Creating Safe Space Violence And Womens Writing:

Creating Safe Space Tomoko Kuribayashi, Julie Ann Tharp, 1998-01-01 An anthology of literary essays focusing on the ways in which sexual emotional physical racial and other forms of violence have affected women artists imaginations

Transformations of Trauma in Women's Writing Laura Alexander, 2023-01-10 This volume examines the ways in which trauma alters women s identities While some of the chapters look deeply at individual experiences many of the contributions look to national traumas and the consequences of political abuses including colonial subjugation and genocide for women The book shows that language has a transformative power to change us to give us a great capacity for inner and outer dialogues and for healing and self love As shown here women have historically employed autobiography and memoir to free themselves and others rather than seeing the limit of form they reinvent the parameters to offer a new relationship with language

Women Escaping Violence Elaine J. Lawless, 2013-03-07 The statistics are alarming Some say that once every nine minutes a woman in the United States is beaten by her spouse or partner Others claim that once every four minutes a woman in the world is beaten by her spouse or partner More women go to emergency rooms in the United States for injuries sustained at the hands of their spouses and partners than for all other injuries combined Shelters for battered women are filled beyond capacity every single day of the year Despite the overwhelming evidence that violence in our homes is a daily reality most of us are not willing to acknowledge this private violence or talk about it openly *Women Escaping Violence* brings women s stories to the attention of the academy as well as the reading public While we may be unwilling or unable to talk about the issue of battered women many of us are ready to read what women have to say about their endangered lives Considerable scholarship is emerging in the area of domestic violence including many self help books about how to identify and escape abuse *Women Escaping Violence* offers the unique view of battered women s stories told in their own words as well as a feminist analysis of how these women use the power of narrative to transform their sense of self and regain a place within the larger society Lawless shares with the reader the heart wrenching experiences of battered women who have escaped violence by fleeing to shelters with little more than a few items hastily shoved into a plastic bag and often with small children in tow The book includes women s stories as they are told and retold within the shelter in the presence of other battered women and of caregivers It analyzes the uses made of these narratives by those seeking to counsel battered women as well as by the women themselves

survival Gwin situates her analysis of fiction such as Morrison's *The Bluest Eye*, Alice Walker's *The Color Purple*, Dorothy Allison's *Bastard out of Carolina* and Jane Smiley's *A Thousand Acres* within contemporary debates concerning survivor discourse theories of domestic space and issues of race and class. She also explores books such as Hulme's *The Bone People* that enter a murky and liminal queer space in which gender itself travels and the most claustrophobic physical and social spaces can unexpectedly unhinge and open.

A Wounded Deer Wendy K. Perriman, 2009-03-26

What made Emily Dickinson the reclusive woman she was and the dynamic poet she became? *A Wounded Deer* concludes that her enigmatic poetry may have originated from a personal exposure to incest and examines how she used her craft to make the transition from victim to survivor at a time when the medical profession failed to acknowledge any damage related to this event. Research into the Dickinson family background, evidence from letters and poems, and the testimony of people who knew the poet indicate that she apparently displayed at least 33 of 37 Incest Survivors Aftereffects from a diagnostic tool used internationally by many therapists when a client exhibits over 25 of these behavior patterns; sexual abuse is strongly suspected. The second section of the book deals with the three stages of recovery from complex post-traumatic stress as outlined by trauma expert Judith Herman. Remarkably, Dickinson seems to have completed stages one and two but was unable to complete stage three because she could not reconnect with the outside world. Writing was Dickinson's way of identifying the nature of her trauma, coming to terms with its impact, breaking the silence to inspire future women writers, and reconstructing a new persona, albeit from the sanctuary of her self-imposed isolation. The final section of *A Wounded Deer* examines what the poet might have discovered about sexual abuse from the literature she read and how she responded to this information in her own work. It discusses The Bible, Shakespeare, Byron, Hawthorne, Charlotte Brontë, George Eliot, and Barrett Browning. *A Wounded Deer* is fascinating, clearly written, difficult to put down, and a must for Dickinson scholars, psychologists, and anyone interested in psychological interpretations of literature.

