Congress, 2002 **Legislative and Executive Calendar** United States. Congress. Senate. Committee on the Judiciary, 1995 *Brokered Boundaries* Douglas S. Massey, Magaly Sanchez R., 2010-05-06 Anti immigrant sentiment reached a fever pitch after 9 11 but its origins go back much further Public rhetoric aimed at exposing a so called invasion of Latino immigrants has been gaining ground for more than three decades and fueling increasingly restrictive federal immigration policy Accompanied by a flagging U S economy record level joblessness bankruptcy and income inequality as well as waning consumer confidence these conditions signaled one of the most hostile environments for immigrants in recent memory In *Brokered Boundaries* Douglas Massey and Magaly Sanchez untangle the complex political social and economic conditions underlying the rise of xenophobia in U S society The book draws on in depth interviews with Latin American immigrants in metropolitan New York and Philadelphia and in their own words and images reveals what life is like for immigrants attempting to integrate in anti immigrant times What do the social categories Latino and American actually mean to today's immigrants *Brokered Boundaries* analyzes how first and second generation

immigrants from Central and South America and the Caribbean navigate these categories and their associated meanings as they make their way through U S society Massey and S nchez argue that the mythos of immigration in which newcomers gradually shed their respective languages beliefs and cultural practices in favor of a distinctly American way of life is in reality a process of negotiation between new arrivals and native born citizens Natives control interactions with outsiders by creating institutional social psychological and spatial mechanisms that delimit immigrants access to material resources and even social status Immigrants construct identities based on how they perceive and respond to these social boundaries The authors make clear that today s Latino immigrants are brokering boundaries in the context of unprecedented economic uncertainty repressive anti immigrant legislation and a heightening fear that upward mobility for immigrants translates into downward mobility for the native born Despite an absolute decline in Latino immigration immigration related statutes have tripled in recent years including many that further shred the safety net for legal permanent residents as well as the undocumented Brokered Boundaries shows that although Latin American immigrants come from many different countries their common reception in a hostile social environment produces an emergent Latino identity soon after arrival During anti immigrant times however the longer immigrants stay in America the more likely they are to experience discrimination and the less likely they are to identify as Americans

Dystopia and Dispossession in the Hollywood Science Fiction Film, 1979-2017 Harry Warwick, 2023-02-15 Offering a survey of Hollywood science fiction cinema from 1979 to 2017 from Ridley Scott s *Alien* to Denis Villeneuve s *Blade Runner 2049* *Dystopia and Dispossession in the Hollywood Science Fiction Film* argues that the trajectory of Hollywood s dystopianism in that period is inextricable from the phenomenon of the new enclosures the new dispossessions and privatisations sweeping across the United States since the 1970s More precisely it contends that the critiques of such dispossessions elaborated before the turn of the century consider the satire of private policing in *RoboCop* 1987 the portrayal of commodified air in *Total Recall* 1990 and the nightmarish extrapolations of postmodern urbanism in *Blade Runner* 1982 and *The Truman Show* 1998 begin to disappear in films such as *The Matrix* 1999 *The Island* 2005 *District 9* 2009 *Repo Men* 2010 and *The Purge* 2013 the further commodification of land forest reservoir ideas even the human genome having diminished the contrast between capitalist and non capitalist spaces on which the earlier critiques depended Bringing close readings of blockbuster films into dialogue with historical and theoretical scholarship on dispossession *Dystopia and Dispossession in the Hollywood Science Fiction Film* proposes a new understanding of the politics of science fiction in particular and utopian thought in general
