development of the arts The intellectual context of 1930s American culture is a strong feature whilst case studies of influential texts and practitioners of the decade from *War of the Worlds* to *The Grapes of Wrath* and from Edward Hopper to the Rockefeller Centre help to explain the cultural impulses of radicalism nationalism and escapism that characterize the United States in the 1930s

***Republic of Detours*** Scott Borchert, 2025-09-23 A New York Times Book Review Editors Choice Winner of the New Deal Book Award An immersive account of the New Deal project that created state by state guidebooks to America in the midst of the Great Depression and employed some of the biggest names in American letters The plan was as idealistic as it was audacious and utterly unprecedented Take thousands of hard up writers and put them to work charting a country on the brink of social and economic collapse with the aim of producing a series of guidebooks to the then forty eight states along with hundreds of other publications dedicated to cities regions and towns while also gathering reams of folklore narratives of formerly enslaved people and even recipes all of varying quality each revealing distinct sensibilities All this was the singular purview of the Federal Writers Project a division of the Works Progress Administration founded in 1935 to employ jobless writers from once bestselling novelists and acclaimed poets to the more dubiously qualified The FWP took up the lofty goal of rediscovering America in words and soon found itself embroiled in the day s most heated arguments regarding radical politics racial inclusion and the purpose of writing forcing it to reckon with the promises and failures of both the New Deal and the American experiment itself Scott Borchert s *Republic of Detours* tells the story of this raucous and remarkable undertaking by delving into the experiences of key figures and tracing the FWP from its optimistic early days to its dismemberment by the House Committee on Un American Activities We observe notable writers at their day jobs including Nelson Algren broke and smarting from the failure of his first novel Zora Neale Hurston the most widely published Black woman in the country and Richard Wright who arrived in the FWP s chaotic New York City office on an upward career trajectory courtesy of the WPA Meanwhile Ralph Ellison Studs Terkel John Cheever and other future literary stars found encouragement and security on the FWP payroll By way of these and other stories Borchert illuminates an essentially noble enterprise that sought to create a broad and inclusive self portrait of America at a time when the nation s very identity and future were thrown into question As the United States enters a new era of economic distress political strife and culture industry turmoil this book s lessons are urgent and strong

***From Pioneering to Persevering*** Paul Salstrom, 2007 Indiana s pioneers came to southern Indiana to turn the dream of an America based on family farming into a reality The golden age prior to the Civil War led to a post War preserving of the independent family farmer Salstrom examines this independence and finds the label to be less than adequate Hoosier farming was an inter dependent activity leading to a society of borrowing and loaning When people talk about supporting family farming as Salstrom notes the issue is a societal one with a greater population involved than just the farmers themselves

Bennett,2017-07-05 In the American mind state subsidization of writers and artists was long associated with monarchies and in later years socialist states The support these regimes gave to intellectuals was understood to come with a cost yet beginning with the New Deal s Federal Writers Art and Theater Projects a new policy consensus asserted that by offering financial support to the arts the federal government was affirming their importance to the nation *Subsidizing Culture* examines the development of and controversies surrounding

federal programs that directly benefit writers artists and intellectuals James T Bennett examines four cases of such support the New Deal s Federal Writers Art and Theater Projects the vigorous promotion in the post World War II and early Cold War eras of abstract expressionism and other forms of modern art by the US government the National Endowment for the Arts NEA which has fortified its position as the preeminent arts bureaucracy and the National Endowment for the Humanities the NEA s less embattled twin which funnels monies to scholars Bennett concentrates on the creation of and the debate over these government programs and he gives special attention to the critics who are usually ignored He reminds us that the chorus of anti subsidy voices over the years has included such disparate figures as writers William Faulkner and John Updike artists John Sloan and Wheeler Williams and social critics Jacques Barzun and H L Mencken **Indianapolis Monthly** ,2002-07 Indianapolis Monthly is the Circle City s essential chronicle and guide an indispensable authority on what s new and what s news Through coverage of politics crime dining style business sports and arts and entertainment each issue offers compelling narrative stories and lively urbane coverage of Indy s cultural landscape **America, History and Life** ,2006 Article abstracts and citations of reviews and dissertations covering the United States and Canada *Dictionary of Midwestern Literature, Volume Two* Philip A.