Marilyn Berg Callander, President Elect of the Fulbright Association

A Wounded Deer is well worth reading; its argument is clear, cogent, and at times riveting. Although we will never know the truth of the poet's life, this study offers readers a very plausible suggestion of what may be at the core of Dickinson's omitted center.

Maryanne Garbowsky, English professor at the County College of Morris, NJ, and Dickinson scholar

This is a groundbreaking book, a fascinating and revealing read.

E. Sue Blume, LCSW, Diplomate in Clinical Social Work, Author *Secret Survivors: Uncovering Incest and Its Aftereffects in Women*, 1990, Ballantine Books

How many multitudes of women have been terrorized into silence, withholding the truth of their damning accusations rather than face their fear, condemnation, and shame of incest? Emily allows her soul to reach over time and space to tell others tortured by life's tragedies that they are not alone and doing so, the poet triumphs.

Iranian Women in the Memoir Emira Derbel, 2017-05-11 This book investigates the various reasons behind the elevation of the memoir previously categorized as a marginalized form of life writing that denudes the private space of women especially in Western Asian countries such as Iran Through a comparative investigation of Azar Nafisi's *Reading Lolita in Tehran* and Marjane Satrapi's *Persepolis 1* and *2* the book examines the way both narrative and graphic memoirs offer possibilities for Iranian women to reclaim new territory transgress a post traumatic revolution and reconstruct a new model of womanhood that evades socio political and religious restrictions Exile is conceptualized as empowering rather than a continued status of loss and disillusionment and the liminality of both women writers turns into a space of artistic production The book also resists the New Orientalist scope within which *Reading Lolita in Tehran* more than *Persepolis* has been misread In order to reject these allegations this work sheds light on the representation of Iranian women in *Reading Lolita in Tehran* not as weak victims held captive by a totalitarian version of Islam but as active participants rewriting their stories through the liberating power of the memoir The comparative approach between narrative and comic memoirs is a fruitful way of displaying similar experiences of disillusionment loss return and exile through different techniques The common thread uniting both memoirs is their zeal to reclaim Iranian women's agency and strength over subservience and passivity

Unveiling Desire Devaleena Das, Colette Morrow, 2018-01-16 In *Unveiling Desire* Devaleena Das and Colette Morrow show that the duality of the fallen saved woman is as prevalent in Eastern culture as it is in the West specifically in literature and films Using examples from the Middle to Far East including Iran India Pakistan Bangladesh Thailand Japan and China this anthology challenges the fascination with Eastern women as passive abject or sexually exotic but also resists the temptation to then focus on the veil geisha sati or Muslim women's oppression without exploring Eastern women's sexuality beyond these contexts The chapters cover instead mind body sexual politics patriarchal cultural constructs the anatomy of sex and power in relation to myth and culture denigration of female anatomy and gender performativity From *Persepolis* to Bollywood and from fairy tales to crime fiction the contributors to *Unveiling Desire* show how the struggle for women's liberation is truly global

Literature and Law, 2016-08-09 In recent years there has been a continuing and persistent world wide interest in the interaction between the two disciplines of law and literature Although there have been many collections of primary texts that combined these two areas this volume presents literary analyses and criticism in an attempt to assess the varied relationships between law and justice between lawyers and clients and between readers perceptions and authors intent hopefully suggesting why they have continually been yoked together One similarity between the two is that lawyers like writers must catch their audience's attention by novelty of scene distinctiveness of voice and ingenuity of design Furthermore legal advocates must recreate a concrete sense of reality developing vivid and valid pictures of a specific time and place In short both lawyers and writers attempt to provide a basis for juries readers to judge defendants characters by their motivations and their actions and to decide whether a favorable ruling assessment is justified Collectively the essays in

this book are designed to deal with themes of guilt and innocence right and wrong morality and legality The essays also suggest that the world as it is delineated by lawyers is indeed a text that like its literary counterparts sometimes blurs the distinction between fact and fiction as it attempts to define truth and to establish criteria for impartial justice By exploring interdisciplinary contexts readers will surely be made more aware more sensitive to the roles that stories play in the legal profession and to the dilemmas faced by legal systems that often succeed in maintaining the rights and privileges of a dominant societal group at the expense of a less powerful one
