Governance of Near-Urban Conservation Areas Michael Lait, 2021-03-22 This book comprehensively describes the history of Gatineau Park from the first proposals for a national park in the early 1900s to the governance issues in the present period and it highlights the issues concerning the planning and governance of this unique near urban ecological area The 34 500 hectare Gatineau Park is an ecologically diverse wilderness area near the cities of Ottawa Canada s national capital and Gatineau Gatineau Park is planned and managed as the Capital s Conservation Park by the federal government specifically the National Capital Commission NCC This monograph examines numerous governmental and non governmental actors that are engaged in the governance of a near urban wilderness area Unlike Canada s national parks Gatineau Park s administration involves all three levels of government federal provincial and four municipalities This book is the first to document the relations among the public and private entities and is one of only a handful of studies concerning the governance of Canada s National Capital Region NCR which is relatively unique in the literature on federal capitals Of particular interest to students of governance will be the examination of federal provincial relations as the Governments of Canada and Quebec have had a notoriously strained relationship As the first governance study of Gatineau Park the monograph will provide readers with insight into the significance of non state actors showing the range of competencies that public and private groups deploy in their negotiations with NCC planners policymakers park managers local and federal politicians
