Raines, 2007 Creativity and the Arts with Young Children 2e is written specifically for early childhood educators as well as professionals who work with children birth through age eight The focus of this book now in its second edition is on making the vital connection to music movement drama and the visual arts in all areas of the classroom as well as developing creative teachers and professionals who will be able to foster an artistic environment The book includes observations and pictures of teachers and children that demonstrate practical ways the arts can be used to help children reach their potential There are expanded sections on multi intelligences Reggio Emilia divergent questioning and art recipes and the book also includes literacy connections and activities for adults at the end of each chapter There are many ideas in the book for open ended activities that are important for the development of young children and will encourage them to think in new ways The standards and recommendations from professional organizations are addressed so that the reader can recognize what goals these organizations believe are important in the early years Thorough in its coverage the text speaks to children with special needs and cultural diversity leaving the reader with the most complete information regarding arts in the young child's learning environment Differentiating for the Young Child Joan Franklin Smutny, S.E. von Fremd, 2010 Praise for the first edition Smutny and von Fremd's very special talent is in helping adults nurture and cherish the creativity and learning joy that is so intrinsic in young children Susan Winebrenner Author and Staff Development Specialist Education Consulting Service Inc The authors use teacher voices classroom stories and solid foundations to guide the reader's thinking Practical examples and specific guidelines make the book very useful without resorting to templates or gimmicks Carol Ann Tomlinson Professor University of Virginia Praise for the second edition Using the ideas presented in this book make teaching and learning more personalized and exciting for both teachers and their students This book provides a breath of fresh air for the teaching profession Carole S Campbell Educator Higher Ground Educational Consulting This book is chock full of great examples and classroom applications providing specific guidance and clear headed advice Nancy H McDonough Second Grade Teacher Walter Stillman School Tenaflly NJ Meet the highly diverse needs of primary students with these differentiated teaching strategies Every student who walks through the classroom door brings special gifts to the learning table Differentiating for the Young Child helps primary teachers value and support the unique experiences and learning styles of diverse young learners Joan Franklin Smutny and S E von Fremd offer strategies and methods for promoting creative thinking and intellectual discovery across key discipline areas They also tackle issues relating to underserved students and discuss differentiated technology use Revised to make differentiated learning easier this second edition Includes new charts with high to low preparation strategies for differentiating lessons in math science social studies and language arts Presents new focus questions to help teachers clarify their own priorities and target student needs efficiently Offers Web sites for further reference Because the primary grades influence all the years that follow this

resource helps early childhood and primary teachers use creative differentiated teaching strategies to meet the individual learning needs of all young children and encourage their future academic success *Creative Thinking and Arts-based Learning* Joan P. Isenberg, Mary Renck Jalongo, 2006 Creative Thinking and Arts Based Learning prepares preservice and inservice teachers to know why children's creative thinking and play are so important, know about children's play and creative thinking and also know how to provide these experiences within the curriculum. It contains extensive coverage of the roles, responsibilities, and strategies that lead to a more child-centered, play-based curriculum. An Applied Approach Many instructional guidelines and classroom strategies are presented throughout the text for integrating creative thinking and play into learning. Cases about preschoolers, K-2nd graders, and 3rd-4th graders open each chapter and show readers how teachers infuse the arts into learning. Meeting Standards This new feature discusses how to provide for creativity in classrooms while also meeting state and national standards. Frequently Asked Questions Another new feature poses common questions about issues such as what materials and resources to use, how to adapt environments for diverse learners, and how to foster and assess creative thought. Misconceptions are dispelled with research-based answers. A Theoretical Approach Solid theory underlies all of the content. The authors' experience as university professors and practitioners is evident in their clear presentation of relevant theory. A Reflective Approach Teacher's Reflections in each chapter tell readers what other preservice and inservice teachers are thinking and doing in their classrooms relative to their experiences with the arts.
