My First Love Is Watching Over Me Pearle White,2023-01-10 This book is about an outstanding woman who had to face all of her obstacles through faith She began acting out her ambitious personality through everything that she had set out to do After being let down by so many people who she loved and trusted she turned back to the first and only love she knew God Inspiration from God showed positive outcomes in difficult situations This book is to tell my readers that there is a God and he can deliver them just as he delivered me in my time of need by developing a relationship with God you are opening a new door to your life just by having faith in him he will start to show you his loyalty faithfulness and unfailing love and no matter what you go through God is using you as a witness to prove what he say is true and that God does preform miracles that are unknown to mankind With this said she was given the courage and the strength through the love of God to raise and nurture four dependents 3 sons and a husband who was rarely there at times All of a sudden things started to happen to the family things that were so unbelievable She felt such pain in her back from a forklift that created a muscle disorder through out her entire body but God kept her going She is such a courageous woman and she has struggled through many things such as the loss of loved ones and getting caught in the midst of fire But through it all with the help of God she has been able to find true love and happiness in her life LEARNS Literacy Assessment Profile Judith Gold,1999 The Two Sides of the

Golden Rule Martha Fehr M.A.,Wes Fehr Ph.D.,2011-03-18 I believe that the Bible teaches assertiveness as the most mature biblical way of living In very simple terms assertiveness is when we say Come sit with me Let s talk about our relationship What is working for us and what needs to change When we are assertive we do not run and hide from relationship difficulties neither do we demand that things are done our way Instead we face the problems head on and in a calm but firm manner we address the issues that need to be resolved When I have been privileged to help people become assertive they have not only improved their interpersonal relationships they have developed a healthier self esteem and for people with a faith in God that relationship has also deepened Because I have seen such positive changes in the clients I have worked with I have become passionate about the importance of being assertive My own relationships have also improved when I have practiced assertiveness Before I worked as a counselor I taught school for several years Later as a counselor I wished that someone would design a course on assertiveness that could be used in the classroom If children would learn the value of assertive behavior early in life they would struggle less with relationships throughout their lives **Qualitative Research Methods**
