Basics of Keyboard Theory Julie McIntosh Johnson, 2007 *Basics of Keyboard Theory Level 9, Sixth Edition* Julie McIntosh Johnson, 2019-06-09 Subject Guide to Books in Print , 1991 **“OTHER RESOURCES FOR THE TEACHER: Early Ornamentation, Graded Repertoire, and Organ Building Schools & Registration Practices” Volume 3 of “Teaching Pre-College Organ Students: Methods of the Twenty-First Century.”** Elena Paradies, 2025-10-10 The initial section titled Early Ornamentation in this volume provides a structured overview of Baroque embellishments categorized by country and historical period. It includes a list of prominent composers from that era with their lifetimes. All ornament transcriptions are sourced from the referenced publications. The section also features a comparative table of essential ornaments and a recommended reading list for further study. The Graded Repertoire section presents concise information about organ literature spanning different historical periods and national organ schools. Readers will explore a broad spectrum of musical styles and forms. In this section, teachers can find recommended annotated editions published by Wayne Leupold, which are particularly beneficial for both novice and intermediate students. The Organ Building Schools Registration Practices section highlights the close connection between organ construction registration and performance practice. It provides concise descriptions of key European schools of organ building along with registration suggestions tailored to specific genres, musical forms, and dynamic changes. Additionally, readers can easily access YouTube videos featuring famous historical organs playable directly on the e-book device.
