Leonard, 1990 Basil Bunting Julian Stannard, 2014 This study explores Basil Bunting's poetry position as a point of inspiration for younger poets and describe the ways in which it acts as a platform to show that Anglo American modernism was not incompatible with native traditions

Disjunctive Poetics Peter Quartermain, 1992-06-26 *Disjunctive Poetics* examines some of the experimental contemporary writers including Stein and Zukofsky whose work forms a counterpoint to the mainstream writing of our time Peter Quartermain suggests that the explosion of such modern writing is linked to the severe political social and economic dislocation of non English speaking immigrants who arriving in America at the turn of the century found themselves uprooted from their tradition and disassociated from their culture
