"Speak when you're spoken to!" the Queen sharply interrupted her.

"But if everybody obeyed that rule," said Alice, who was always ready for a little argument, "and if you only spoke when you were spoken to, and the other person always waited for you to begin, you see nobody would ever say anything, so that——"

²⁰⁴ In "summing back" to the Red Queen, Alice has substantially assumed the role of Queen—at their first meeting in Chapter II, she would never have dared to argue back in this way.
