Basics Marketing 03: Marketing Management Brian Sheehan,2017-08-10 Understanding how to create marketing programmes is one thing Understanding how to take leadership in all of the business areas related to marketing such as economics finance personnel management and long term brand strategy is quite another This book helps bridge that divide to help students master the business of marketing

Basic Psychology for the Work Life A. Christine Parham,1983

Psychology - a Study of a Masquerade Manfred Velden,2016-10-10 Since its inception as a field of science in the 19th century psychology as it is now offered at universities has made great efforts to become a quantitative discipline on par with the natural sciences Using a variety of different examples Manfred Velden shows that this is all just a charade where scientific methods are employed without delivering any correspondingly reliable results The impact of this kind of science has sometimes been downright disastrous for example in connection with immigration forced sterilization university admissions or the debate on racial differences

Psychology and Criminal Justice Lesli Blair,2024-09-30 Psychology and Criminal Justice covers the ways that psychology intersects

with the criminal justice system from explaining criminal behavior to helping improve the three criminal justice pillars of policing courts and corrections The book is divided into two parts The chapters in Part One describe how different areas of psychology can help us understand why people commit crimes The Basics of biopsychology developmental psychology behavioral psychology social psychology personality psychology and psychopathy are presented first in their respective chapters These initial chapters conclude with a section called Explaining Criminal Behavior that applies The Basics to help explain criminal behavior Part Two of the textbook begins with a chapter on three topics in psychology that are particularly relevant to the criminal justice system mental illness trauma and substance use In the remainder of Part Two there are two chapters each for policing courts and corrections Each of these chapters discusses the ways principles from psychology can help with criminal justice processes including police investigations and officer mental health psychological evaluations for court proceedings juror selection and decision making behavior change and the effects of imprisonment After decades of overreliance on sociology based theory and research the field of criminal justice is looking to psychology for explanations and insight This book is essential reading for upper level undergraduate and graduate level courses housed in both criminal justice and psychology departments

Psychology in Cultures and Contexts R.C. Tripathi, Janak Pandey, 2025-07-21 This book is based on lectures delivered in the memory of a legendary Indian Psychologist Late Professor Durganand Sinha by several distinguished Indian and International scholars who discuss how Psychology needs to diverge from what has come to be called a WEIRD W estern E ducated I ndustrialized R ich D emocratic Psychology that claims to propound universal laws of human behaviour The chapters included in the book focus on understanding micro and macro level social and psychological issues within cultural contexts The book looks at the indigenous roots of cultures and how they inform our understanding of psychological processes and structures how cultures and their contexts modify psychological processes and associated behaviour and problems that arise in making cross cultural comparisons It also looks at how such understanding that comes out from such approaches can be used to enhance societal development and wellbeing The book discusses the paradigmatic shifts that are taking place in Psychology and will be of interest to scholars of Psychology both in developing as well as developed societies

Foresight and Innovation E. Hiltunen, 2013-11-29 Foresight and Innovation is a guide for readers that are interested about the future The book introduces a concept of futurist thinking which includes anticipating innovating and communicating about the futures These concepts show how various organizations all over the world are thinking communicating and creating a better future
