Alexander The Great The Hunt For A New Past

Ian Worthington

Alexander The Great The Hunt For A New Past:

Alexander the Great Paul Cartledge, 2004 There is really no need for any special justification let alone apology for a new history of Alexander he is one of those very few iconic figures who remade the world and constantly inspire us to remake our own worlds Born in 356 BCE in Macedonia present day Thessaloniki Alexander led the army of his father King Philip conquering mainland Greece at the age of eighteen Two years later he was himself crowned king Within the next twelve years Alexander conquered almost the entire known world pushing the limits of Greek and Macedonian power to astonishing levels Under his leadership the Greeks defeated the Persians three times including the world shattering battle of Gaugamela at which 1 million Persians took to the field against his army At the age of only 26 Alexander had made himself master of the once mighty Persian Empire and by the time of his death in 323 he was being worshipped as a god by the Greeks both at Babylon where he died and further west among the Greek cities of the Asiatic seaboard Meticulously researched vividly written and bringing to bear a lifetime scholarship this is an outstanding biography of one of the most remarkable rulers in history *Let's Go* Amalia Lester, 2004 *Alexander the Great* Stephen Harrison, 2025-07-13 An evenhanded reimagining of the Greek conqueror's life This book offers a fresh perspective on the reign of Alexander the Great It re-examines Alexander's military victories and personality while also exploring the impact of his campaigns on the people he conquered Alexander's story Stephen Harrison argues is one that includes the vital roles that other figures played in historical events By considering recent intellectual currents Harrison highlights how contemporary experiences have shaped historical interpretation and also reflects on Alexander's portrayals through the centuries Moving beyond polarized debates Harrison provides a nuanced discussion of Alexander's impact The book presents an Alexander for the twenty first century

Responses to Oliver Stone's Alexander Paul Cartledge, Fiona Rose Greenland, 2010-01-20 The charismatic Alexander the Great of Macedon 356-323 B C E was one of the most successful military commanders in history conquering Asia Minor Egypt Persia central Asia and the lands beyond as far as Pakistan and India Alexander has been over the course of two millennia since his death at the age of thirty two the central figure in histories legends songs novels biographies and most recently films In 2004 director Oliver Stone's epic film *Alexander* generated a renewed interest in Alexander the Great and his companions surroundings and accomplishments but the critical response to the film offers a fascinating lesson in the contentious dialogue between historiography and modern entertainment This volume brings together an intriguing mix of leading scholars in Macedonian and Greek history Persian culture film studies classical literature and archaeology including some who were advisors for the film and includes an afterword by Oliver Stone discussing the challenges he faced in putting Alexander's life on the big screen The contributors scrutinize Stone's project from its inception and design to its production and reception considering such questions as Can a film about Alexander and similar figures from history be both entertaining and historically sound How do the goals of screenwriters and directors differ from those of historians How do Alexander's

personal relationships with his mother Olympias his wife Roxane his lover Hephaistion and others affect modern perceptions of Alexander Several of the contributors also explore reasons behind the film's tepid response at the box office and subsequent controversies

A Companion to Ancient Macedonia Joseph Roisman, Ian Worthington, 2010-12-06 The most comprehensive and up to date work available on ancient Macedonian history and material culture A Companion to Ancient Macedonia is an invaluable reference for students and scholars alike Features new specially commissioned essays by leading and up and coming scholars in the field Examines the political military social economic and cultural history of ancient Macedonia from the Archaic period to the end of Roman period and beyond Discusses the importance of art archaeology and architecture All ancient sources are translated in English Each chapter includes bibliographical essays for further reading

