**Alexander Pope** Peter Dixon,1972      *Alexander Pope* Alexander Pope,1972      **Alexander Pope (Writers and their background).** Peter Dixon,1972      An Introduction to Pope (Routledge Revivals) Pat Rogers,2014-05-01 In this concise introduction to Pope s life and work first published in 1975 the poet s highly successful career as a man of letters is seen against the background of the Augustan age as a whole Pat Rogers begins by examining the relationship of the eighteenth century writer to his audience and discusses the role of style and versification in this The book covers the whole of Pope s work and includes not only the translations of Homer and such minor poems as The Temple of Fame but also the prose both drama and correspondence Based on extensive research this book will provide literature students with a greater appreciation and understanding of Pope s verse and the ways in which he addressed his eighteenth century context in his work      **The Oxford History of Classical Reception in English Literature: The Oxford History of Classical Reception in English Literature** David Hopkins,Charles Martindale,Norman Vance,Rita Copeland,Patrick Cheney,Philip R. Hardie,Jennifer Wallace,2012-09-27 The present volume 3 is the first to appear of the five that will comprise The Oxford History of Classical Reception in English Literature henceforth OHCREL Each volume of OHCREL will have its own editor or team of editors Preface      The National and Domestic History of England William Hickman Smith Aubrey,1867      **Literary Milieux** David Womersley,Richard Anthony McCabe,2008 The essays range from Shakespeare and early modern literature to Wordsworth They evince scrupulous care over the handling of evidence an interdisciplinary impulse yoked always to a prizing of the literary particularly the poetic a willingness to embrace an ambitious argument where it can be supported a humaneness of temper particularly in polemic Latent within them all is a wrestling with the central problem of text and context BOOK JACKET      *Libertines and Harlots* Norman Milne,2014-08-25 One of the clubs explored in this book is The Calf s Head Club who celebrated the death of Charles I every year on the 30th January A book of this nature would also be incomplete without the Earl of Rochester the Duke of Wharton Sir Francis Dashwood and Charles II who loved nothing more than a leg of mutton and a whore In the 18th century the notorious members of the Hell Fire Clubs the Knights of St Francis and the Demoniac Club all fornicated around Scotland England and Ireland However out of all the clubs in the 18th century that were in and out of vogue the Beggar s Benison in the kingdom of Fife had to be the strangest Their initiation ritual was rather bizarre and for most people unthinkable to say the least Norman was born in Edinburgh on the 21st July 1961 At sixteen Norman went into the sheet metal working industry He has also worked as a registered silversmith with Edinburgh Assay Office been bouncer a tour guide and has lectured on Scottish history In 2001 he decided to accomplish something more arduous He studied part time at the Open University for two years then at Edinburgh Napier University full time for four years Norman s academic achievements are a certificate in social science an LLB Bachelor of Laws and an MSc in Business Management Both degrees inspired Norman to write his first book Scottish Culture and Traditions which was published in 2010 ISBN 978

1 899820 79 5 His other interests are the restoration of classic motorbikes cooking history and trying to play the violin He is currently a 5th Dan in Shotokan Karate and has taught adults and children for nearly thirty years      **Authorship,**

**Commerce, and Gender in Early Eighteenth-Century England** Catherine Ingrassia,1998-11-05 The contemporaneous development of speculative investment and the novel in the early eighteenth century and women s role in both

**Alexander Pope** John Barnard,2003-09-02 The Critical Heritage gathers together a large body of critical sources on major figures in literature Each volume presents contemporary responses to a writer s work enabling students and researchers to read for themselves for example comments on early performances of Shakespeare s plays or reactions to the first publication of Jane Austen s novels The carefully selected sources range from landmark essays in the history of criticism to journalism and contemporary opinion and little published documentary material such as letters and diaries Significant pieces of criticism from later periods are also included in order to demonstrate the fluctuations in an author s reputation Each volume contains an introduction to the writer s published works a selected bibliography and an index of works authors and subjects The Collected Critical Heritage set will be available as a set of 68 volumes and the series will also be available in mini sets selected by period in slipcase boxes and as individual volumes      **A Literary History of Women's Writing in**

