Forthcoming Books Rose Army,2000 Cradle of Death John Glatt,2000 Chilling story of ten babies eight murders and one woman to blame a mother multiple murder and SIDS Whatever Mother Says . . . Wensley Clarkson,2014-06-10 In this true crime expos a single mother is accused of torturing and murdering her own daughters and involving their siblings in the coverup Raising her five kids alone in a rundown section of Sacramento Theresa Cross Knorr seemed like the ultimate survivor But her youngest daughter sixteen year old Terry told police another story one in which Theresa no longer the petite brunette she once was became insanely jealous of her pretty eldest daughters and enlisted the help of her two teenaged sons in a vicious campaign against them According to Terry Theresa drugged handcuffed and shot sixteen year old Suesan allowing her wounds to fester until the day she ordered her sons to burn their sister alive Next Terry said Theresa severely beat twenty year old Sheila and then locked her in a broom closet so that when the girl finally starved to death her brothers dumped her body in the same desolate mountain range where they had cremated Suesan It took Terry five agonizing years to convince authorities to investigate her grisly account of a mother so sadistic and deranged that she became her childrens own executioner **Bye Mam, I Love You - A daughter's last words. A mother's search for justice. The shocking true story of the murder of Rebecca Aylward** Sonia Oatley,2014-08-07 On Saturday 23 October 2010 Sonia Oatley waved off her 15 year old daughter Becca to meet Joshua Davies a former boyfriend Becca s hope was that the two of them would get back together but it was not to be By 3pm oddly she stopped answering her mobile By 7 30 she was officially declared missing And at 10am the following morning while Sonia and the family were out searching came the call that is every parent s worst nightmare The police had found the body of a young girl in local woodland she d been bludgeoned to death with a rock Bye Mam I Love You is the story of Rebecca Aylward s murder a slaying that was described by an incredulous media as having been committed for the price of a breakfast But as soon became clear this was no crime of passion Becca s death had apparently been many months in the planning by a calculating cold blooded killer From the immediate arrest of 16 year old Joshua Davies to the lengthy investigation and harrowing five week trial that convicted him this book is both an expression of a mother s love and her pride in a daughter who had so much to live for as well as an insight into the mind of a brutal murderer Goodbye, My Little Ones John O'Brien,Charles Hickey,2018 The true story of a murderous mother and five innocent victims With eight pages of photos Charles Hickey Todd Lighty and John O'Brien bring the story of a mother not fit for the title Waneta Hoyt s first baby died Then her second Then her third Nobody including her husband suspected Waneta Hoyt or stopped her from having more babies Then her fourth baby died Then her fifth And the famed medical expert declared they had died of sudden infant death syndrome and use them to support his theory that SIDS ran in families One man however did not except the diagnosis District Attorney Bill Fitzpatrick set out to expose the truth about a crime hard to imagine To do so meant convicting a woman who had won the hearts of all And just proving a doctor who had climbed to the

Hush Little Babies Don Davis,2007-04-01 A killing so brutal it shocked the police and left the nation grieving Hush Little Babies is the appalling true story of Darlie Routier the neighborhood's most wonderful mom who one night coldly calculatingly and brutally stabbed her two sons and watched them die in a pool of their own blood Darlie claimed an intruder has come through the window fatally stabbed her sons six year old Devon and five year old Damon slashed her throat with same knife then fled while her husband and infant son slept upstairs At first Darlie's heartfelt testimony evoked fear and sympathy in her safe Dallas community Then police became suspicious after these troubling questions were raised Why according to a police report didn't Darlie make any attempt to help her dying sons Why when she called 911 did she tell the dispatcher that her own fingerprints would be on the murderer's knife because she had picked it up Why did the trail of blood left behind contradict Darlie's testimony From the dark forces that drove her to kill her own flesh and blood to the evidence that snared her in her own twisted web here is a chilling account of homemaker loving wife mother of three and cold blooded killer Darlie Routier Baby Be Mine Diane Fanning,2006-08-29

THE MIRACLE OF LIFE When Lisa Montgomery presented her husband Kevin with their new born baby girl he was ecstatic Naming the child Abigail the couple brought her to their local pastor Miles away police were investigating the brutal murder of a pregnant woman THE HORROR OF MURDER Twenty three year old Bobbie Jo Stinnett was found by her mother lying in a pool of blood looking as if her stomach had exploded Investigators soon determined Someone had strangled Bobbie Jo to death and then cut her fetus from her womb THE WOMAN ACCUSED OF KILLING FOR AN UNBORN CHILD In late 2004 two women met in a dog breeding internet chat room When Elizabeth Montgomery came face to face with eight months pregnant Bobbie Jo Stinnett prosecutors claim she already had a plan Investigators knew that Bobbie Jo had fought desperately for her life and that her fetus alive or dead was gone Investigators scrambled after a killer An Amber Alert went out for an hours old infant And this horrifying case was about to shock neighbors and a nation of a woman accused of murdering for a baby **Goodbye, My**