Alexander's Veterans and the Early Wars of the Successors Joseph Roisman, 2012-05-01 From antiquity until now most writers who have chronicled the events following the death of Alexander the Great have viewed this history through the careers ambitions and perspectives of Alexander's elite successors Few historians have probed the experiences and attitudes of the ordinary soldiers who followed Alexander on his campaigns and who were divided among his successors as they fought for control of his empire after his death Yet the veterans played an important role in helping to shape the character and contours of the Hellenistic world This pathfinding book offers the first in depth investigation of the Macedonian veterans experience during a crucial turning point in Greek history 323-316 BCE Joseph Roisman discusses the military social and political circumstances

that shaped the history of Alexander's veterans giving special attention to issues such as the soldiers' conduct on and off the battlefield, the army assemblies, the volatile relationship between the troops and their generals and other related themes all from the perspective of the rank and file. Roisman also reexamines the biases of the ancient sources and how they affected ancient and modern depictions of Alexander's veterans as well as Alexander's conflicts with his army, the veterans' motives and goals and their political contributions to Hellenistic history. He pays special attention to the Silver Shields, a group of Macedonian veterans famous for their invincibility and martial prowess and assesses whether or not they deserved their formidable reputation.

A Companion to the Classical Greek World Konrad H. Kinzl, 2010-01-11 This Companion provides scholarly yet accessible new interpretations of Greek history of the Classical period from the aftermath of the Persian Wars in 478 B.C. to the death of Alexander the Great in 323 B.C. Topics covered range from the political and institutional structures of Greek society to literature, art, economics, society, warfare, geography and the environment. Discusses the problems of interpreting the various sources for the period. Guides the reader towards a broadly based understanding of the history of the Classical Age.

Hellenistic Lives Plutarch, 2016 Alexander, Demosthenes, Phocion, Eumenes, Demetrius, Pyrrhus, Agis and Cleomenes, Aratus, Philopoemen, Flamininus. This selection of ten Lives traces the history of Hellenistic Greece from the rise of Macedon and Alexander's conquest of the Persian empire to the arrival of the Romans. Plutarch's biographies of eminent politicians, rulers and soldiers combine vivid portraits of their subjects with a wealth of historical information; they constitute a uniquely important source for the period. We see how Greek politics changed as Macedon's power grew and we learn of the warlords who followed Alexander. Resistance to Macedon is reflected in the Lives of Demosthenes and Aratus and that of Agis and Cleomenes, two revolutionary kings of Sparta. The volume concludes with the emergence of Rome in Greek affairs and the life of Flamininus, the Roman general who defeated Philip V of Macedon. Plutarch's elegant style combines anecdote and erudition, humour and psychological insight consummately translated by Robin Waterfield and introduced by Andrew Erskine. These Lives from the Hellenistic period complement Greek Lives and Roman Lives in Oxford World's Classics.

ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study and much more.

Demosthenes of Athens and the Fall of Classical Greece Ian Worthington, 2015 The first ever biography of Demosthenes written in English for a popular audience, set against the rich backdrop of late classical Greece and Macedonia.

Alexander of Macedon, 356-323 B.C. Peter Green, 2013-01-08 This biography begins not with one of the universally known incidents of Alexander's life but with an account of his father Philip of Macedonia whose many-territorial empire was the first on the continent of Europe to have an effectively centralized government and military. What Philip and Macedonia

