*Hidden Island Secrets* Jasper Holt, 2025-04-03 Hidden Island Secrets explores

the enigmatic histories of the world's most remote and isolated islands revealing forgotten civilizations and unusual governance structures. These isolated outposts, often shrouded in mystery, serve as microcosms of human history, highlighting patterns of exploration, adaptation, and societal development. The book delves into archaeological discoveries and historical records, piecing together fragmented stories of islands whose origins challenge established historical narratives. The book examines islands with unique legal systems and social structures, demonstrating the human capacity for resilience and innovation under unconventional circumstances. For instance, it explores self-declared republics and communities with unique interpretations of international law, offering insights into alternative forms of governance. Structured in three parts, it begins by introducing key concepts, then examines specific case studies, before drawing conclusions about the broader significance of island studies in understanding human history. Through a comparative approach, *Hidden Island Secrets* juxtaposes islands from different regions and historical periods, identifying common themes and divergent patterns. This interdisciplinary analysis, drawing from history, anthropology, and geography, enriches the understanding of island societies and their interaction with the wider world. The book provides a captivating and evidence-based analysis appealing to those interested in history, travel, and world cultures.

**Japanese Mingei Folk Crafts** Manami Okazaki, 2024-07-30 In an age when so much of our time is spent staring at screens, it is easy to understand why the warmth, intimacy, and idiosyncrasies of hand craftsmanship should seem alluring. The term *Mingei* describes useful, unobtrusive, beautifully crafted objects. Alice Rawsthorn, *The New York Times*. The *Mingei Folk Crafts* movement, founded by philosopher and art historian Soetsu Yanagi and potters Hamada Shoji and Kawai Kanjiro in the early 20th century, celebrates the utilitarian designs in functional objects handcrafted by village artisans throughout Japan. This book offers an illustrated guide to Japan's rich folk craft traditions and shows why the *Mingei* philosophy is even more relevant today than it was a century ago. Folk crafts have become associated with the Slow Life movement and the *Wabi Sabi* philosophy, which values simple and imperfect items above the bright and shiny mass-produced objects of our modern culture. This book introduces 34 fascinating Japanese folk craft traditions, ranging from popular, widely known ones to many lesser-known crafts that are equally exquisite but rarely seen. The crafts covered here include Aizome (hand-dyed indigo textiles) which use the leaves of the indigo plant to produce a rich, deep blue color; Bizen, the unique unglazed pottery with an earthy, rustic appearance and simple, charming designs; Chochin (lanterns) made of handmade washi paper stretched over a bamboo frame, found outside restaurants and temples, including the famous example at the entrance to Tokyo's Sensoji Temple; Edo Furin (wind chimes) made of delicate hand-blown glass, one of the iconic symbols and sounds of the hot and humid Japanese summers; Inuharuko (papier mache toy dogs), adorable pups that have acted as good luck symbols since the Edo period; Maneki Neko (beckoning cats), one of the most popular folk crafts in Japan, with their right paw raised to bring in money and good luck; Tenugui (cloths dyed using the chusen method to provide delicate color gradations and used as kitchen cloths for wrapping or to wear as a scarf, as well as for framing, since they are so

beautiful Author Manami Okazaki describes each craft in loving detail and interviews nine talented folk artists specializing in unique crafts like Koginzashi Needlework Bingata Dyed Fabrics and Warazaiku Rice Straw Crafts This beautifully illustrated book will be treasured by folk art collectors and enthusiasts worldwide It features 400 color photographs and a comprehensive guide to buying Japanese folk crafts both inside and outside Japan Crafts for Kids Who Are Learning about Transportation Kathy Ross,2006-08-01 Hands on learning fun aimed straight at the first grade curriculum Twenty two crafts introduce transportation modes ranging from a baby carriage to a rocket ship Among the projects are a Race Car Photo Holder a Human Bulldozer a Tissue Box Bus and a Bead Train Necklace They are perfect for group classroom projects or just having fun at home Library of Congress Subject Headings Library of Congress,2010 **Crafts for Kids Who Are Learning about Community Workers** Kathy Ross,2005-08-01 A community is a lot of people working together to help each other In school you are learning about all of the things that community workers do to help you The projects in this book are all about these workers They include an Apple for the Teacher Pencil Topper a Mail Carrier Dispenser for Stamps a Sock It Away Bank a Jackhammer Puppet a Squirting Hose Puppet and even a pair of play Handcuffs So get out your scissors and paste and a few household recyclables and celebrate your community **Paperback Books for Young People** John Thomas Gillespie,1977 The History of Gauged Brickwork Gerard Lynch,2010-05-14 This book takes a look at the history and use of cut rubbed and gauged brickwork the use of tools and equipment and the differences between historic and contemporary bricks with a view to inform conservation and restoration decisions The book uses case studies from England Ireland and the US to illustrate the use of different materials and techniques on buildings ranging in age Written by Dr Gerard Lynch the leading authority in this subject area this book will be of particular interest to architectural historians architects working on historic buildings and building conservators *Harper's Young People* ,1880 *Craft Entrepreneurship* Annette Naudin,Karen Patel,2020-12-10 Craft practice has experienced a sharp rise in popularity since the late 2000s partly through the aura of the analogue and the desire for authentic handmade products in an increasingly fast paced digitalised world Luckman 2015 but also because of digital platforms such as Etsy and social media enabling anyone to become a craft entrepreneur This book brings together historical policy and individual narratives to inform a broad understanding of craft entrepreneurship Drawing on case studies from around the world Craft Entrepreneurship considers questions of identity community and the digital in craft entrepreneurship In doing so it finds craft activities to be positioned between or across the arts heritage notions of a bohemian lifestyle and the challenges of micro entrepreneurship By engaging with the contradictions and fragility of sustaining a craft practice the chapters in this book contribute to different perspectives for entrepreneurship studies The contributions to this volume illustrate the craft entrepreneurs identity motivation and sense of creative purpose through their craft as these collide with the tensions brought about through entrepreneurship **Youth, Arts, and Education** Anna Hickey-Moody,2013-02-11 How are the arts important in young

people's lives Youth Arts and Education offers a groundbreaking theory of arts education Anna Hickey Moody explores how the arts are ways of belonging resisting being governed and being heard Through examples from the United Kingdom and Australia Anna Hickey Moody shows the cultural significance of the kinds of learning that occur in and through arts Drawing on the thought of Gilles Deleuze she develops the theory of affective pedagogy which explains the process of learning that happens through aesthetics Bridging divides between critical pedagogical theory youth studies and arts education scholarship this book Explains the cultural significance of the kinds of learning that occur in and through arts Advances a theory of aesthetic citizenship created by youth arts Demonstrates ways in which arts practices are forms popular and public pedagogy Critiques popular ideas that art can be used to fix problems in the lives of youth at risk Youth Arts and Education is the first post critical theory of arts education It will be of interest to students and scholars across the social sciences and humanities in particular in the sociology of education arts education youth studies sociology of the arts and cultural studies
