Alexander Millar Square Wall Calendar 06 BrownTrout Publishers, Incorporated,2005-08-01 *Calendar of the Laing Charters, A.D. 854-1837* Edinburgh University Library,1899 **Calendar** University of Melbourne,1891 The Roman Calendar from Numa to Constantine Jörg Rüpke,2011-02-04 This book provides a definitive account of the history of the Roman calendar offering new reconstructions of its development that demand serious revisions to previous accounts Examines the critical stages of the technical political and religious history of the Roman calendar Provides a comprehensive historical and social contextualization of ancient calendars and chronicles Highlights the unique characteristics which are still visible in the most dominant modern global calendar *The Melbourne University Calendar* University of Melbourne,1891 **Oxford University Calendar 2007-2008** Oxford University Press,2007-10 Lists inter alia University of Oxford term dates officers and central bodies of the University Boards Committees etc Remaking Transitional Justice in the United States James Edward Beitler III,2012-11-09 Remaking Transitional Justice in the United States The Rhetoric of the Greensboro Truth and Reconciliation Commission explores rhetorical attempts to authorize the Greensboro Truth and Reconciliation Commission a grassroots U S based truth commission created in 2004 to redress past injustices in the city Through detailed rhetorical analyses the book demonstrates that the development of the field of transitional justice has given rise to a transnational rhetorical tradition that provides those working in the field with series of enabling constraints The book then shows how Greensboro stakeholders attempted to reaccentuate this rhetorical tradition in their rhetorical performances to construct authority and bring about justice even as the tradition shaped their discourse in ways that limited the scope of their responses Calling attention to the rhetorical interdependence among practitioners of transitional justice this study offers insights into the development of transitional justice in the United States and in grassroots contexts in other liberal democracies The volume is a relevant guide to scholars and practitioners of transitional justice as it brings into relief mechanisms of transitional justice that are frequently overlooked namely rhetorical mechanisms It also speaks to any readers who may be interested in the communicative strategies tactics that may be employed by grassroots transitional justice initiatives *Clio's Other Sons* John Dillery,2015-04-29 A discussion of the first written histories of Babylon and Egypt *The Cambridge Companion to Ancient Rome* Paul Erdkamp,2013-09-05 Rome was the largest city in the ancient world As the capital of the Roman Empire it was clearly an exceptional city in terms of size diversity and complexity While the Colosseum imperial palaces and Pantheon are among its most famous features this volume explores Rome primarily as a city in which many thousands of men and women were born lived and died The thirty one chapters by leading historians classicists and archaeologists discuss issues ranging from the monuments and the games to the food and water supply from policing and riots to domestic housing from death and disease to pagan cults and the impact of Christianity Richly illustrated the volume introduces groundbreaking new research against the background of current debates and is designed as a

readable survey accessible in particular to undergraduates and non specialists International Congress Calendar ,2003

Rabbinic Texts and the History of Late-Roman Palestine Martin Goodman, Philip Alexander, 2011-01-13 This volume explains to ancient historians the value of the surviving rabbinic material from late antiquity as evidence for the history of late Roman Palestine the nature of that material and the problems inherent in its use for historical purposes The book will be invaluable for all scholars concerned with the history of the later Roman Empire *Voice and Context in Eighteenth-Century Verse* Allan Ingram, Joanna Fowler, 2016-04-29 This collection of essays reassesses the importance of verse as a medium in the long eighteenth century and as an invitation for readers to explore many of the less familiar figures dealt with alongside the received names of the standard criticism of the period **Teos and Abdera** Mustafa Adak, Peter Thonemann, 2022 This volume examines the important new Greek inscription discovered at Teos in Ionia in 2017 which records the relationship between Teos and its daughter city Abdera in Thrace The text is published here for the first time alongside major new editions of other texts from Teos and Abdera **A Noble Ruin** W. Jeffrey Tatum, 2024 The fullest biography of Mark Antony in English A Noble Ruin provides a fresh account of Antony's personal life and especially his public career including his administration of the Roman east and his military campaigns The Hasmoneans Eyal Regev, 2013-06-19 The first two chapters discuss the religious practices of the Hasmoneans Chapter 1 explores why the Maccabees regarded Hanukkah as a festival of renewal specifically of those traditions related to the Temple cult Chapter 2 examines the manner in which the Hasmoneans used the protection and maintenance of the Jewish Temple to legitimize their rule and how they worked to place the Temple at the center of the Jewish religion Chapters 3-5 deal with different perspectives in the Hellenistic world on the role of government and royal ideologies Specifically chapter 3 explores both the Hellenistic and Jewish contexts for Hasmonean government and kingship Regev shows how the Hasmonean dynasty built up its religious in contrast to political authority suggesting that the Hasmonean state was not a conventionally Hellenistic one but rather a national monarchy closer to Macedonian in type Chapter 4 attempts to decipher the meaning of the symbols and epigraphs on Hasmonean coins and examines how both Hellenistic symbols and Jewish concepts were employed to reinforce the dynasty's authority and introduce Jewish national ideas into the populace Chapter 5 then undertakes a comparative social archaeological analysis of the Hasmonean palaces in Jericho in an effort to gain insight into their royal ideology The author compares the Hasmonean palaces to other Hellenistic palaces especially the Herodian palaces Finally the concluding chapter integrates the previous findings into a new understanding of and appreciation for the Hasmoneans' creation of an innovative Jewish corporal identity one whose echoes we can still hear today **Pagans and Christians in Late Antique Rome** Michele Renee Salzman, Marianne Sághy, Rita Lizzi Testa, 2016 This book sheds new light on the religious and consequently social changes taking place in late antique Rome The essays in this volume argue that the once dominant notion of pagan-Christian religious conflict cannot fully explain the texts and artifacts as well as the social religious and political realities of late antique Rome

