

Seventy-six people are confirmed dead following a plane crash last night in Colombia. A charter plane carrying 72 passengers -- including players from Brazilian soccer team Chapecoense -- crashed near Medellin, Colombia. Nine crew members were also on board. The civil aviation agency had initially announced that six passengers -- three players, two crew members, and one journalist -- survived the crash. Authorities later said that one of those survivors died on the way to the hospital. Authorities will continue to search for survivors. Officials didn't specify what happened to the plane.

Air Disasters Michael Woods, Mary B. Woods, 2009-07-01 Looks at air disasters that have happened over the history of aviation *Crash of TWA Flight 260* Charles M. Williams, 2010-08-16 This moment by moment account of a major airplane crash on a beautiful and treacherous mountainside puts the reader at the pilot's side describing the flight its catastrophic ending and the aftermath At 7 05 a m on February 19 1955 TWA Flight 260 took off from the Albuquerque airport for a short flight to Santa Fe To avoid flying over the Sandia Mountains the plane's approved air route was a dogleg running north northwest from Albuquerque then east northeast into Santa Fe But at 7 08 a m Flight 260 was headed directly toward Sandia Ridge almost entirely obscured by storm clouds A local resident who saw Flight 260 overhead observed that if the plane was eastbound it was too low if it was northbound it was off course At 7 12 a m the plane's terrain warning bell sounded its alarm Both pilots saw the sheer west face of the Sandias just beyond the right wingtip an appalling shock considering they should have been ten miles further west Reacting instantly they rolled the plane steeply to the left pulled its nose up and started to level the wings It was their final act Hidden by the storm another cliffside lay directly ahead When they struck it they were still in a left bank nose high *Where's My Umbrella, a Crash Course in Crisis Management* Len Biegel, 2014-10-15 Regardless of how respected or careful a company is preparing for the possibility of a crisis is essential in today's business world WHERE S MY UMBRELLA offers valuable insights that any business should want to hear and follow Gary Sheffer Vice President of Communications and Public Affairs GE The best way for any executive to manage any issue is to do so with a 360 view and to reach out to experts There is no doubt that Len is someone to consult for expert advice Rick Sasso President MSC Cruises Len president of the communications counseling firm The Biegel Group brings his deep experience in a wide range of crises and reputation challenges to WHERE S MY UMBRELLA From the Tylenol tampering to 9 11 to hurricanes and environmental crimes Biegel not only chronicles a host of wakeup calls He tells what they mean Len makes the case that many crises can be prevented Report of Special Subcommittee to Investigate Crash of Imperial Airlines, Inc., Airplane, Richmond, Va., November 8, 1961 United States.
