There exists the force of good and evil which are both actively interfering in the affairs of men and operate by dynamics not explicitly understood by mortals It appears that man's actions and inactions are engineered by unseen forces that manipulate him to accomplish a specific purpose It also appears that in the fulfillment of prophecy Satan is an unpaid worker in the kingdom of God This treatise Cracking the Ancient Codes captures vividly the intrigues behind the Bible stories from the spiritual dimension It narrates the story of the Seed and the Serpent manifesting in different forms as they engaged in unabated contention throughout the ages The intentions of Satan are clear to frustrate the manifestation of the Seed by either defiling or destroying the Seed's ancestors In this plot Israel and Jerusalem are the sacred sites the Jews and later the church are the principal actors Without ambiguity the Light shines with an outstanding luminance and Darkness cannot decipher the mystery behind it Mortals have to make the constant choice between life and death Events surrounding the state of Israel and the existence of the church remain the most valid markers for fulfillment of spiritual prophecy The world

conventions are the result of coding and deal with meaning This volume appeals to students and researchers working in the fields of semiotics philosophy biology and mathematics *From Analysis to Visualization* David H.
