David Buschart, 2009-09-20 Protestant is shorthand for a spreading family tree of church and theological traditions Each tradition embodies a historically shaped perspective on the beliefs practices and priorities that make up a Christian community Whether you are an insider to one tradition a hybrid of two or three or as many Christians today an outsider to all *Exploring Protestant Traditions* is a richly informative field guide to eight prominent Protestant theological traditions Lutheran Anabaptist Reformed Anglican Baptist Wesleyan Dispensational and Pentecostal

Olson, 2011-10-25 Calvinist theology has been debated and promoted for centuries But is it a theology that should last Roger Olson suggests that Calvinism also commonly known as Reformed theology holds an unwarranted place in our list of accepted theologies In Against Calvinism readers will find scholarly arguments explaining why Calvinist theology is incorrect and how it affects God s reputation Olson draws on a variety of sources including Scripture reason tradition and experience to support his critique of Calvinism and the more historically rich biblically faithful alternative theologies he proposes Addressing what many evangelical Christians are concerned about today so called new Calvinism a movement embraced by a generation labeled as young restless Reformed Against Calvinism is the only book of its kind to offer objections from a non Calvinist perspective to the current wave of Calvinism among Christian youth As a companion to Michael Horton s For Calvinism readers will be able to compare contrasting perspectives and form their own opinions on the merits and weaknesses of Calvinism

The Concept of Equity in Calvin's Ethics Guenther H. Haas, 1997-02-10 Ever since Calvin wrote his Institutes of the Christian Religion admonishing the reader that it would not be difficult for him to determine what he ought especially to seek in Scriptures and to what end he ought to relate its contents scholars have endeavoured to identify a doctrine or theme at the heart of his theology In his landmark book The Concept of Equity in Calvin s Ethics Guenther Haas concludes that the concept of equity is the theme of central importance in Calvin s social ethic in a similar way that union with Christ lies at the heart of his theology Haas provides in Part One a brief survey of the development of the concept of equity from Aristotle to the scholastics and as it was used by Calvin s contemporaries Haas also examines the influences on Calvin s thinking before and after his conversion to Protestantism with special attention paid to those influences that employed the concept of equity In the heart of this study Part Two Equity in Calvin s Ethics Haas presents a thorough exposition and analysis of the extensive role the concept of equity plays in Calvin s ethics demonstrating that Calvin s approach to ethics is not restricted to meditation of Scripture text This book will force a re examination of approaches to Calvin studies that have not appreciated the historical context and background of Calvin s thought The Concept of Equity in Calvin s Ethics establishes that the Protestant tradition in Christian ethics founded by Calvin has a distinctive and vital contribution to make to Christian ethics

The chapters in this volume were originally presented as papers at the 2009 colloquium of the Calvin Studies Society held to mark the five hundredth anniversary of John Calvin's birth They offer a fresh evaluation of Calvin's ideas and achievements and describe how others from his contemporaries to the present have responded to or built upon the Calvinist heritage This book dispels popular misperceptions about Calvin and Calvinism allowing readers to make a more accurate assessment of Calvin's importance as a theologian and historical figure Contributions address areas in which Calvin's legacy has been most controversial or misunderstood such as his attitude toward women his advocacy of church discipline and his understanding of predestination These essays also give a nuanced picture of the impact of Calvinism by taking account of both the positive and negative reactions to it from the early modern period to the present Part 1 Calvin The Man and His Work Part 2 Appeal of and Responses to Calvinism Part 3 The Impact of Calvin's Ideas **Restoration through Redemption: John Calvin**

Revisited Henk van den Belt, 2013-01-08 Restoration through Redemption offers examples of three ways in which John Calvin's theology can be revisited by analysis, assessment and reception. This volume contains analyses of Calvin's position on the trinity and on politics as well as assessments of his theology for evolutionary biology and comparative ecclesiology. It also discusses the reception of his heritage for instance in North America and South Africa. The central theme in this volume is Calvin's approach to the renewal of creation that hinges on Christ the Redeemer. One of the golden threads is Calvin's emphasis upon the meditation on the future life, the turning of the believer towards the eschatological perspective. Contributors include J Todd Billings, Johan Buitendag, Jaeseung Cha, Ernst M Conradie, Roger Haight, I John Hesselink, Rinse Reeling Brouwer, Philippe Theron, Henk van den Belt, Gijsbert van den Brink, Cornelis van der Kooij, J H Amie van Wyk, J M Koos Vorster, Nico Vorster, Robert Vosloo and Paul Wells. The Political Economy of Sentiment Jose R Torre, 2015-09-30 Situates changes in the nature of money and the rise of sophisticated financial structures at the centre of the Enlightenment. This work argues that paper credit instruments were causal, critical to the larger epistemological and psychological changes associated with the Enlightenment's reconstruction of value. *Moral Triumph* Zhibin Xie, 2023-01-17 This book addresses the issue of Christianity in public life in China through methodological and constructive approaches. It aims to answer the following questions: How does Christianity with its moral and spiritual resources engage in and contribute to public life in China? How does Christianity operate amidst a background of religious diversity, cultural and social dynamics and political realities in China? The distinctive contribution of this book is that it moves beyond simple description and evaluation of what is happening in Chinese Christianity toward a constructive theology for the distinctive realities of Chinese culture, society and politics. This book proposes Christian public responsibility in order to identify the moral problems in Chinese public life. It attempts to enhance a public face of Christianity in China, theologically and ethically, by activating Christian resources in response to public life and highlighting Christianity's moral impact on the state and civil society without the imposition of confessional bonds or the exercise of authoritarian control, quoted from Abraham Kuyper. This book relies on both methodological and constructive approaches to define the meaning of public theology while making theological efforts to engage in public issues constructively in the Chinese context. Besides the Western Christian public theologians such as Kuyper, Reinhold Niebuhr and Nicholas Wolterstorff, this book extensively refers to Chinese resources such as Christian thinkers, philosophers and social scientists etc to perceive public theology in China. This new formulation of Christian public theology in China desires to engage with Chinese experiences, struggles, traditions and ideology such as Confucianism and communism when investigating moral responses to public issues such as social justice, human rights and religious freedom. A Christian co-construction with philosophical and social scientific perspectives on public life will lead to the modification of moral vocabulary in Chinese public life. *The Routledge Handbook of Religion and Security* Chris Seiple, Dennis Hoover, Pauletta Otis, 2013 This Handbook offers analyses of how nine different world religions have related to issues of war

and peace theologically and practically overviews of how scholars and practitioners in nine different topical areas of security studies have or have not dealt with the relationship between religion and security and five case studies of particular countries in which the religion security nexus is vividly illustrated Nigeria India Israel the former Yugoslavia and Iraq
