*Practice Management Association, Information Resources, 2019-12-06* Education is a necessary foundation for improving one's livelihood in today's society. However, traditional learning has often excluded or presented a challenge to students with visual, physical, or cognitive disabilities and can create learning gaps between students of various cultures. It is vital that learning opportunities are tailored to meet individual needs regardless of individual disabilities, gender, race, or economic status in order to create more inclusive educational practices. *Accessibility and Diversity in Education Breakthroughs in Research and Practice* examines emerging methods and trends for creating accessible and inclusive educational environments and examines the latest teaching strategies and methods for promoting learning for all students. It also addresses equal opportunity and diversity requirements in schools. Highlighting a range of topics such as open educational resources, student diversity, and inclusion barriers, this publication is an ideal reference source for educators, principals, administrators, provosts, deans, curriculum developers, instructional designers, school boards, higher education faculty, academicians, students, and researchers. *Handbook of Clinical Psychology Competencies* Jay C. Thomas, 2010. This three-volume handbook describes the core competency areas in providing psychological services relevant to practitioners as well as clinical researchers. It covers assessment and conceptualization of cases, the application of evidence-based methods, supervision, consultation, cross-cultural factors, and ethics.
