Gentle Shepherding Joseph Earl Bush, 2012-11 Named One of the Top Ten Books for Parish Clergy for the year 2006 by the Academy of Parish Clergy Gentle Shepherding offers a rare balance in an introduction to pastoral ethics one that identifies deeply with the pastoral vocation and brings it into conversation with a developed body of ethical theory The goal of the book is to equip seminarians and pastors with conceptual resources for clarifying moral responsibility in the practice of ministry This responsibility includes three levels the minister as a moral agent in offering care the minister as a moral enabler in encouraging virtue in others and the minister as a moral leader in facilitating congregational life and witness in society Helping ministers and seminarians to think anew about their responsibilities and the moral quandaries in pastoral practice Gentle Shepherding integrates theory with practice providing case material for further reflection and discussion and at least one case study or exercise associated with each chapter

HEALTHY CHURCHES Kieran Beville,2014-12-10 In an age obsessed with physical and psychological health the author emphasizes the importance of spiritual well being as an essential element of holistic health for the individual Christian and for Christian communities This work constitutes a template for a spiritual audit of the local church It offers an appointment with the Great Physician that no Christian can afford to ignore Developing Healthy Churches A Case Study in Revelation begins with a well researched outline of the origins and development of the church health movement With that background in mind the author aware that throughout the history of the church there have been a number of diverse views about how Revelation ought to be interpreted presents the reader with four distinct interpretive models These are the idealist preterist historicist and futurist Beville explains these interpretive approaches simply and critiques them fairly Revelation is a complex but intriguing book which presents seven letters to the churches of Asia Minor However this easy to read work will take readers to the heart of the matter by taking them to the heart of Jesus The historical and cultural background provides fascinating insights to the meaning of Christ s words to those churches then and to all churches now The author elicits essential application for the church today He presents timeless and timely truths in a fresh and forthright manner The reader is informed about issues of particular historical significance in a way that has contemporary resonance Here is a work that cautions about complacency confronts compromise and challenges the carnality of Christians in contemporary culture Beville tells us not only what Jesus desires from his disciples but also what He demands Thus this work presents uncomfortable truth for comfortable churches because it allows the voice of Jesus to be heard with clarity amongst the clamor of church activity Christians who want to restore their vision and vigor will find this book immensely profitable **Living Devotions** Mary

Clark Moschella,2008-01-01 Living Devotions explores how a particular community has creatively negotiated its religious bonds of connection in the context of immigration These matters cannot be studied in the abstract Religious practice is not something separate from the economic cultural and psychological dimensions of life but rather something integral which shapes and is being shaped by all of these other realities The author examines these dynamics through an ethnographic case study of the living devotions of a group of Italian Catholic immigrants to San Pedro California The narrative describes how the group s historical experiences of immigration and fishing find expression in their particular forms of prayer art artifacts and food The healing and transformative power of these shared religious practices is explored As contemporary theologians pastors and congregations seek to welcome and care for immigrants and other strangers in a shifting social landscape we need ways to engage in care full and attentive relationships The ethnographic method employed here suggests a way to lift up the voices of ordinary people allowing them to tell their own stories while piecing together emerging bits of theological

wisdom and compelling care practices While the particular insights of any community are situated and specific theological reflection in one context can animate a broader discussion of transformative pastoral theology and practice Technology, Management and the Evangelical Church John Weaver, 2020-04-16 This book explores the technological innovations and management practices of evangelical Christian religions Beginning from the late 19th century the author examines the evangelical church's increasing appropriation of business practices from the secular world as solutions to organizational problems He notes especially the importance of the church growth movement and the formation of church networks Particular attention is paid to the history of evangelical uses of computer technology including connections the Christian Right has made within Silicon Valley Most significantly this book offers one of the first academic explorations of the use of cybernetics systems theory and complexity theory by evangelical leaders and management theorists *Couples in Conflict* Ronald W. Richardson, 2010-10 *Couples in Conflict* describes the nature of the emotional processes leading to difficulties and how a minister counselor can be a resource to help couples in conflict The minister counselor will be able to help them improve their lives personally as well as their relationship and family life By extension couples will also develop skills that will improve their work life and their life in community The book provides practical and specific approaches to helping these couples and the issues that a minister must deal with in order to be useful to them Resurrecting Church John Cleghorn, 2021-03-02 *Resurrecting Church* interweaves three strands First it is the remarkable turnaround story of Caldwell Presbyterian Church which was on the edge of extinction when author John Cleghorn filled the role of pastor Second Cleghorn tells the story of his own growth and liberation from the myopia of privilege Cleghorn traded his position as senior vice president of the nation's largest bank for ministry and the dusty and dated church office at Caldwell Presbyterian The third strand includes the stories of several diverse congregations researched by the author These congregations are examples of faith communities that have taken risks deepening empathy and seeking justice Through these stories the book updates the same old conversation about church vitality in timely and surprising ways Cleghorn raises these important questions Can churches survive even be resurrected at the intersections of race sexuality class and faith background Can congregations be liberated by rebuilding around those on the margins who have been wounded by church As more US cities become majority minority the mainline church remains stubbornly white and homogeneous Church leaders and thinkers are seeking ways to build more racial diversity and radical welcome This book provides hope and practical examples of how this can happen Cleghorn declares God is doing what Isaiah calls a new thing in congregations where multiple types of diversity intersect erecting spiritual hospitals for the wounded and marginalized For the church these intersections provide both a current lens of self examination and avenues to growth in faith With stories people profiles and insights from their leaders and members this book breaks new ground with practical learning and lessons drawn from original research and the lived experience of intersectional churches across the US **Face to Face, Volume One** Marty Folsom, 2013-07-29 *Face to Face*

