**Basic Facts on Zambia** Mwelwa Musambachime,2005-09-01 This is not the retelling of a hurricane that's been here SURGE is the story of the one that's coming A Category 5 hurricane is bearing down on Galveston Island Unknown to the sixty thousand residents desperately trying to flee the wrath of Mother Nature there is an even greater threat to their safety than the storm An angry man is secretly planning revenge that could set in motion a chain reaction along the entire Gulf Coast rivaling the destruction of Hiroshima Rod Tanner takes you on this harrowing journey through the eyes of a blue collar worker whose life revolves around his family a sleazy developer and his equally self centered wife a madman bent on revenge a politician with a gambling addiction a young girl who has come to a crossroads in her life and a fireman whose life has suddenly become meaningless Not all will survive Dolly's fury and the ones that do will never be the same SURGE is the best thrill ride to come out of the ocean since Jaws

**The Oxford Handbook of the Zambian Economy**,2024-08-23 This handbook offers a comprehensive and authoritative account of the Zambian economy including past and current trends The Zambian economy has evolved from simple and fragmented agrarian activities at the turn of the 20th Century into a wide range of organized and regulated modern economic activities today While the economy has largely revolved around the mining industry since the early 1920s when the extraction of copper and other mineral ores on the Copperbelt begun there has been a gradual broadening of economic activities over time with services now accounting for almost two thirds of gross domestic product GDP This book shows that since colonial times one of the persistent items on the economic development agenda in what is today known as Zambia has been the need to diversify the economy to reduce dependence on mining in terms of foreign exchange earnings and public revenue While the need to diversify the economy has been well acknowledged by successive Zambia governments including the current government achieving this goal has proved to be elusive so far By presenting a collection of well researched and empirically supported chapters on the key areas of the Zambian economy this volume gives readers a good sense of where the Zambian economy has come from where it is at the moment but also highlights the challenges and prospects for economic growth

Union,2022-01-07 Sub Saharan Africa is uniquely positioned significantly increase its current agricultural productivity to lift the region's more than 400 million people out of extreme poverty and improve the livelihood of approximately 250 million smallholder farmers and pastoralists in the region To achieve that substantive digital transformation of the agriculture sector is required through improved infrastructure and increased access to and use of digital technologies for agriculture To

improve the current understanding of sub Saharan Africa s digital agriculture landscape the Food and Agriculture Organization of the United Nations FAO and the International Telecommunication Union ITU undertook this study in 47 countries The report is composed of 47 desk based country case studies against six thematic focal areas the aim of which is to present a snapshot of the status of digital agriculture in each country This is followed by highlights of the main findings of the analysis of the country profiles with suggested steps for future action The findings of the study are presented to FAO and ITU Member States as well as all relevant stakeholders with the purpose of advancing and supporting investment in digital transformation of the agricultural sector in sub Saharan Africa **One Zambia, Many Histories** Giacomo

Macola,2008-08-31 In contrast to the rich tradition of academic analysis and understanding of the pre colonial and colonial history of Zambia the country s post colonial trajectory has been all but ignored by historians The assumptions of developmentalism the cultural hegemony of the United National Independence Party s orthodoxy and its conflation with national interests and a narrow focus on Zambia s diplomatic role in Southern African affairs have all contributed to a dearth of studies centring on the diverse lived experiences of Zambians Inspired by an international conference held in Lusaka in August 2005 and presenting a broad range of essays on different aspects of Zambia s post colonial experience this collection seeks to lay the foundations for a future process of sustained scholarly enquiry into the country s most recent past

authentically African model of consensual and communitarian decision making it was never a truly nationally representative body Whereas in long established Western societies unevenness in support was accepted as a legitimate basis for party political difference in Zambia this was regarded as a threat to the fragile bindings of the young nation state and as such had to be denied and repressed This led to the declaration of a one party state presented as the logical expression of UNIP supremacy but it was in fact a reflection of its weakening grip on power Through case studies of opposition political and social movements rooted in these differences the book demonstrates that UNIP's control of the new nation state was partial uneven and consistently prone to challenge Alongside this the study also re examines Zambia's role in the regional liberation struggles providing valuable new evidence of the country's complex relations with Apartheid era South Africa and the relationship between internal and external opposition shaped by the context of regional liberation movements and the Cold War Drawing on extensive archival research and interviews Dr Larmer offers a ground breaking analysis of post colonial political history which helps explain the challenges facing contemporary African polities *Africa Army Library (U.S.)*,1973

**Human Rights Law in Africa 1999** Christof Heyns,2002-05-31 A wide range of topics is covered for the first time in this volume including resolutions of various OAU bodies in respect of human rights the relevant provisions of the treaties establishing sub regional inter governmental organisations and the founding documents of national human rights institutions in Africa