had to offer Alexander made his own but Philip and Macedonia also made Alexander form an important context for understanding Alexander himself Yet his origins and training do not fully explain the man After he was named hegemon of the Hellenic League many philosophers came to congratulate Alexander but one was conspicuous by his absence Diogenes the Cynic an ascetic who lived in a clay tub Piqued and curious Alexander himself visited the philosopher who when asked if there was anything Alexander could do for him made the famous reply Don t stand between me and the sun Alexander s courtiers jeered but Alexander silenced them If I were not Alexander I would be Diogenes This remark was as unexpected in Alexander as it would be in a modern leader Publisher **Alexander's Marshals** Waldemar Heckel,2016-08-05 This substantially revised and updated second edition of *The Marshals of Alexander s Empire* 1992 examines Alexander s most important officers who commanded army units and were involved in military and political deliberations Chapters on these men have been expanded giving greater attention to personalities bias in the sources and the social as well as military setting including more on familial connections and regional origins in an attempt to create a better understanding of factions The major confrontations military and political are treated in greater detail within the biographies and a discussion of the organization and command structure of the Makedonian army has been added *Brill's Companion to Insurgency and Terrorism in the Ancient Mediterranean* Timothy Howe, Lee L. Brice,2015-11-24 In *Brill s Companion to Insurgency and Terrorism in the Ancient Mediterranean* Tim Howe and Lee Brice challenge the view that these forms of conflict are specifically modern phenomena by offering an historical perspective that exposes readers to the ways insurgency movements and terror tactics were common elements of conflict in antiquity Assembling original research on insurgency and terrorism in various regions including the Ancient Near East Greece Central Asia Persia Egypt Judea and the Roman Empire they provide a deep historical context for understanding these terms demonstrate the usefulness of insurgency and terrorism as concepts for analysing ancient Mediterranean behavior and point the way toward future research *The Conquest of Persia: Alexander the Strategist* Cían Harte,2014-06-10 *The Conquest of Persia Alexander the Strategist* is an in depth analysis of Alexander the Great s ability as an overall strategist His military prowess leadership qualities and his ability to win a battle has rarely been in doubt His decision making however has been called into question and this book focuses on some of the most crucial strategic decisions he had to make Included are analyses of his initial campaigns to secure the Balkans his decision to siege Halicarnassus and subsequently his bold decision to de mobilise his fleet and seek to destroy the Persian navy by land Additionally analysed is the risky adventure of attempting to breach the seemingly impregnable island city of Tyre his choice to annex Egypt and visit the oracle of Siwa as well as his insistence to march through the Gedrosian Desert on his return to Babylon This book argues that at the most critical junctures of his campaign to take over the Persian Empire Alexander s strategic decision making abilities were found wanting **The History of the Diadochoi in Book XIX of Diodoros' »Bibliothēke«** Alexander Meeus,2022-02-21 Diodoros of Sicily s book XIX is the main source for the history of the

Diadochoi Alexander the Great's Successors from 317 to 311 BCE With the first full scale commentary on this text in any language Alexander Meeus offers a detailed and reliable guide to the complicated historical narrative and the fascinating ethnographic information transmitted by Diodoros which includes the earliest accounts of Indian widow burning and Nabataean culture Studying both history and historiography this volume elucidates a crucial stage in the creation of the Hellenistic world in Greece and the Near East as well as the confusing source tradition Diodoros a long neglected author indispensable for much of our knowledge of Antiquity is currently enjoying growing scholarly interest An ample introduction discusses his historical methods and sheds light on his language and style and on the manuscript transmission of books XVII XX By negotiating between diametrically opposed scholarly opinions a new understanding of Diodoros place in the ancient historiographical tradition is offered The volume is of interest to scholars of ancient historiography Hellenistic history Hellenistic prose and the textual transmission of the Bibliotheca *Classical Archaeology* Susan E. Alcock, Robin Osborne, 2012-03-14 The fully revised second edition of this successful volume includes updates on the latest archaeological research in all chapters and two new essays on Greek and Roman art It retains its unique paired essay format as well as key contributions from leading archaeologists and historians of the classical world Second edition is updated and revised throughout showcasing the latest research and fresh theoretical approaches in classical archaeology Includes brand new essays on ancient Greek and Roman art in a modern context Designed to encourage critical thinking about the interpretation of ancient material culture and the role of modern perceptions in shaping the study of art and archaeology Features paired essays one covering the Greek world the other the Roman to stimulate a dialogue not only between the two ancient cultures but between scholars from different historiographic and methodological traditions Includes maps chronologies diagrams photographs and short editorial introductions to each chapter *Worlds at War* Anthony Pagden, 2009-07-16 The differences that divide West from East go deeper than politics deeper than religion argues Anthony Pagden To understand this volatile relationship and how it has played out over the centuries we need to go back before the Crusades before the birth of Islam before the birth of Christianity to the fifth century BCE Europe was born out of Asia and for centuries the two shared a single history But when the Persian emperor Xerxes tried to conquer Greece a struggle began which has never ceased This book tells the story of that long conflict First Alexander the Great and then the Romans tried to unite Europe and Asia into a single civilization With the conversion of the West to Christianity and much of the East to Islam a bitter war broke out between two universal religions each claiming world dominance By the seventeenth century with the decline of the Church the contest had shifted from religion to philosophy the West's scientific rationality in contrast to those sought ultimate guidance in the words of God The eighteenth and nineteenth centuries witnessed the disintegration of the great Muslim empires the Ottoman the Mughal and the Safavid in Iran and the increasing Western domination of the whole of Asia The resultant attempt to mix Islam and Western modernism sparked off a struggle in the Islamic world between reformers and traditionalists which