is about personal relationships Everyone talks as though they want one but most of us are missing the strategies to live with this intimacy especially with God This book is an invitation to explore the ah ha moments of a theologian who believes that theology should be practical and speak to where we live Drawing from years of study in theology biblical studies counseling and addiction therapy this book is a creative conversation about what is missing in our most important element in life our relationships Its simplicity does not diminish its depth in penetrating some of the most complex questions of our age

Crossroads Robert J. A. Doornenbal, 2012 *When Christ's Body Is Broken* Leanna K. Fuller, 2016-03-03 *When Christ's Body Is Broken* tells the stories of two congregations in conflict Although these churches had very different problems they faced similar struggles to articulate a faithful response to their concerns and to cope with the discord that threatened to tear their communities apart Pastoral theologian Leanna K Fuller shares these stories as a way of exploring the sources and dynamics of conflict in congregations She argues that at the heart of such conflict lies anxiety triggered by encounters with difference Bringing together resources from pastoral theology psychodynamic theory and social psychology Fuller offers a theological reframing of conflict through categories of diversity vulnerability and hospitality categories that she argues can encourage human beings to sit with the anxiety stirred by communal life and remain connected across differences This reframing provides fertile ground out of which Fuller imagines concrete practices designed for conflicted communities and their leaders

A Tale of Two Churches Troy D. Ehlke, 2012-03-20 *A Tale of Two Churches* examines the complexities of resurrecting a congregation postmortem While conflict is a natural occurrence in all communities it can lead to organizational implosion The warning signs become blaring sirens when mistrust goes viral rumors escalate uncontrolled and the people discontinue their participation Pastor Ehlke attempts to generate new life in the corpse of a dying church through means of spiritual transformation Using the Scripture as a guidepost for reform the pastor starts a small group designed for the sole purpose of loving the people Trusting this will spark a revolution of compassion the leadership embarks on breathing new life into a community declared all but dead by many in observance Having worked at St John Lutheran Church in Winter Park perhaps this paradigm will breathe life into other faith communities who are staring into the darkness of death

Furr,2020-10-06 Bold transformation is needed in many of the congregations that cover the American landscape argue Jim Herrington Mike Bonem and James H Furr authors of Leading Congregational Change A Practical Guide for the Transformational Journey Drawing on their more than one hundred years of combined experience in a wide variety of church related positions and a deep commitment to the biblical role of the local church the authors present practical and concrete principles and concepts applicable across a broad spectrum of congregations Leading Congregational Change presents a simple memorable and transferable framework along with principles of congregational transformation such as God s call for transformation the central role of spiritual vitality the sequential nature of effective change and the learning disciplines

Illustrations and action items offer adaptable suggestions and starting points for discussion Leading Congregational Change is designed primarily for pastors and other congregational leaders who sense that things are not just fine in their churches and realize that deep change is needed Judicatory staff and church consultants will also find the model for congregational transformation helpful Individual ministries within a congregation new congregations and parachurch organizations can also use it to facilitate their own transformation A church will grow when it understands and is genuinely committed to demonstrating and sharing the gospel in relevant ways Growth will be manifested in the deeper commitment of its members And more people in the community will hear God s call and become faithful disciples of Christ Leading Congregational Change is a wise and faithful guide for the journey toward such transformation *Identity Crisis* Dr. Bobby M. Wagner, 2016-06-29 THIS IS THE BEST WAY TO EXPERIENCE ALL YOU WERE CREATED FOR In Identity Crisis you will find power and purpose by putting your faith in the One who can transform your identity Even in crisis He can do far beyond anything you can imagine What s the greatest crisis in our world today Dr Bobby Wagner contends it is our inability to believe in the power of God in our lives Is it possible to read the Bible and believe God does not work powerfully through His people Our miraculous identity in Christ has not ceased our faith in it has It seems we are losing our faith in our God given identity in the Bible in the church and in our world A dramatic transformation takes place when you believe in the power of the Gospel As our unbelief continues one more person misses the Good News As a result of the nearly 75 million Americans who have trusted Jesus Christ for salvation more than 70 million have never shared the Good News In a postmodern and post Christian culture in the midst of a crisis of unbelief the only way souls will be touched is if God s people become witnesses of the power of the Gospel
