[With Tables.].* William ROLLO (M.A., Lit. D.),1925 *A Phonological Study of the Basque Dialect of Getxo* José Ignacio Hualde,Xabier Bilbao,1992

Basque Phonology José Ignacio Hualde,2004-03-01 This book is the first comprehensive treatment of the phonological system of Basque available in English Basque is a morphologically rich and fairly regular language with a number of active phonological rules that are limited to certain morphological environments In addition it has a high degree of dialectal fragmentation These characteristics of Basque make this language a good test ground to investigate the interaction of phonological rules both with each other and with morphological processes which the author does within the Lexical Phonology framework The effects of rule interaction on feature geometry are a major concern how phonological operations modify underlying structures and how the structures created by one phonological rule can serve as input to other rules These effects are examined in a study of the rather peculiar behaviour of Basque affricates Another area which requires particular attention and in which Basque dialects differ widely is prosody Along with stress accent systems of different types Basque also possesses pitch accent or restricted tonal systems in some of its western dialects This book should be of interest to advanced students and teachers of linguistics especially Romance linguistics and lexical phonology **Microparameters in the Grammar of Basque** Beatriz Fernández,Jon Ortiz de Urbina,2016-09-09 This book is an endeavor to present and analyze some standard topics in the grammar of Basque from a micro comparative perspective From case and agreement to word order and the left periphery and including an incursion into determiners the book combines fine grained theoretical analyses with empirically detailed descriptions Working from a micro parametric perspective the contributions to the volume address in depth some of the exuberant variation attested in the different dialects and subdialects of Basque At the same time although the contributions focus mainly on Basque data cross linguistic evidence is also presented and discussed After all the goal pursued in this book is to attempt to explain variation in Basque as a particular instantiation of variation in human language at large The volume presents and analyzes a wide range of empirical phenomena many typologically marked among European languages and will therefore be a welcome resource to linguists looking for detailed description and or theoretical discussion **Neues aus der Bremer Linguistikwerkstatt** Cornelia Stroh,2012 *Basque Legends; With an Essay on the Basque Language* Wentworth Webster,2022-11-21 In *Basque Legends With an Essay on the Basque Language* Wentworth Webster delves into the rich folklore and cultural tapestry of the Basque people presenting a collection of enchanting tales that illuminate their unique traditions and regional mythology Written in a lyrical yet accessible style Webster expertly weaves historical and anthropological insights throughout the narratives making the text not only a repository of tales but also a critical exploration of the cultural significance embedded within the Basque language This work

emerges as a pivotal contribution to the literature on regional myths further contextualizing the Basque identity amid broader European literary landscapes Wentworth Webster a noted scholar and linguist dedicated much of his academic career to the study of minority languages and their cultural implications His passion for the Basque culture is evident in his meticulous research and empathetic storytelling Webster s fluency in the Basque language allowed him to engage deeply with his subjects providing authenticity to the legends and demonstrating how language shapes cultural narratives This book is highly recommended for readers interested in anthropology linguistics and folklore It serves as a crucial resource for anyone looking to deepen their understanding of Basque culture and language offering both scholarly insights and captivating stories that enrich the reader s experience
