A Galaxy of Strangers Lloyd Biggle, Jr., 2001-06-01 Eight science fiction stories by a master of the genre

The World Menders Lloyd Biggle, 1971-01-01 While on a routine assignment, Cultural Survey trainee Cedd Ferrari realizes that the prosperous civilization of the RASCZ is sustained on the slavery of a race of slaves called the OLZ. He dedicates himself to the liberation of the OLZ and finds himself involved in a very strange rebellion

This Darkening Universe Lloyd Jr. Biggle, 1975-12-01 Sweeping through the Small Magellanic Cloud, leaving a trail of ravished worlds and destroyed civilization is the Udef, the Unidentified Death Force. The best scientific minds of two galaxies can make nothing of it. The Udef is invisible. No scientific instrument can detect its presence. The only marks of its passing are the screams of its victims and the piles of dead left in its wake. Momentarily safe on the world of Montura, Jan Darzek's strategy against the Udef falters. He and his assistant Effie have been ordered there by a supreme computer that isn't telling why. There is nothing to do on Montura but frantically wheel and deal in its spectacular interworld trading market. Supreme has also sent a perplexed Dr. Malina Darr from Earth, whose apparent purpose is to cure an unknown disease in an alien life form no one has ever seen. The three of them must contend with a mad mixture of Montura's mysterious race of natives, the melange of self-serving life forms in the marketplace, and the Kloatraz, the universe's strangest living computer, while the Udef comes ever closer to wiping out every intelligent life form in the universe. Somehow it must be stopped before no one is left to fight it.

Watchers of the Dark Lloyd J. Biggle, 1996-12-01 Sinister invisible forces of a secret mental weapon, known only as The Dark, are threatening the entire Primores galaxy, several transmitting leaps away from Earth. By the time a bizarre Mr. Smith comes to detective Jan Darzek's New York office, whole planets have been laid waste. Darzak is offered a million dollars by

Smith to accept a job that will almost certainly be fatal identify the incredible power that is about to overwhelm the few remaining planets in the beleaguered galaxy so that these worlds might somehow halt the rampage A superb science fiction novel by a master of the genre **I Have This Nifty Idea...Now What Do I Do with It?** Mike Resnick,2001-01-01 This book contains outlines for science fiction and fantasy novels which real authors new and old used to sell their books to major publishing companies Includes work by Robert Silverberg David Brin Joe Haldeman Mike Resnick Robert J Sawyer Barry N Malzberg and many more The Year's Best Science Fiction: Sixteenth Annual Collection Gardner Dozois,1999-07-30 The past through tomorrow are boldly imagined and reinvented in the twenty five stories collected in this showcase anthology Many of the field s finest practitioners are represented here along with stories from promising newcomers including William Barton Rob Chilson Tony Daniel Cory Doctorow Jim Grimsley Gwyneth Jones Chris Lawson Ian McDonald Robert Reed William Browning Spencer Allen Steele Michael Swanwick Howard Waldrop Cherry Wilder Liz Williams A useful list of honorable mentions and Dozois s insightful summation of the year in sf round out this anthology making it indispensable for anyone interested in SF today The Writers Directory 2008 Michelle Kazensky,2007-06 Features bibliographical biographical and contact information for living authors worldwide who have at least one English publication Entries include name pseudonyms addresses citizenship birth date specialization career information and a bibliography **Writers Directory M-Z** Miranda Herbert Ferrara,2004-06 This comprehensive resource features up to date bibliographical biographical and contact information for approximately 20 000 living authors worldwide who have at least one English publication Entries typically include name pseudonyms addresses citizenship birth date specialization career information and a bibliography Contact information includes e mail addresses where available **The Year's Best Science Fiction: Fifteenth Annual Collection** Gardner Dozois,1998-05-15 Gardner Dozois science fiction s foremost editor consistently selects the field s best work each year with this showcase anthology This year s collection presents sterling short stories from veterans and newcomers alike including Stephen Baxter Alan Brennert Carolyn Ives Gilman James Patrick Kelly Geoffrey A Landis Paul J McAuley Robert Reed William Sanders Howard Waldrop and many others Rounded out with Dozois s insightful Summation of the Year in SF and a long list of Honorable Mentions this anthology is the book for every science fiction fan **The Year's Best Science Fiction** ,1998 **Contemporary Authors** Scot Peacock,Terrie M.