persists to this day The wars between East and West have not only been the longest and most costly in human history they have also formed the West's vision of itself as independent free secular and now democratic They have shaped and continue to shape the nature of the modern world

In the Land of a Thousand Gods Christian Marek, 2021-07-13 A monumental history of Asia Minor from the Stone Age to the Roman Empire In this critically acclaimed book Christian Marek masterfully provides the first comprehensive history of Asia Minor from prehistory to the Roman imperial period Blending rich narrative with in depth analyses In the Land of a Thousand Gods shows Asia Minor's shifting orientation between East and West and its role as both a melting pot of nations and a bridge for cultural transmission Marek employs ancient sources to illuminate civic institutions urban and rural society agriculture trade and money the influential Greek writers of the Second Sophistic the notoriously bloody exhibitions of the gladiatorial arena and more He draws on the latest research in fields ranging from demography and economics to architecture and religion to describe how Asia Minor became a center of culture and wealth in the Roman Empire A breathtaking work of scholarship In the Land of a Thousand Gods will become the standard reference book on the subject in English

An Introduction to the Gospels and Acts Charles B. Puskas, David Crump, 2008-07-15 Leading students through the texts highlighting the various literary devices and themes and pointing out the historical and cultural contexts An Introduction to the Gospels and Acts is a fruitful collaboration between a mainline scholar Puskas and a more evangelical scholar Crump who clearly articulate their own opinions while charitably engaging a wide spectrum of scholarship The coverage of the Gospels and Acts throughout is clear comprehensive and well documented Maps charts outlines and tables round out the wealth of information offered here

The Military Legacy of Alexander the Great Michael P. Ferguson, Ian Worthington, 2023-11-28 Placing Alexander the Great's leadership command skills and grand strategy within the context of twenty first century military challenges and thus showing continuities in leadership and warfare since his time this volume demonstrates how and why Alexander is relevant to the modern world by emphasizing the need for human leadership in our digital era Not only does this volume explore Alexander's rich military history but also it provides a robust exploration of the twenty first century security environment Theorists and policy makers will gain insight into how Alexander's story informs our thinking about peace war and strategy while practitioners and educators will encounter ways to improve their approaches to leader development and building curricula Ferguson and Worthington set forth these lessons in a thematic framework that organises Alexander's reign into distinct parts together with chapters discussing the lessons and warnings he brings to the modern world Twenty fifth National Security Advisor to the President of the United States Lt Gen H R McMaster provides a thoughtful conclusion to this fascinating volume Alexander's timeless campaigns remain as germane to this age as any other and demonstrate the critical importance of dynamic leadership and historical studies in an era increasingly dominated by the culture of technology The Military Legacy of Alexander the Great is expertly written for students and scholars in a variety of disciplines including Classics Ancient History Modern History Peace

Studies and Military Studies It is also of great interest to senior defence leaders military academies leadership and management focused academic programmes intelligence organizations and senior service colleges The volume is also suitable for the general reader interested in warfare military history and history more broadly

Alexander The Great The Hunt For A New Past Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Alexander The Great The Hunt For A New Past PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge

promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Alexander The Great The Hunt For A New Past PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Alexander The Great The Hunt For A New Past free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Alexander The Great The Hunt For A New Past Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Alexander The Great The Hunt For A New Past is one of the best book in our library for free trial. We provide copy of Alexander The Great The Hunt For A New Past in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Alexander The Great The Hunt For A New Past. Where to download Alexander The Great The Hunt For A New Past online for free? Are you looking for Alexander The Great The Hunt For A New Past PDF? This is definitely going to save you time and cash in something you should think about.
