## **Creating Economic Order Recordkeeping Standardization And The Development Of Accounting In The A:**

Creating Economic Order Michael Hudson, Cornelia Wunsch, Institute for the Study of Long-Term Economic Trends, 2004-01-01 The fourth volume in a series sponsored by the International Scholars Conference of Ancient Near Eastern Economies ISCANEE and the Institute for the Study of Long Term Economic Trends ISLET addresses the extent to which accounting practices actively shaped economic life This volume traces the aims and functions of accounting practices from early Uruk c 3300 B C down through the Neo Babylonian period as well as Egyptian practice Described are the accounting techniques that diffused from Sumer eastward to the Iranian plateau and to the northwest up the Euphrates through Syria and across the Mediterranean to Crete and Mycenaean Greece BOOK JACKET Handbook of Accounting in Society Hendrik Vollmer, 2024-05-02 The Handbook of Accounting in Society invites readers to consider the ways in which accounting affects organizations institutions communities professions and everyday life Diverse in its reach this Handbook campaigns for the need to reconsider our understanding of what accounting is and crucially what it can become The Oxford Handbook of Cuneiform Culture Karen Radner, Eleanor Robson, 2011-09-22 An authoritative guide to the Ancient Middle East as seen through the lens of cuneiform writing the writing system of ancient Mesopotamia Written by a team of international scholars with chapter bibliographies and numerous illustrations the Handbook is a state of the art guide to the discipline as well as offering pathways for future research **History, Texts and Art in Early Babylonia** Piotr Steinkeller, 2017-06-12 These essays represent a summation of Piotr Steinkeller s decades long thinking and writing about the history of third millennium BCE Babylonia and the ways in which it is reflected in ancient historical and literary sources and art as well as of how these written and visual materials may be used by the modern historian to attain if not a reliable record of histoire v nementielle a comprehensive picture of how the ancients understood their history The book focuses on the history of early Babylonian kingship as it evolved over a period from Late Uruk down to Old Babylonian times and the impact of the concepts of kingship on contemporaneous history writing and visual art Here comparisons are drawn between Babylonia and similar developments in ancient Egypt China and Mesoamerica Other issues treated is the intersection between history writing and the scholarly lexical and literary traditions in early Babylonia and the question of how the modern historian should approach the study of ancient sources of historical nature Such a broad and comprehensive overview is novel in Mesopotamian studies to date As such it should contribute to an improved and more nuanced understanding of early Babylonian history The Farhud Edwin Black, 2010-11-16 The Nazis needed oil The Arabs wanted the Jews and British out of Iraq The Mufti of Jerusalem forged a far ranging alliance with Hitler resulting in the June 1941 Farhud a Nazi style pogrom in Baghdad that set the stage for the devastation and expulsion of the Iraqi Jews and ultimately almost a million Jews across the Arab world The Farhud was the beginning of what became a broad Nazi Arab alliance in the Holocaust Ur III Texts in the Schøyen Collection Jacob L. Dahl, 2020-07-06 Judging from the sheer amount of textual

material left to us the rulers of ancient Ur were above all else concerned with keeping track of their poorest subjects who made up the majority of the population under their jurisdiction Year after year administrators recorded in frightening detail the whereabouts of the poorest individuals in monthly and yearly rosters assigning tiny parcels of land to countless prebend holders and starvation rations to even more numerous estate slaves The texts published in this volume dating from the time of the Third Dynasty of Ur ca 2100 2000 BC attest to the immense investment of the ancient rulers in managing their subjects This volume presents editions of two hundred and twenty four cuneiform tablets selected from the Sch yen Collection the vast majority of which have not been previously published The ancient provenience for these texts is primarily Umma with other core provinces represented in smaller numbers such as notable contributions from ancient Adab which is underrepresented in the published record In order to provide a fuller picture of the administration of the Ur III state a number of texts from other collections both published and unpublished have been integrated into this volume Accompanied by Jacob L Dahl s precise translations extensive commentary and exhaustive indexes this volume presents extensive new data on prosopography economy accounting procedures letters contracts technical terminology and agriculture that adds significantly to our knowledge of society and the economy during the Third Dynasty of Ur An important contribution to the study of the Ur III period in particular for Assyriology this volume will serve as a useful handbook for scholars and students alike