Little Ones Charles Hickey,1996 The Mother from Hell Wensley Clarkson,2012 For years Theresa Knorr subjected her offspring to a variety of physical and mental tortures culminating in her ordering her two sons to drug torture and then burn alive one of their sisters This is the true story of a family unit twisted beyond recognition by a mother who committed the most evil of crimes **Sleep My Darlings** Diane Fanning,2013-04-30 SLEEP MY DARLINGS Diane Fanning On January 28

2011 the Tampa Police Department received a phone call from a woman who was worried about her daughter Julie Schenecker A devoted Army wife and mother of two Julie had sent her mother an email that could be described as suicidal When authorities arrived at the Schenecker home they encountered a horrific scene Sixteen year old Calyx and thirteen year old Beau Schenecker were found dead both of them shot then covered with blankets Upon questioning Julie admitted that she was tired of the kids talking back and just wanted it to be over Had her manic depression driven her to the point of insanity Or was hers a case of cold calculated violence and manipulation This is the shocking true story of motherhood mental illness and two charges of murder in the first degree Mommy's Little Angels Mary Lou Cavanaugh,1995 The story of Diane Lumbrera who murdered her own six children and the child of a relative uncovers the facts about the case revealing those who allowed her to go free and those who finally brought her to justice Original **The Mother from Hell** Wensley Clarkson,1995 To friends and neighbours Theresa Knorr was a devoted loving mother struggling to bring up five children on her own Yet she had secretly become so insanely jealous of her daughters growing beauty that she arranged terrible deaths for two of them **Nikitta: A Mother's Story - The Tragic True Story of My Daughter's Murder** Marcia Grender,2016-02-10 On 5 February 2011 Marcia Grender received a phone call which changed her life forever The flat her beautiful nineteen year old daughter Nikitta shared with her fianc Ryan Mayes was on fire and Nikitta was believed to be trapped inside Marcia and her partner Paul Nikitta s father rushed to the scene but there was nothing they could do Firefighters had already discovered Nikitta s body in the wreckage of the home she d lovingly built with her childhood sweetheart To add to their agony Nikitta had been eight months pregnant The fully formed yet unborn baby girl she d already named Kelsey May was gone too But it soon became apparent Nikitta s death was far from an accident Within hours the investigation became a murder inquiry and Ryan s cousin Carl Whant was the prime suspect Whant had been openly infatuated with Nikitta and boasted that he thought of her every time he had sex As her world collapsed around her Marcia could only watch in horror Shortly after Whant was charged with murder child destruction rape and arson she began charting her feelings in a searingly honest diary the contents of which are published for the first time in this book Marcia painstakingly recalls the agony of holding her granddaughter for the first time in a police mortuary but being unable to see her dead daughter because of the shocking state in which Whant had left her She charts the pain of laying them both to rest knowing she will have to face their killer every day in court when Whant s case comes to trial For the first time she opens up about her turbulent relationship with Ryan and the devastating revelations which almost cause her world to shatter for a second time But above all she speaks of the indescribable hell of learning to live without the most important thing in her life *The Death of Innocents* Richard Firstman,Jamie Talan,1998-10 Unraveling a twenty five year tale of multiple murder and medical deception The Death of Innocents is a work of first rate journalism told with the compelling narrative drive of a mystery novel More than just a true crime story it is the stunning expose of spurious science that sent medical researchers in

the wrong direction and nearly allowed a murderer to go unpunished On July 28 1971 a two and a half month old baby named Noah Hoyt died in his trailer home in a rural hamlet of upstate New York He was the fifth child of Waneta and Tim Hoyt to die suddenly in the space of seven years People certainly talked but Waneta spoke vaguely of crib death There was plenty of unease but over time the talk faded Nearly two decades later a district attorney in Syracuse New York was alerted to landmark paper in the literature on Sudden Infant Death Syndrome SIDS that had been published in a prestigious medical journal in 1972 Written by a prominent researcher at a Syracuse medical center the article described the brief lives and sudden deaths of N H and his sister M H part of a family in which three other children had died suddenly without explanation The more the D A pushed and probed the more he was convinced something was very wrong about this account It was the start of an intensive quest by a team of investigators and it came to its climax on April 20 1995 when after a dramatic trial Waneta Hoyt was found guilty of the murder of all her children But this book is more than a vivid account of infanticide revealed It is also a riveting medical detective story That journal article by a charismatic doctor had legitimized the deaths of the last two babies by theorizing a cause for the mystery of SIDS suggesting it could be predicted and prevented and fostering the presumption that SIDS runs in families In the years thereafter this theory became the prevailing wisdom about SIDS every new parent s nightmare More than two decades of studies have failed to confirm any of these widely accepted premises How this happened could have happened is a compelling story of high stakes medical research in action And the enigma of familial SIDS has given rise to a special and terrible irony Today there is a maxim in forensic pathology One unexplained infant death in a family is SIDS Two is very suspicious Three is homicide Mockingbird Gregg Olsen,1995 Describes the story of nurse Tanya Reid whose diagnosis with Munchausen Syndrome by Proxy revealed that her first child who supposedly died from SIDS had been murdered by her mother and that her second child was also being targeted Original *The Death of Innocents* Richard Firstman,Jamie Talan,1997 Unraveling a twenty five year tale of multiple murder and medical deception The Death of Innocents is a work of first rate journalism told with the compelling narrative drive of a mystery novel More than just a true crime story it is the stunning expose of spurious science that sent medical researchers in the wrong direction and nearly allowed a murderer to go unpunished On July 28 1971 a two and a half month old baby named Noah Hoyt died in his trailer home in a rural hamlet of upstate New York He was the fifth child of Waneta and Tim Hoyt to die suddenly in the space of seven years People certainly talked but Waneta spoke vaguely of crib death There was plenty of unease but over time the talk faded Nearly two decades later a district attorney in Syracuse New York was alerted to landmark paper in the literature on Sudden Infant Death Syndrome SIDS that had been published in a prestigious medical journal in 1972 Written by a prominent researcher at a Syracuse medical center the article described the brief lives and sudden deaths of N H and his sister M H part of a family in which three other children had died suddenly without explanation The more the D A pushed and probed the more he was convinced something was very wrong about this