**Britain, 1660-1789** Susan Staves,2006-09-07 Drawing on three decades of feminist scholarship bent on rediscovering lost and abandoned women writers Susan Staves provides a comprehensive history of women s writing in Britain from the Restoration to the French Revolution This major work of criticism also offers fresh insights about women s writing in all literary forms not only fiction but also poetry drama memoir autobiography biography history essay translation and the familiar letter Authors celebrated in their own time and who have been neglected and those who have been revalued and studied are given equal attention The book s organisation by chronology and its attention to history challenge the way we periodise literary history Each chapter includes a list of key works written in the period covered as well as a narrative and critical assessment of the works This magisterial work includes a comprehensive bibliography and list of prevalent editions of the authors discussed      *Writing and the Rise of Finance* Colin Nicholson,1994-07-14 The early eighteenth century saw a far

reaching financial revolution in England whose impact on the literature of the period has hitherto been relatively unexplored In this original study Colin Nicholson reads familiar texts such as Gulliver s Travels The Beggar s Opera and The Dunciad as capital satires responding to the social and political effects of the installation of capitalist financial institutions in London The founding of the Bank of England and the inauguration of the National Debt permanently altered the political economy of England the South Sea Bubble disaster of 1721 educated a political generation into the money markets While they invested in stocks and shares Swift Pope and Gay conducted a campaign against the civic effects of these new financial institutions Conflict between these writers inherited discourse of civic humanism and the transformations being undergone by their own society is shown to have had a profound effect on a number of key literary texts      **Poets Thinking** Helen

Vendler,2009-06-30 Poetry has often been considered an irrational genre more expressive than logical more meditative than given to coherent argument And yet in each of the four very different poets she considers here Helen Vendler reveals a style of thinking in operation although they may prefer different means she argues all poets of any value are thinkers The four poets taken up in this volume Alexander Pope Walt Whitman Emily Dickinson and William Butler Yeats come from three centuries and three nations and their styles of thinking are characteristically idiosyncratic Vendler shows us Pope performing as a satiric miniaturizer remaking in verse the form of the essay Whitman writing as a poet of repetitive insistence for whom thinking must be followed by rethinking Dickinson experimenting with plot to characterize life s unfolding and Yeats thinking in images using montage in lieu of argument With customary lucidity and spirit Vendler traces through these poets lines to find evidence of thought in lyric the silent stylistic measures representing changes of mind the condensed power of poetic thinking Her work argues against the reduction of poetry to its frequently well worn themes and demonstrates instead that there is always in admirable poetry a strenuous process of thinking evident in an evolving style however ancient the theme that is powerful and original

**Transatlantic Insurrections** Paul Giles,2010-08-03 Selected by Choice magazine as an Outstanding Academic Title Paul Giles traces the paradoxical relations between English and American literature from 1730 through 1860 suggesting how the formation of a literary tradition in each national culture was deeply dependent upon negotiation with its transatlantic counterpart Using the American Revolution as the fulcrum of his argument Giles describes how the impulse to go beyond conventions of British culture was crucial in the establishment of a distinct identity for American literature Similarly he explains the consolidation of British cultural identity partly as a response to the

need to suppress the memory and consequences of defeat in the American revolutionary wars Giles ranges over neglected American writers such as Mather Byles and the Connecticut Wits as well as better known figures like Franklin Jefferson Irving and Hawthorne He reads their texts alongside those of British authors such as Pope Richardson Equiano Austen and Trollope Taking issue with more established utopian narratives of American literature Transatlantic Insurrections analyzes how elements of blasphemous burlesque humor entered into the making of the subject A History of England from the Landing of Julius Caesar to the Present Day Hugh Oakeley Arnold-Forster, 1899 **The History and Power of Writing** Henri-Jean Martin, 1994 Continuing on to the electronic revolution Martin's account takes in the changes wrought on writing by computers and electronic systems of storage and communication and offers surprising insights into the influence these new technologies have had on children born into the computer age The power of writing to influence and dominate is indeed a central theme in this history as Martin explores the processes by which the written word has gradually imposed its logic on society over four thousand years The summation of decades of study by one of the world's great scholars on the subject this fascinating account of writing explains much about the world we inhabit where we uneasily confer accept and resist the power of the written word Cyclopædia of English Literature; a History, Critical and Biographical, of British Authors, from the Earliest to the Present Times. Edited by R. Chambers Robert Chambers, 1858 Writing the History of the British Stage Richard Schoch, 2016-09-12 A study of British theatre historiography from its origins in the Restoration to its development as an academic discipline in the twentieth century *Writing Women's Literary History* Margaret J. M. Ezell, 1996-11-08 Ezell critically examines these successful women's literary histories and applies to them the same self-conscious feminism that critics have applied to more traditional methods Drawing both on French feminisms and on recent historicist scholarship Ezell points us to new possibilities for the recovery of early modern women's literary history By championing the recovery of lost women writers and insisting on reevaluating the past women's studies and feminist theory have effected dramatic changes in the ways English literary history is written and taught In *Writing Women's Literary History* Margaret Ezell critically examines these successful women's literary histories and applies to them the same self-conscious feminism that critics have applied to more traditional methods According to Ezell by relying not only on past male scholarship but also on inherited notions of tradition some feminist historicists replicate the evolutionary narrative model of history that originally marginalized women who wrote before 1700 Drawing both on French feminisms and on recent historicist scholarship Ezell points us to new possibilities for the recovery of early modern women's literary history
