Developing Culturally Responsive Learning Environments in Postsecondary Education R. Jason Lynch,Charmion B. Rush,2024-01-01 U S colleges and universities are rapidly diversifying In 2018 the U S Census Bureau estimated that

nearly half of undergraduate students were of non white racial identities with that number only increasing for future generations This increase in diversity holds true for many other identity groups Yet faculty demographics remain disproportionately white and male For years students have called for institutions of postsecondary education to support their success through adopting more culturally relevant practices for teaching and learning Scholarship on student success in college has also echoed this call Developing Culturally Responsive Learning Environments in Postsecondary Education was developed to help postsecondary educators answer this call through a multilayered view of student support within the college classroom and beyond Specifically this book features twenty three chapters divided into four parts Each part corresponds with four thematic areas identified as an important component in developing culturally responsive learning environments unpacking educator cultural competence learning experiences of the 21st century college student culturally responsive teaching and instruction and transforming curriculum content and environments Authors representing diverse backgrounds and institutional contexts come together to offer their own scholarly and practical expertise to tackle issues ranging from combating implicit bias and building cultural competence to exploring specific student experiences and practical ways to implement culturally responsive pedagogies In addition to each chapter this volume provides a companion case scenario exercise for you to directly apply the content from the book Ultimately we hope this book provides you with a meaningful starting place to help you honor the diversity of your students and support their success within your learning context
