Grier, 2023-12-28 In Inkface Miles P Grier traces productions of Shakespeare's Othello from seventeenth century London to the Metropolitan Opera in twenty first century New York Grier shows how the painted stage Moor and the wife whom he theatrically stains became necessary types reduced to objects of interpretation for a presumed white male audience In an era of booming print production popular urban theater and increasing rates of literacy the metaphor of Black skin as a readable transferable ink became essential to a fraternity of literate white men who by treating an elastic category of marked people as reading material were able to assert authority over interpretation and by extension over the state the family and commerce Inkface examines that fraternity's reading of the world as well as the ways in which those excluded attempted to
