Thinking through the Mothers Janet Beizer, 2011-03-15 If questions of subjectivity and identification are at stake in all biographical writing they are particularly trenchant for contemporary women biographers of women Often their efforts to exhume buried lives in hope of finding spiritual foremothers awaken maternal phantoms that must be embraced or confronted Do women writing in fact have any greater access to their own mothers' lives than to the lives of other women whose stories have been swept away like dust in the debris of the past In *Thinking through the Mothers* Janet Beizer surveys modern women's biographies and contemplates alternatives to an approach based in lineage and the form of thought that emphasizes the line the path hierarchy unity resemblance reflection and the aesthetic mimesis that depends on these ideas Through close readings of memoirs and fictions about mothers Beizer explores how biographers of the women who came before rehearse and rewrite relationships to their own mothers biographically as they seek to appropriate the past in a hybrid genre she calls bio autography *Thinking through the Mothers* features the work of George Sand and Colette and spans such varied figures as Gustave Flaubert Julian Barnes Louise Colet Eunice Lipton Vladimir Nabokov Huguette Bouchardeau and Christa Wolf Beizer seeks an alternative to women's salvation biography or resurrection biography that might resist nostalgia be attentive to silence and reinvent the means to represent the lives of precursors without appropriating traditional models of genealogy

Gender and Activism in a Little Magazine Rachel Schreiber, 2017-07-05 Interweaving nuanced discussions of politics visibility and gender *Gender and Activism in a Little Magazine* uncovers the complex ways that gender figures into the graphic satire created by artists for the New York City based socialist journal the *Masses* This exceptional magazine was published between 1911 and 1917 during an unusually radical decade in American history and featured cartoons drawn by artists of the Ashcan School and others addressing questions of politics gender labor and class Rather than viewing art from the *Masses* primarily in terms of its critical social stances or aesthetic choices however this study uses these images to open up new ways of understanding the complexity of early 20th century viewpoints By focusing on the activist images found in the *Masses* and studying their unique perspective on American modernity Rachel Schreiber also returns these often ignored images to their rightful place in the scholarship on American modernism This book demonstrates that the centrality of the *Masses* artists commitments to gender and class equality is itself a characterization of the importance of these issues for American moderns Despite their alarmingly regular reliance on gender stereotypes and regardless of any assessment of the efficacy of the artists activism the graphic satire of the *Masses* offers invaluable insights into the workings of gender and the role of images in activist practices at the beginning of the last century

Venus in Exile Wendy Steiner, 2001-10-24 Whereas previous eras had celebrated beauty as the central aim of art the modernist avant garde were deeply suspicious of beauty and its perennial symbols woman and ornament preferring instead the thrill and alienation of the sublime They rejected harmony empathy and femininity in a denial still reverberating through art and social relations today Exploring this casting of Venus with all her charms into exile Wendy Steiner's brilliant ambitious and provocative analysis explores the twentieth century's troubled relationship with beauty Tracing this strange and damaging history starting from Kant's aesthetics and Mary Shelley's horrified response in *Frankenstein* Steiner untangles the complex attitudes of modernists toward both beauty and the female subject in art She argues that the avant garde set out to replace the impurity of woman and ornament with form the new arch symbol of artistic beauty However in the process of controlling desire and pleasure in this way artists admitted the exotic fetish objects of primitive cultures someone else's power and allure that surely would not overmaster the sophisticated modernist A century of pornography shock and alienation followed and this rejection of feminine and bourgeois values domesticity intimacy charm kept the female subject an impossible and remote symbol Ironically as Steiner reveals the feminist hostility to the beauty myth had a parallel result leaving Western society alienated from desire and pleasure on all sides In the course of this elegantly constructed and accessibly written argument Steiner explores the cultural history of the century just ended from Dada to Futurism T S Eliot's *Wasteland* and Picasso's *Les Femmes d'Alger* to *Pumping Iron II: The Women* and *Deep Throat* Jean Michel Basquiat and *Outsider Art* Naomi Wolf and Cindy Sherman Thomas Pynchon and Don DeLillo ranging across art and architecture poetry and the novel feminist writing and pornography Only in recent years Steiner demonstrates has our culture begun to see a way out of this damaging impasse revising the reputations of neglected artists such as Pierre Bonnard and celebrating pleasure and charm in the arts of the present By disentangling beauty from a misogynistic view of femininity as passive narcissistic sentimental inefficacious Western culture now seems ready to return to the female subject and ornament in art and to accept male beauty as a possibility to explore and celebrate as well Steiner finds hints of these developments in the work of figures as varied as

the painter Marlene Dumas the novelist Penelope Fitzgerald and the choreographer Mark Morris as she leads us to a rediscovery and a reclamation of beauty in the Western world From one of our most thoughtful and ambitious cultural critics this important and thought provoking work not only provides us with a searching analysis of where we have been in the last century but reveals the promise of where we might be going in the coming one **Finding the Woman Who Didn't Exist**

The Conspiracy of Modern Art Luiz Renato Martins, 2017-03-06 In The Conspiracy of Modern Art the Brazilian critic and art historian Luiz Renato Martins presents a new account of modern art from David to Abstract Expressionism The once vibrant debate on these touchstones of modernism has gone stale Viewed from the Sao Paulo megalopolis the art of Paris and New York embodying Revolution Thermidor Bonapartism and Bourgeois Triumph once more pulsates in tragic key Equally attentive to form and politics Martins invites us to look again at familiar pictures In the process modern art appears in a new light These essays largely unknown to an English speaking audience may be the most important contribution to the account of modern painting since the important debates of the 1980s

Italian Women and Autobiography Fabiana Cecchini, Ioana Raluca Larco, 2011-01-18 The essays included in this collection examine issues such as identity and ideology which are at play in the female autobiography practice along with the problematicity that these trigger in terms of self representation and traditional formal boundaries The women writers analyzed here through mainly historical literary feminist and psychoanalytic lenses cover a long period in the history of Italy spanning from the Fascist era to our time In an attempt to organize and connect these texts which are chronologically far apart we have divided our contributions into two main parts The first Shapes of Ideology includes authors interacting primarily with political ideology in a way that eventually entails the challenge of the official technologies of gender De Lauretis 1987 and implicitly a reflection on the gendered identity In the second part Reconsidering ideology negotiating autobiography while the political ideology is not completely excluded it becomes however something more internalized and relevant to the writers quest for identity Such process bears consequences with respect to the canon of autobiography as authors experiment with new forms of autobiographical narratives and readers become more and more an integral component of this personal endeavor
