Regelski,2021 Curriculum decisions are the foundation of education They determine the knowledge understandings skills attitudes and values deemed necessary for today s students Beyond musical competencies a curriculum is therefore the most important responsibility facing music educators one that goes well beyond the skills of simply delivering an individual lesson and accounts for beneficial outcomes for individual students graduates and ultimately the world of musicing Oddly however curriculum theory and design for music education have been left to the sidelines in undergraduate music education And it is usually no more on the radar of in service teachers despite the fact that the U S politics governing school curriculum are constantly in public view e g U S No child left behind Common Core Curriculum Philosophy and Theory for Music Education Praxis remedies this with a practical overview of curriculum basics and their implications for music education Mindful of traditional philosophical roots of curriculum foundations that still impact contemporary strategy author Thomas A Regelski offers a model curriculum based on recent praxis theory in which musical and educational benefits are evident to students administrators and taxpayers who ultimately fund music programs *Giving Voice to Democracy in Music Education* Lisa C. DeLorenzo,2015-10-23 This book examines how music education presents opportunities to shape democratic awareness through political pedagogical and humanistic perspectives Focusing on democracy as a vital dimension in teaching music the essays in this volume have particular relevance to teaching music as democratic practice in both public schooling and in teacher education Although music educators have much to learn from others in the educational field the actual teaching of music involves social and political dimensions unique to the arts In addition teaching music as democratic practice demands a pedagogical foundation not often examined in the general teacher education community Essays include the teaching of the arts as a critical response to democratic participation exploring democracy in the music classroom with such issues as safe spaces sexual orientation music of the Holocaust improvisation race and technology and music teaching music teacher

education as a form of social justice Engaging with current scholarship the book not only probes the philosophical nature of music and democracy but also presents ways of democratizing music curriculum and human interactions within the classroom This volume offers the collective wisdom of international scholars teachers and teacher educators and will be essential reading for those who teach music as a vital force for change and social justice in both local and global contexts

Debates in Music Teaching Chris Philpott, Gary Spruce, 2012-07-26 Debates in Music Teaching encourages student and practising teachers to engage with contemporary issues and developments in music education It aims to introduce a critical approach to the central concepts and practices that have influenced major interventions and initiatives in music teaching and supports the development of new ways of looking at ideas around teaching and learning in music Accessible and comprehensive chapters will stimulate thinking and creativity in relation to theory and practice and will facilitate readers in reaching their own informed judgements and rationalising their position with deep theoretical knowledge and understanding Throughout the book international experts in the field consider key issues including the justification for music in the school curriculum partnerships in music education and the identity of the music teacher technology and conceptions of musicianship social justice and music education the place of diverse musical genres and traditions in the music curriculum critical thinking and music education autonomy and integrity for music in cross curricular work the politics sociology and philosophy of music education Debates in Music Teaching is for all student and practising teachers interested in furthering their understanding of the subject Including carefully annotated further reading and reflective questions to help shape research and writing this collection stimulates critical and creative thinking in relation to contemporary debates within music education

Democracy and Music Education Paul G. Woodford, 2004-12-28 On the basis of Dewey's principles Paul G Woodford explores the social foundation of current music education practices in the context of democratic values of freedom creativity and contribution to society He then critiques the means by which this ideal is learned by teachers and taught to students Woodford concludes with recommendations for acknowledging democratic and non democratic values in music teaching teacher training and performance and suggests steps toward a liberal music education Counterpoints Music and Education Estelle R Jorgensen editor

Music Education for Changing Times Thomas A. Regelski, J. Terry Gates, 2009-10-08 Based on topics that frame the debate about the future of professional music education this book explores the issues that music teachers must confront in a rapidly shifting educational landscape The book aims to challenge thought and change minds It presents a star cast of internationally prominent thinkers in and beyond music education These thinkers deliberately challenge many time worn traditions in music education with regard to musicianship culture and society leadership institutions interdisciplinarity research and theory and curriculum This is the first book to confront these issues in this way This unique book has emerged from fifteen years of international dialog by The MayDay Group an organization of more than 250 music educators from over 20 countries who meet yearly to confront issues in music teaching and learning
