## Creating The New World:

Creating a World That Works for All Sharif Abdullah, 1999-06-01 Improve your relationships with others and help make the world a better place with this guide to changing your mindset to embrace inclusivity Sharif Abdullah writes We live in a world that works for only a few The problem he asserts is exclusivity the fundamental belief that we are separate from one another By practicing exclusivity we have created a soul starved society We suffer both personally and as a society from complex interlocking problems so intense that they create a deep sense of emptiness in all of us In Creating a World That Works for All Abdullah shows how we can change our world by changing our consciousness We can actually put an end to these complex problems by embracing inclusivity the realization that all of our lives are inextricably linked With a practical blueprint for this positive approach to change he reveals how to turn from a mentality that disconnects us to one that embraces the goals of restoring balance to the Earth and building community with all others Abdullah shows how this transformation to inclusivity lies at the heart of all the world's spiritual traditions Creating a World That Works for All is a wonderfully rich collection of insights analyses and possibilities It provides stimulating guidance for those of us who want to live in a world that works for all Margaret J Wheatley author of *Leadership* and the *New Science* and coauthor of *A Simpler Way* A compelling and inspirational book that ignites creativity and a renewed commitment to re dream and mend a world that works for all No other book addresses our current situation in such a thorough and practical way Angeles Arrien PhD cultural anthropologist and author of *The Four Fold War* and *Signs of Life*