account It was the start of an intensive quest by a team of investigators and it came to its climax on April 20 1995 when after a dramatic trial Waneta Hoyt was found guilty of the murder of all her children But this book is more than a vivid account of infanticide revealed It is also a riveting medical detective story That journal article by a charismatic doctor had legitimized the deaths of the last twobabies by theorizing a cause for the mystery of SIDS suggesting it could be predicted and prevented and fostering the presumption that SIDS runs in families In the years thereafter this theory became the prevailing wisdom about SIDS every new parent s nightmare More than two decades of studies have failed to confirm any of these widely accepted premises How this happened could have happened is a compelling story of high stakes medical research in action And the enigma of familial SIDS has given rise to a special and terrible irony Today there is a maxim in forensic pathology One unexplained infant death in a family is SIDS Two is very suspicious Three is homicide I Let Him Go Denise Fergus,2018-02-01 On 12th February 1993 Denise Fergus s life changed forever As she was running errands at New Strand Shopping Centre she let go of her two year old son s hand for a few seconds to take out her purse Denise never saw her son again For the first time since that moment 25 years ago Denise tells her extraordinary story in this heart wrenching book an unflinching account of that terrible day What if she had never taken James shopping What if she had turned right coming out of the butcher s instead of left Denise s initial hope after seeing her son on CCTV with other children quickly turned to devastation when two days later James body was found His death reverberated around the world and his killers became the youngest ever convicted murderers in UK legal history Four minutes is all it took for them to lead James away from his mother to his death Denise took up a tortuous legal battle for James and it was her astonishing strength and love for her son that ultimately helped to change the way the law treats victims of crime This is a mother s tale of finding a way through the despair to remember the happiness and wonderful memories that James brought his family Above all Denise doesn t want her son to be remembered as a murdered child and with this beautifully written book she does just that Part of the proceeds of the book will be donated to the James Bulger Memorial Trust Mother Dearest Wensley Clarkson,2005-01-01 The bond between a mother and daughter is like no other But in the case of the Knorr family with deranged and deluded mother Theresa Knorr at its head the love and trust that a child naturally places in a parent was grotesquely betrayed under a perverse and terrible set of circumstances To friends and neighbours dark haired Theresa was a devoted loving mother struggling to bring up five children on her own Little did they know that behind closed doors the same woman was driven by religious extremism terrible paranoia and an all consuming jealousy of her daughters beauty that led to one of the worst cases of serial abuse and murder in history This is the true story of a family unit twisted out of all recognition by a mother who perpetrated the most evil of crimes A story that would not have been told was it not for one surviving daughter **My Sweet Angel** John Glatt,2017-10-03 Mommy blogger Lacey Spears made headlines when she was charged with the murder of her five year old son Garnett Prosecutors alleged that she had poisoned him with high concentrations of salt through his

stomach tube How could a mother do such a thing to her own son This is the shocking true story To the outside world Lacey had seemed like a loving concerned mother regularly posting updates on social media about her son s harrowing medical problems But in reality Lacey was a textbook case of Munchausen syndrome by proxy From the time he was an infant Lacey deliberately made Garnett sick to elicit sympathy from medical professionals as well as her hundreds of followers on Facebook Twitter and her own blog When a Westchester County jury found her guilty of killing Garnett in April 2015 she was sentenced to twenty years to life in prison My Sweet Angel is the definitive account featuring interviews with Lacey s family the investigators who broke the case even Lacey herself of an extraordinary case that shocked the world
