Crazy Cock:

Henry Miller and Narrative Form James Decker, 2006-06-01 In this bold study James M Decker argues against the commonly held opinion that Henry Miller's narratives suffer from formlessness. He instead positions Miller as a stylistic pioneer whose place must be assured in the American literary canon. From *Moloch* to *Nexus* through such widely read texts as *Tropic of Cancer* and *Tropic of Capricorn*, Decker examines what Miller calls his spiral form, a radically digressive style that shifts wildly between realism and the fantastic. Drawing on a variety of narratological and critical sources as well as Miller's own aesthetic theories, he highlights that this fragmented narrative style formed part of a sustained critique of modern spiritual decay. A deliberate move rather than a compositional weakness, then, Miller's style finds a wide variety of antecedents in the work of such figures as Nietzsche, Rabelais, Joyce, Bergson, and Whitman, and is viewed by Decker as an attempt to chart the journey of the self through the modern city. *Henry Miller and Narrative Form* affords readers new insights into some of the most challenging writings of the twentieth century and provides a template for understanding the significance of an extraordinary and inventive narrative form.

In love with my neighbor Manuel García, 2025-09-10 Manuel García writes of men as they are: virile, silent, sometimes rough yet always capable of setting fire to desire when least expected. These stories are stripped of sentiment, rooted in real places and real encounters. Tension grows out of conflict, challenge, and the brush of skin transforming into moments charged with urgency, power, and need. This is not pornography; this is masculine eroticism, raw and unapologetic, where men desire men without restraint. The title story, *In Love with My Neighbor*, begins with anger and restlessness, a failed relationship, and the sudden arrival of new neighbors. A family from Argentina, beautiful and magnetic, but it is their son, eighteen, firm in his body yet tender in his gaze, who unsettles everything. A glance, a handshake, the scent of skin too close enough to ignite something that cannot be silenced. He stepped into the room, tall, blond, his eyes the color of the sea. Our hands met, his skin thin, warm, softer than silk, and for a second the world narrowed to that touch. His scent lingered, fresh and young but charged with something I could not name. When our gazes locked, I felt him pierce straight through me as if he already knew what I had never dared to admit. These are stories that breathe with bodies, sweat, and silence. When you close the book, you will still feel the weight of the unsaid pressing against your skin.

Crazy Cock Henry Miller, Maria Jorge de Freitas, 1991 **The Limits of Ferocity** Daniel Fuchs, 2011-05-30 A powerful critique of the revolutionary mentality and sexual aggression represented in the works of authors including D. H. Lawrence, Georges Bataille, Henry Miller, and Norman Mailer. *Henry Miller and Modernism* Finn Jensen, 2019-12-04 *Henry Miller and Modernism: The Years in Paris 1930-1939* represents a major reevaluation of Henry Miller, focusing on the Paris texts from 1930 to 1939. Finn Jensen analyzes Miller in the light of European modernism, in particular considering the many impulses Miller received in Paris. Jensen draws on theories of urban modernity to connect Miller's narratives of a male protagonist alone in a modern metropolis with his time in Paris, where he experienced a self-discovery as a writer. The book

highlights several sources of inspiration for Miller including Nietzsche Rimbaud Hamsun Strindberg and the American Transcendentalists Jensen considers the key movements of modernity and analyzes their importance for Miller studying Eschatology the Avant Garde Dada Surrealism Expressionism and Anarchism **The Antioch Review** John Donald Kingsley,1977 **Henry Miller** Lawrence J. Cerny,2017-11-14 *Dirt for Art's Sake* Elisabeth Ladenson,2012-09-24 In *Dirt for Art s Sake* Elisabeth Ladenson recounts the most visible of modern obscenity trials involving scandalous books and their authors What she asks do these often colorful legal histories have to tell us about the works themselves and about a changing cultural climate that first treated them as filth and later celebrated them as masterpieces Ladenson s narrative starts with *Madame Bovary* Flaubert was tried in France in 1857 and finishes with *Fanny Hill* written in the eighteenth century put on trial in the United States in 1966 she considers along the way *Les Fleurs du Mal* Ulysses *The Well of Loneliness* *Lady Chatterley s Lover* *Tropic of Cancer* *Lolita* and the works of the Marquis de Sade Over the course of roughly a century Ladenson finds two ideas that had been circulating in the form of avant garde heresy gradually became accepted as truisms and eventually as grounds for legal defense The first is captured in the formula art for art s sake the notion that a work of art exists in a realm independent of

conventional morality The second is realism vilified by its critics as dirt for dirt's sake In Ladenson's view the truth of the matter is closer to dirt for art's sake the idea that the work of art may legitimately include the representation of all aspects of life including the unpleasant and the sordid Ladenson also considers cinematic adaptations of these novels among them Vincente Minnelli's *Madame Bovary* Stanley Kubrick's *Lolita* and the 1997 remake directed by Adrian Lyne and various attempts to translate de Sade's works and life into film which faced similar censorship travails Written with a keen awareness of ongoing debates about free speech *Dirt for Art's Sake* traces the legal and social acceptance of controversial works with critical acumen and delightful wit

A Mirror in the Roadway Morris Dickstein,2021-08-10 In a famous passage in *The Red and the Black* the French writer Stendhal described the novel as a mirror being carried along a roadway In the twentieth century this was derided as a naive notion of realism Instead modern writers experimented with creative forms of invention and dislocation Deconstructive theorists went even further questioning whether literature had any real reference to a world outside its own language while traditional historians challenged whether novels gave a trustworthy representation of history and society In this book Morris Dickstein reinterprets Stendhal s metaphor and tracks the different worlds of a wide array of twentieth century writers from realists like Theodore Dreiser Sinclair Lewis Edith Wharton and Willa Cather through modernists like Franz Kafka and Samuel Beckett to wildly inventive postwar writers like Saul Bellow G nter Grass Mary McCarthy George Orwell Philip Roth and Gabriel Garc a M rquez Dickstein argues that fiction will always yield rich insight into its subject and that literature can also be a form of historical understanding Writers refract the world through their forms and sensibilities He shows how the work of these writers recaptures yet also transforms the life around them the world inside them and the universe of language and feeling they share with their readers Through lively and incisive essays directed to general readers as well as students of literature Dickstein redefines the literary landscape a landscape in which reading has for decades been devalued by society and distorted by theory Having begun with a reconsideration of realism the

book concludes with several essays probing the strengths and limitations of a historical approach to literature and criticism

Henry Miller and Religion Thomas Nesbit, 2012-12-06 This study argues that this previously banned author devoted his entire life to articulating a religion of self liberation in his autobiographical books examining his life and work within the context of fringe religious movements that were linked with the avant garde in New York City and Paris at the first of the 20th century This study shows how these transatlantic movements including Gurdjieff Rosicrucianism and Theosophy gave him the hermeneutical devices not to mention the creative license to interpret texts and symbols from mainline religions in an iconoclastic manner ranging from obscure Taoist treatises to the mystical works of Jacob Boehme The influence of numerous philosophical sources widely circulated in his most critical years particularly Henri Bergson s *Two Sources of Morality and Religion* 1932 also helped him develop a religious view situated between transcendence and immanence in which self liberation through the channeled flow of *lan vital* is the chief objective Miller s knowledge of these intellectual currents along with his involvement with sidestream religious groups inspired him to meld his religious and literary aims into one perplexing project
