Alexandre And Simone The Two Musketeers:

Alexandre and Simone, the Two Musketeers Marilyn Ekdahl Ravicz, 2005-01-31 Among the many mysteries of life is a curious one which some people come to sense in themselves an odd but compelling feeling of relationship to someone from another time place and maybe another sex This peculiar feeling as reported by those who experience it makes us wonder about the basic nature of any assumed relationship which traverses space and time Is it real Can relationships traverse time and space Or are such intimations simply odd reflections or symbols of convergent personal interests which animate us to act in patterned ways Or do they verge on being like actual Doppelgangers repeated embodiments of energy which are transformed into so many patterns through time that inevitably repetitions occur which draw persons together The novel Alexandre and Simone The Two Musketeers makes no attempt to answer these unanswerable questions but chips away at the fundamentals of the idea that shared human patterns and values can and do transverse time and geography to be repeatedly embodied Every life no matter how simple has drama and sometimes the drama resembles a replay of previous lives whether this idea is recognized and accepted or not Those of like interests are drawn to one another across time The two main characters of the novel include Alexandre Dumas the famous writer and passionate rake who lived in late revolutionary France and Simone Dahlgren a passionate young California scholar dedicated collector and dealer in fine antiquarian books artists books and manuscripts These two characters share parallel interests flaws and compelling obsessions which are expressed differently but which also converge seem similar conflict and ultimately cause pain as well as great joy Alexandre a prodigious word master and extravagant lover of the arts food and women stalks through his life like a Titan of verbal expression and flaming erotic passions Simone whose passions include art and words in literature shares many of Alexandres peculiar obsessions and yes some of the same flaws Both are extravagant intelligent but generally non reflective about themselves and thus lack personal insight They are profligate with money but generous and basically loving even when stubbornly foolish But most of all they love words often reducing and deflecting life experiences and problems into mere words and aesthetic satisfactions Words in one form or another occupy their days and shape their struggles and relationships Alexandres compulsive writing is fed by two linked drives the need to earn money and his intrinsic obsession to spill words into tales and romantic dramas about acts of derring do and erotic passion Simones compulsive word orientation provides escape from personal chaos through aesthetic and intellectual satisfaction and feeds her depleted finances at the same time She becomes a fine art and antiquarian book dealer collector The sum of these ingredients creates curious emotional joys and quandries as they both fall on the sword of frustrated love tragedy failure and even success Alexandre rushes through life writing and loving day and night and acting in ways which require exile to escape political censure But he finds that his travels are shadowed by murders even in that haven for political refugees Switzerland He cannot escape his obsessions which entrap him in plots of eruptive social and political change wherever he travels Indeed in spite of his fertile imagination

in creating and resolving plots he is only able to discover the murderer of his best friends at the point of a pistol aimed at him Alexandres travels love affairs his wild imagination and political dedications are reflected in his written dramas and novels which continue to thrill readers with their romantic escapades long after his death Oddly most of his problems and their solutions emanated from his passionate dedication to written or spoken words As such his legacy Alexandria Marilyn Ekdahl Ravicz,2009-06

The Black Musketeer Eric Martone,2011-05-25 Alexandre Dumas author of The Three Musketeers The Count of Monte Cristo and The Man in the Iron Mask is the most famous French writer of the nineteenth century In 2002 his remains were transferred to the Panth on a mausoleum reserved for the greatest French citizens amidst much national hype during his bicentennial Contemporary France struggling with the legacies of colonialism and growing diversity has transformed Dumas grandson of a slave from St Domingue now Haiti into a symbol of the colonies and the larger francophone world in an attempt to integrate its immigrants and migrants from its former

Caribbean African and Asian colonies to improve race relations and to promote French globality Such a reconception of Dumas has made him a major figure in debates on French identity and colonial history Ten years after Dumas's interment in the Panthéon the time is ripe to re-evaluate Dumas within this context of being a representative of la Francophonie The French re-evaluation of Dumas therefore invites a reassessment of his life works legacy and previous scholarship This interdisciplinary collection is the first major work to take up this task It is unique for being the first scholarly work to bring Dumas into the center of debates about French identity and France's relations with its former colonies For the purposes of this collection to analyze Dumas in a francophone context means to explore Dumas as a symbol of a French culture shaped by and inclusive of its former colonies and current overseas departments The seven entries in this collection which focus on providing new ways of interpreting *The Three Musketeers* *The Man in the Iron Mask* *The Count of Monte Cristo* and *Georges* are categorized into two broad groups The first group focuses on Dumas's relationship with the francophone colonial world during his lifetime which was characterized by the slave trade and provides a postcolonial re-examination of his work which was impacted profoundly by his status as an individual of black colonial descent in metropolitan France The second part of this collection which is centered broadly around Dumas's francophone legacy examines the way he has been remembered in the larger French speaking postcolonial world which includes metropolitan France in the past century to explore questions about French identity in an emerging global age