**Ritual Failure** Vasiliki G. Koutrafouris,Jeff Sanders,2013-12-31 Ritual Failure is a new concept in archaeology adopted from the discipline of anthropology Resilient religious systems disappearing strict believers and faithful practitioners not performing their rites entire societies changing their customs how does a religious ritual system transform change or disappear leaving only traces of its past glory Do societies change and then their ritual Or do customs change first in turn provoking wider cultural shifts in society Archaeology possesses the tools and methodologies to explore these questions over the long term from the emergence of a system to its peak and then its decay and disappearance and in relation to wider social and chronological developments The collected papers in this book introduce the concept of ritual failure to archaeology The analysis explores ways in which ritual may have been instrumental in sustaining cultural continuity during demanding social conditions or how its functionality might have failed resulting in discontinuity change or collapse The collected papers draw attention to those turbulent social times of change for which ritual practices are a sensitive indicator within the archaeological record The book reviews archaeological evidence and theoretical approaches and suggests models which could explain socio cultural change through ritual failure The concept of ritual failure is also often used to better understand other themes such as identity and wider social economic and political transformations shedding light on the social conditions that forced or introduced change This book will engage those interested in ritual theory and practices but will also appeal to those interested in exploring new avenues to understanding cultural change From transformations in the use of ritual objects to the risks inherent in practicing ritual from ritual continuity in customs to sudden and profound change from the Neolithic Near East to Roman Europe and Iron Age Africa this book explores what happens when ritual fails

**Personal Names in Cuneiform Texts from Babylonia (c. 750-100 BCE)** Caroline Waerzeggers,Melanie M. Groß,2024-01-18 Personal names provide fascinating testimony to Babylonia s multi ethnic society This volume offers a practical introduction to the repertoire of personal names recorded in cuneiform texts from Babylonia in the first millennium BCE In this period individuals moved freely as well as involuntarily across the ancient Middle East leaving traces of their presence in the archives of institutions and private persons in southern Mesopotamia The multilingual nature of this name material poses challenges for students and researchers who want to access these data as part of their exploration of the social history of the region in the period This volume offers guidelines and tools that will help readers navigate this difficult material The title is also available Open Access on Cambridge Core

**The Making of a Scribe** Robert Middeke-Conlin,2020-03-11 This book presents a novel methodology to study economic texts The author investigates discrepancies in these writings by focusing on errors mistakes and rounding numbers In particular he looks at the acquisition use and development of practical mathematics in an ancient

society The Old Babylonian kingdom of Larsa beginning of the second millennium BCE Southern Iraq In so doing coverage bridges a gap between the sciences and humanities Through this work the reader will gain insight into discrepancies encountered in economic texts in general and rounding numbers in particular They will learn a new framework to explain error as a form of economic practice Researchers and students will also become aware of the numerical and metrological basis for calculation in these writings and how the scribes themselves conceptualized value This work fills a void in Assyriological studies It provides a methodology to explore understand and exploit statistical data The analysis also fills a void in the history of mathematics by presenting historians of mathematics a method to study practical texts In addition the author shows the importance mathematics has as a tool for ancient practitioners to cope with complex economic processes This serves as a useful case study for modern policy makers into the importance of education in any economy

