Basic Communism Clarence Buford Carson, 1990

Christianity in America G. Wright Doyle, 2013-07-17 Was America founded as a Christian nation What role has the Christian faith of many of its leaders played in the course of its history How has Christianity affected American culture and society This trenchant critique of the role of Christianity in American history highlights both the ways in which Christians have made many valuable contributions as salt and light and how they have caused a great deal of damage by trying to be savior and lord Believers in Christ have built one of the most Christianized countries in the world with benefits for millions They have also nurtured messianic aspirations that have spawned disasters for themselves and other countries Generous in praise for dedicated believers who have reflected the character of Christ the book is also unsparing in criticism of Christians who have sometimes with the best intentions failed to act wisely In short the reader will be encouraged by the many triumphs of Christianity in America and sobered by its tragedy

Exceptional America Mugambi Jouet, 2017-04-03 Why does a country built on the concept of liberty have the highest incarceration rate in the world How could the first Western nation to elect a person of color as its leader suffer from institutional racism How does Christian fundamentalism coexist with gay marriage in the American imagination In essence what makes the United States exceptional In this provocative exploration of American exceptionalism Mugambi Jouet examines why Americans are far more divided than other Westerners over basic issues including wealth inequality health care climate change evolution the literal truth of the Bible abortion gay rights gun control mass incarceration and war Drawing inspiration from Alexis de Tocqueville Jouet raised in Paris by a French mother and a Kenyan father wields his multicultural sensibility to parse the ways in which the intense polarization of U S conservatives and liberals has become a key dimension of American exceptionalism an idea widely misunderstood to mean American superiority Instead Jouet contends that exceptionalism once a source of strength may now spell decline as unique features of U S history politics law culture religion and race relations foster grave conflicts and injustices This book offers a brilliant dissection of the American soul in all of its outsize clashing and striking manifestations
