDR immigrant family in Bensonhurst Brooklyn through McCarthyism the Sixties and the surge of the environmental movement Mazzocchi took on Corporate America the labor establishment and a complacent Democratic Party This profound biography should be required reading for those who believe in taking risks and making the world a better place While Mazzocchi s story is so full of peril and deception that it seems almost a work of fiction Leopold proves that the most provocative and lasting stories in life are those of real people

Crashing the Party Ralph Nader,2024-06-04 Ralph Nader is one of America s most passionate and effective social critics He has been called a muckraker a consumer crusader and America s public defender The cars we drive the food we eat the water we drink their safety has been enhanced largely due to Ralph Nader His inspiration and example have rallied consumer advocates citizen activists public interest lawyers and government officials into action and in the 2000 election nearly three million people voted for him An inspiring and defiant memoir Crashing the Party takes us inside Nader s campaign and explains what it took to fight the two party juggernaut why Bush and Gore were really afraid to let him in on their debates why progressive Democrats have been left behind and ignored by their party how Democrat and Republican interests have been lost to corporate bankrolling and what needs to happen in the future for people to take back their political system

Nixonland Rick Perlstein,2008-05-13 Perlstein aims here at nothing less than weaving a tapestry of social upheaval His success is dazzling Los Angeles Times Both brilliant and fun a consuming journey back into the making of modern politics Jon Meacham Nixonland is a grand historical epic Rick Perlstein has turned a story we think we know American politics between the opposing presidential landslides of 1964 and 1972 into an often surprising and always fascinating new narrative Jeffrey Toobin Rick Perlstein s bestselling account of how the Nixon era laid the groundwork for the political divide that marks our country today Told with vivid urgency and sharp political insight Nixonland recaptures America s turbulent 1960s and early 1970s and reveals how Richard Nixon rose from the political grave to seize and hold the presidency of the United States Perlstein s epic account begins in the blood and fire of the 1965 Watts riots nine months after Lyndon Johnson s historic landslide victory over Barry Goldwater appeared to herald a permanent liberal consensus in the United States Yet the next year scores of liberals were tossed out of Congress America was more divided than ever and a disgraced politician was on his way to a shocking comeback Richard Nixon Between 1965 and 1972 America experienced no less than a second civil war Out

of its ashes the political world we know now was born Filled with prodigious research and driven by a powerful narrative Rick Perlstein's magisterial account of how it all happened confirms his place as one of our country's most celebrated historians

The New Nationalism--How The Next Great American Debate Will Restore Our Country By Recasting Our Politics Harlan M. C. Field, 2012-07-10 In this book Harlan Field boldly asks modern Americans to leave behind their old politics which have placed America's greatness in jeopardy and exhorts us to pursue a new political strategy that will assure America's great tradition for its future generations As we enter a new millennium Harlan observes we stand poised to discard the crowning achievement of the last thousand years the modern Nation State The only known entity that is capable of preserving Freedom and opportunity for the individual justice for the masses a healthy environment a stable society and a vibrant economy is falling victim to the seemingly invincible juggernaut of Globalism The five cardinal prerogatives of a free people are all being surrendered with little debate and even less thought The rights of a sovereign people to formulate their own independent foreign policy to raise and command a national army to admit or exclude aliens to levy tariffs on goods of foreign manufacture and to coin their own money are under attack all over the world through such peculiar pretenders to legitimacy as the North American Free Trade Agreement NAFTA the General Agreement on Tariffs and Trade GATT and the European Union E U We no longer can even remember what makes a group of people into a nation A common culture a common heritage a common language shared goals shared sacrifice shared progress This book is a must read for our politicians on the left and on the right lest because of party politics America is made to give into a secondary role on the world stage of ruthless politics and demagoguery
