Alice Neel:

Alice Neel Alice Neel, 2002 Alice Neel's remarkable drawings are intimate explorations of her personal life her loves and her family her friends people she met in New York and the art world Spontaneous and dynamic the works on paper in Black and White provide insight into her environments exterior and interior In them she positions universal themes motherhood death longing within the sphere of her private existence and her social unconscious While a handful of the drawings are urban cityscapes and others are domestic settings the majority are portraits And when Neel the self-named Collector of Souls composed a portrait she never posed her sitters Instead she studied and spoke intimately with her subjects as they unconsciously assumed their most natural attitude which she believed exorted all their character and life experience The images she created full of distinctly innate gestures stemmed from her succinct understanding and assembled memory and coalesced into a unique impression of a person

flaunting convention both in her life and her work The Art of the Sister Chapel Andrew Hottle, 2017-07-05 The Sister Chapel 1974-78 was an important collaborative installation that materialized at the height of the women's art movement. Conceived as a nonhierarchical secular commemoration of female role models, The Sister Chapel consisted of an eighteen-foot abstract ceiling that hung above a circular arrangement of eleven monumental canvases, each depicting the standing figure of a heroic woman. The choice of subject was left entirely to the creator of each work. As a result, the paintings formed a visually cohesive group without compromising the individuality of the artists. Contemporary and historical women deities and conceptual figures were portrayed by distinguished New York painters Alice Neel, May Stevens, and Sylvia Sleigh, as well as their accomplished but less prominent colleagues. Among the role models depicted were Artemisia Gentileschi, Frida Kahlo, Betty Friedan, Joan of Arc, and a female incarnation of God. Although last exhibited in 1980, The Sister Chapel has lingered in the minds of art historians who continue to note its significance as an exemplar of feminist collaboration. Based on previously unpublished archival materials and featuring dozens of rarely seen works of art, this comprehensive study details the fascinating history of The Sister Chapel, its constituent paintings, and its ambitious creators. *A Decade of Negative Thinking* Mira Schor, 2010-01-25 Writings on the changing relationship between feminism and art production and criticism and the impact of intergenerational struggle in the contemporary art world *Alice Neel* Bice Curiger, 2016-06-22 Dieser Katalog erscheint anlässlich der Ausstellung Alice Neel: painter of modern life, Ateneum Art Museum, Finnish National Gallery, Helsinki, 10.
