Created Equal R. A. Brown, 2011-07 Desperate to become a priest in the Catholic Church Aleksandra Kowalski turns to Thomas Patrick O Reilly one of the wealthiest and most successful trial lawyers in Houston Texas Tommy believes the Catholic Church has no basis under United States law to exclude women from the seminary and files suit against the Archdiocese of Galveston Houston and Archbishop Jorge Sierra for sex discrimination without justifiable cause The Catholic Church hires Monsignor Enrico Renzulli the General Counsel of the United States Catholic Conference of Bishops Renzulli a priest and Harvard educated attorney has substantial trial experience and has taken on and beaten lawyers considerably smarter than O Reilly He believes the lawsuit should be summarily dismissed because the First Amendment of the United States Constitution grants all citizens the freedom of religion and it prevents a federal court from interfering with the ecclesiastical rules of any church including the Catholic Church But watching and waiting in the wings is an extreme and tyrannical sect unaffiliated with the Catholic Church As the trial unfolds and the legal proceedings begin to undermine the sacred Catholic Church teaching a right wing extremist and a member of the Holy Mother Church concocts a plot to stop the heresy against God that includes kidnapping and murder Will the First Amendment protect the Catholic Church and supersede all Will Tommy O Reilly come through Will Aleksandra Kowalski survive this ordeal Find out in R A Brown s gripping legal thriller *Created Equal*

Created Equal Joshua Berman, 2011-08-12 In *Created Equal* Joshua Berman engages the text of the Hebrew Bible from a novel perspective considering it as a document of social and political thought He proposes that the Pentateuch can be read as the earliest prescription on record for the establishment of an egalitarian polity What emerges is the blueprint for a society that would stand in stark contrast to the surrounding cultures of the ancient Near East Egypt Mesopotamia Ugarit and the Hittite Empire in which the hierarchical structure of the polity was centered on the figure of the king and his retinue Berman shows that an egalitarian ideal is articulated in comprehensive fashion in the Pentateuch and is expressed in its theology politics economics use of technologies of communication and in its narrative literature Throughout he invokes parallels from the modern period as heuristic devices to illuminate ancient developments Thus for example the constitutional principles in the Book of Deuteronomy are examined in the light of those espoused by Montesquieu and the rise of the novel in 18th century England serves to illuminate the advent of new modes of storytelling in biblical narrative

Valsania, 2013-03-21 Although scholars have adequately covered Thomas Jefferson's general ideas about human nature and race this is the first book to examine what Maurizio Valsania terms Jefferson's philosophical anthropology philosophical in the sense that he concerned himself not with describing how humans are culturally or otherwise but with the kind of human being Jefferson thought he was wanted to become and wished for citizens to be for the future of the United States Valsania's exploration of this philosophical anthropology touches on Jefferson's concepts of nationalism, slavery, gender roles, modernity, affiliation and community More than that *Nature's Man* shows how Jefferson could advocate equality and yet control and own other human beings A humanist who asserted the right of all people to personal fulfillment Jefferson nevertheless had a

complex philosophy that also acknowledged the dynamism of nature and the limits of human imagination Despite Jefferson s famous advocacy of apparently individualistic rights to life liberty and the pursuit of happiness Valsania argues that both Jefferson s yearning for the human individual to become something good and his fear that this hypothetical being would turn into something bad were rooted in a specific form of communitarianism Absorbing and responding to certain moral philosophical currents in Europe Jefferson s nature infused vision underscored the connection between the individual and the community

Born Equal Akhil Reed Amar,2025-09-16 From one of our most prodigious constitutional scholars Jonathan Eig the definitive history of how the ideal of birth equality reshaped the American Constitution from antebellum debates over slavery and secession to the Civil War and emancipation to women s suffrage In 1840 millions of Black Americans groaned in the chains of slavery By 1920 millions of American men and women of every race had won the vote In *Born Equal* the prizewinning constitutional historian Akhil Reed Amar recounts the dramatic constitutional debates that unfolded across these eight decades when four glorious amendments abolished slavery secured Black and female citizenship and extended suffrage regardless of race or gender At the heart of this era was the epic and ever evolving idea that all Americans are created equal The promise of birth equality sat at the base of the 1776 Declaration of Independence But in the nineteenth century remarkable American women and men especially Elizabeth Cady Stanton Frederick Douglass Harriet Beecher Stowe and Abraham Lincoln elaborated a new vision of what this ideal demanded Their debates played out from Seneca Falls to the halls of Congress from Bleeding Kansas to Gettysburg from Ford s Theater to the White House gates ultimately transforming the nation and the world An ambitious narrative history and a penetrating work of legal and political analysis *Born Equal* is a vital new portrait of America s winding road toward equality

From

the Clinics to the Capitol Carol Mason,2025 Over the course of the past few decades the right wing politics of abortion have centered on the idea that America is a white Christian nation whose government protects its enemies While these politics profess these ideals they also decry that America has been deprived by Black criminality and welfare dependency and preyed upon by a genocidal state authorized abortion industry Drawing on primary sources from antiabortion militants white supremacists and pro life women from the 1970s to the present right wing studies scholar Carol Mason shows how white nationalism and authoritarian populism have for decades made inroads in the American imagination under the guise of opposing abortion Bringing white poverty and precarity into revealing dialog with right wing organizing religion and race thought From the Clinics to the Capitol elucidates the disturbing reality of US politics today *The Prophetic Voice of Amos on Contemporary Social Justice* Patrick Kofi Amissah,2023-09-14 This volume comprehensively examines all texts dealing with social justice in the Prophecy of Amos It also provides evidence of contemporary systemic social injustice The volume then reflects on how biblical social justice is relevant to the contemporary quest for social justice This volume demonstrates that irrespective of the hermeneutical challenges the principles gleaned from the pages of the Hebrew Bible can dialogue effectively with modern issues and deduce living principles that could enable us to deal with issues that confront us today It is thus a framework by which biblical social justice illuminates the contemporary quest for social justice *The Congressional Globe* United States. Animals Like Us Mark Rowlands,2002 Foot and mouth and mad cow disease are but two of the results of treating animals as commodities subject only to commercial constraints and ignoring all natural and moral considerations Chickens hanging by their necks on conveyor belts caged pigs with sores bloated dead sheep with their legs in the air mutilated dogs waiting to die after undergoing horrendous experiments in the name of science or just product testing these are some of the images that illustrate the indifference of a consumerist society to the suffering of animals Few are willing to recognize that the packaged sanitized supermarket meat that materializes on their dinner tables every day is the result of an industrial process involving unimaginable pain and suffering We would be horrified if our pets were harmed yet every day we eat animals that have been tortured and executed Mark Rowlands claims that it is simply unjust to harm animals As conscious sentient beings biologically continuous with humans they have interests that cannot simply be disregarded Using simple principles of justice he argues that animals have moral rights and examines the consequences of this claim in the contexts of vegetarianism animal experimentation zoos and hunting and animal rights activism
