*Essays in Faith and Learning* Michael Bollenbaugh,Steven N. Goetz,2015-12-07 This book represents the collected thinking of a few people who have had strong personal connections to Dr Song Nai Rhee Because the integration of faith and learning is a core value held by Dr Rhee the various authors have written essays on this topic in honor of his life and work Such a book is typically referred to as a Festschrift a celebratory writing given for a special person Dr Rhee s robust career at Northwest Christian College University is celebrated by the essays brought together in this book All the authors have known Dr Rhee as students or as academic colleagues or both What they write about ranges from topics found in biblical literature to expressly theological ideas to matters that are eminently practical Yet each essay is held in place by its relevancy to the ongoing conversations about how faith and learning are integrated in the context of the Christian liberal arts university More important each author has a deep and abiding respect for Dr Song Nai Rhee His teaching and mentoring at Northwest Christian College University have left an indelible mark on each of their lives     **The Faith of the Christian**

**Church** Gustaf Aulen,2002-04-26 This paperback reprinting of Gustaf Aulen s great textbook of systematic theology should be a welcome delight to the Christian theologian The reputation if this second English edition based on the fifth and most extensively revised Swedish edition has steadily increased over the years as a clear and sound guide to the substance of the Christian faith Besides treating the whole compass of traditional themes associated with the doctrines of God Christ and the church Aulen in this edition has provided new chapters on the Communion of Saints and on the relation between scripture and tradition The chapters on the biblical validation of the content of faith the doctrine of the Lord s Supper and the unity of the church and the disunity of the churches were rewritten The statements on the relation between the two testaments creation and redemption natural law the resurrection the validity of infant baptism and eschatology were substantially revised Aulen s keen analysis and clear presentation of the fundamental motifs of the Christian faith his sharp demarcation of these motifs from their aberrations in the history of Christian thought and in contemporary theology and especially his profound sense of the oneness of the church s faith have endeared this book to students theologians clergymen and hosts of intelligent and inquiring laity of every denomination     **The Mystery of the Universe: Our Common Faith** Joseph William

Reynolds,1884     *The History of Creation* Ernst Heinrich Philipp August Haeckel,1876     *Faith in the Living God, 2nd Edition* John Polkinghorne,Michael Welker,2019-04-12 In this book John Polkinghorne and Michael Welker explain how they understand faith in the living God Between them they offer a binocular vision from their twin perspectives to yield helpful insight in relation to the important issues Part of the fascination of this book is how two people with such different backgrounds approach central theological questions relating to the faith they both share Their concerns are truth rather than

polemics reliability rather than simple certainty They seek to anchor their thought in concrete particulars rather than abstract generalizations They ask the questions that trouble the inquiring mind and meet head on the challenge as well as the reassurances of belief This second edition provides a new Preface and updated bibliographies *Christian Faith* B. A. Gerrish, 2015-08-24 At the beginning of *Christian Faith* B. A. Gerrish reminds us that dogmatics involves critical transmission of the Christian heritage The dogmatic theologian must interpret and assess the traditional beliefs of the church while also considering the new and changing conditions in which that tradition is being embodied With that Gerrish goes on to outline the various presuppositions and affirmations of the Christian faith before ultimately offering a powerful and compelling restatement of Christian faith for the twenty first century As part of his framework Gerrish includes a critical comparison of Calvin's *Institutes of the Christian Religion* and Schleiermacher's *Christian Faith* while still paying close attention to the great cloud of theological witnesses from across the spectrum of Christian traditions Gerrish's book provides a robust and penetrating revisioning of Christian theology one that is thoroughly grounded in the classical traditions of the church

**Creation and Judgement** Stefan Paas, 2021-10-11 This book explores how the books of Amos Hosea and Isaiah use language of creation This is done by a religion of history approach of ancient Israel with respect to its belief in YHWH as a Creator and by an exegetical survey of the relevant texts in the prophets mentioned It is established that creation language was introduced in Israel long before the Exile and is used in a flexible manner depending on context and situation Elaborate attention is given to its use in contexts of judgement This study is relevant for students of the prophets who are looking for a thorough discussion of many texts and a critical examination of some popular views on creation in the Bible **From Logos to Christos** Ellen M.