Together the essays demonstrate that the fourth century city was a more fluid vibrant and complex place than was previously thought Competition between diverse groups in Roman society be it pagans with Christians Christians with Christians or pagans with pagans did create tensions and hostility but it also allowed for coexistence and reduced the likelihood of overt violent physical conflict Competition and coexistence along with conflict emerge as still central paradigms for those who seek to understand the transformations of Rome from the age of Constantine through the early fifth century *Newton and the Origin of Civilization* Jed Z. Buchwald, Mordechai Feingold, 2013 Reveals the manner in which Newton strove for nearly half a century to rectify universal history by reading ancient texts through the lens of astronomy and to create a tight theoretical system for interpreting the evolution of civilization on the basis of population dynamics **Masters of the Word** William J. Bernstein, 2013-04-30 A riveting and thoroughly researched history of language technology s effect on society across millennia from Sumerian syntax to social media hashtags Phil Lapsley Writing was born thousands of years ago in Mesopotamia Spreading to Sumer and then Egypt this revolutionary tool allowed rulers to extend their control far and wide giving rise to the world s first empires When Phoenician traders took their alphabet to Greece literacy s first boom led to the birth of drama and democracy In Rome it helped spell the downfall of the Republic Later medieval scriptoria and vernacular bibles gave rise to religious dissent and with the combination of cheaper paper and Gutenberg s printing press the fuse of Reformation was lit The Industrial Revolution brought the telegraph and the steam driven printing press allowing information to move faster and wider than ever before through the invention of the newspaper But along with radio and television these new technologies were more easily exploited by the powerful as seen in Germany the Soviet Union even Rwanda where radio incited genocide With the rise of carbon duplicates Russian samizdat photocopying the Pentagon Papers the internet social media and cell phones the recent Arab Spring more people have access to communications making the world more connected than ever before This accessible quite enjoyable and highly informative read will change the way you look at technology history and power Booklist Bernstein enables us to see what remains the same even as much has changed Library Journal Editors Picks It brims with interesting ideas and astonishing connections Phil Lapsley author of Exploding the Phone The Untold Story of the Teenagers and Outlaws Who Hacked Ma Bell Bernstein s narrative is succinct and extremely well sourced He reminds us of a number of technologies whose changed roles are less widely chronicled in conventional histories of the media The Irish Times **Shakespeare and the Power of the Face** James A. Knapp, 2016-03-03 Throughout his plays Shakespeare placed an extraordinary emphasis on the power of the face to reveal or conceal moral character and emotion repeatedly inviting the audience to attend carefully to facial features and expressions The essays collected here disclose that an attention to the power of the face in Shakespeare s England helps explain moments when Shakespeare s language of the self becomes intertwined with his language of the face As the range of these essays demonstrates an attention to Shakespeare s treatment of faces has implications for our understanding of the historical and cultural context in which he

wrote as well as the significance of the face for the ongoing interpretation and production of the plays Engaging with a variety of critical strands that have emerged from the so called turn to the body the contributors to this volume argue that Shakespeare's invitation to look to the face for clues to inner character is not an invitation to seek a static text beneath an external image but rather to experience the power of the face to initiate reflection judgment and action The evidence of the plays suggests that Shakespeare understood that this experience was extremely complex and mysterious By turning attention to the face the collection offers important new analyses of a key feature of Shakespeare's dramatic attention to the part of the body that garnered the most commentary in early modern England By bringing together critics interested in material culture studies with those focused on philosophies of self and other and historians and theorists of performance Shakespeare and the Power of the Face constitutes a significant contribution to our growing understanding of attitudes towards embodiment in Shakespeare's England

The Scottish Enlightenment Abroad Janet Starkey, 2018-03-20 In *The Scottish Enlightenment Abroad* Janet Starkey examines the lives and works of Scots working in the mid eighteenth century with the Levant Company in Aleppo then within the Ottoman Empire and those working with the East India Company in India especially in the fields of natural history medicine ethnography and the collection of Arabic and Persian manuscripts The focus is on brothers from Edinburgh Alexander Russell MD FRS Patrick Russell MD FRS Claud Russell and William Russell FRS By examining a wide range of modern interpretations Starkey argues that the Scottish Enlightenment was not just a philosophical discourse but a multi faceted cultural revolution that owed its vibrancy to ties of kinship and to strong commercial and intellectual links with Europe and further abroad
