"*What's Your Favorite Song?*" G. Ross Kelly, 2015-02-20 If you enjoyed reading about The Lady of 6 000 Songs in the best seller Midnight in the Garden of Good and Evil you will love going behind the scenes to learn more about how the remarkable entertainer and her husband successfully juggled their marriage her Hall of Fame music career his sign business and at the same time raise ten children Though Emma Kelly was mostly known as the piano player who could seemingly play any song ever written the close friend and collaborator of songwriter Johnny Mercer is revealed in Whats Your Favorite Song to have achieved even greater accomplishments as a wife and mother Learn how she and her husband overcame challenges and hardships through the Great Depression a World War and through the baby boom years to raise ten children who would become an integral part of her musical performances and later successful college educated adults Author Ross Kelly chronicles a firsthand account of a nonstop whirlwind family music fest that will border on feeling out of control only in the end to reveal a loving close knit family guided by their commitment to one another their love of music and a foundation of principles employed by his parents to guide and shape his life and the lives of his nine brothers and sisters Far beyond being

about a large musical family growing up in South Georgia in the 1960s What's Your Favorite Song could almost serve as a guide for how families of any size anywhere can successfully manage their own challenges of juggling relationships careers and children Emma Kelly was known as The Lady of Six Thousand Songs but she could also have been called the Lady of Six Million Fans among whom I enthusiastically include myself Read this affectionate tribute by her son Ross and you will understand why John Berendt Midnight in the Garden of Good and Evil What makes the Kellys such an intriguing family On the surface it was thought that it was simply the musical genius and celebrity of Emma Kelly the famed Lady of 6 000 Songs But there seemed to be more much more Was it the added dimension of how she and her husband together raised ten children each of whom was an active participant in the Kelly family music shows performed around south Georgia during the 1950s 60s and 70s Or was it the unusual but seemingly highly effective formula George and Emma Kelly employed to balance their two careers their marriage and raise each of their children to become college educated and successful adults and instill an almost unheard of closeness between each of them that continues to this day Or is it that the family legacy that George and Emma Kelly left today now numbers close to 100 members all of whom carry on that same tradition of a devotion to music and family that began almost eighty years ago Perhaps it is all of those factors and even more