**Mathematics in Ancient Iraq** Eleanor Robson, 2020-06-30 This monumental book traces the origins and development of mathematics in the ancient Middle East from its earliest beginnings in the fourth millennium BCE to the end of indigenous intellectual culture in the second century BCE when cuneiform writing was gradually abandoned Eleanor Robson offers a history like no other examining ancient mathematics within its broader social political economic and religious contexts and showing that mathematics was not just an abstract discipline for elites but a key component in ordering society and understanding the world The region of modern day Iraq is uniquely rich in evidence for ancient mathematics because its prehistoric inhabitants wrote on clay tablets many hundreds of thousands of which have been archaeologically excavated deciphered and translated Drawing from these and a wealth of other textual and archaeological evidence Robson gives an extraordinarily detailed picture of how mathematical ideas and practices were conceived used and taught during this period She challenges the prevailing view that they were merely the simplistic precursors of classical Greek mathematics and explains how the prevailing view came to be Robson reveals the true sophistication and beauty of ancient Middle Eastern mathematics as it evolved over three thousand years from the earliest beginnings of recorded accounting to complex mathematical astronomy Every chapter provides detailed information on sources and the book includes an appendix on all mathematical cuneiform tablets published before 2007

*A Companion to the Achaemenid Persian Empire, 2 Volume Set* Bruno Jacobs, Robert Rollinger, 2021-08-31 A COMPANION TO THE ACHAEMENID PERSIAN EMPIRE A comprehensive review of the political cultural social economic and religious history of the Achaemenid Empire Often called the first world empire the Achaemenid Empire is rooted in older Near Eastern traditions A Companion to the Achaemenid Persian Empire offers a perspective in which the history of the empire is embedded in the preceding and subsequent epochs In this way the traditions that shaped the Achaemenid Empire become as visible as the powerful impact it had on further historical development But the work does not only break new ground in this respect but also in the fact that in addition to written testimonies of all kinds it also considers material tradition as an equal factor in historical reconstruction This comprehensive

two volume set features contributions by internationally recognized experts that offer balanced coverage of the whole of the empire from Anatolia and Egypt across western Asia to northern India and Central Asia Comprehensive in scope the Companion provides readers with a panoramic view of the diversity richness and complexity of the Achaemenid Empire dealing with all the many aspects of history event history administration economy society communication art science and religion illustrating the multifaceted nature of the first true empire A unique historical account presented in its multiregional dimensions this important resource deals with many aspects of history administration economy society communication art science and religion it deals with topics that have only recently attracted interest such as court life leisure activities gender roles and more examines a variety of available sources to consider those predecessors who influenced Achaemenid structure ideology and self expression contains the study of *Nachleben* and the history of perception up to the present day offers a spectrum of opinions in disputed fields of research such as the interpretation of the imagery of Achaemenid art or questions of religion includes extensive bibliographies in each chapter for use as starting points for further research devotes special interest to the east of the empire which is often neglected in comparison to the western territories Part of the acclaimed Blackwell Companions to the Ancient World series A Companion to the Achaemenid Persian Empire is an indispensable work for students instructors and scholars of Persian and ancient world history particularly the First Persian Empire Aršāma and His World Christopher Tuplin, John Ma, 2020 The first of three volumes offering a detailed presentation of a set of letters associated with Ars ma satrap in Egypt in the later fifth century BC and the bullae that sealed them This volume provides text and translation of the letters along with appendices detailing Egyptian and Akkadian documents that refer to Ars ma

**Introducing Money** Mark Peacock, 2013-10-28 This book provides a theoretical and historical examination of the evolution of money It is distinct from the majority of economic approaches for it does not see money as an outgrowth of market exchange via barter Instead the social political legal and religious origins of money are examined The methodological and theoretical underpinning of the work is that the study of money be historically informed and that there exists a state theory of money that provides an alternative framework to the orthodox view of money's origins The contexts for analysing the introduction of money at various historical junctures include ancient Greece British colonial dependencies in the nineteenth and early twentieth century and local communities which introduce alternative currencies The book argues that although money is not primarily an economic phenomenon associated with market exchange it has profound implications amongst others economic implications for societies and habits of human thought and action
