Waterton, 2024-08-30 Having left his grammar school just before his 16th birthday Brian Slade falsified his age to pursue his dream of becoming a pilot Within a few days of his 17th birthday he was awarded his wings It was the start of this teenager s remarkable wartime career Soon after being awarded his pilot s brevet Brian was posted to his first squadron Flying the venerable Vickers Wellington he found himself experimenting with early target marking techniques It was also there that Brian gained the nickname The Boy Slade Though Brian s journey through the wartime RAF mirrored the experiences of tens of thousands of young men what was different if not unique was the fact before he had turned 18 which was the minimum age to begin aircrew training Brian had already completed thirty four operations more than was needed for a tour This tally included the three 1 000 bomber raids against Cologne Essen and Bremen He was awarded a Distinguished Flying Cross for nursing his badly damaged Wellington which sustained flak and night fighter damage home after a raid on Bremen Undaunted Brian soon after volunteered for his second tour of operations It was at this stage that he joined the Lancaster equipped 83 Squadron in the newly formed 8 Group becoming an experienced Pathfinder skipper It was a role in which he marked targets in the Battle of the Ruhr the bombing of Hamburg Operation Gomorrah and the Peenemunde raid The RAF s Youngest Bomber Pilot of WW2 told by his nephew a former officer in the British Army details all of Brian s fifty nine missions and captures his compelling progress with Bomber Command alongside the technological advances in aircraft pathfinder strategy and tactics Sadly Brian s Lancaster was shot down over Berlin in August 1943 The details of its loss remained shrouded in mystery until the puzzle of his aircraft s demise was eventually solved by tracing the family of the only survivor The relentless dangers not just in operations but also in training and the continuous loss of life are drawn into sharp focus But on account of his age Brian s story is unique There may have never been nor will ever be an RAF pilot of 19 years old with his flying and operational experience Complemented with a collection of previously unpublished photographs The RAF s Youngest Bomber Pilot of WW2 is one of the Second World War s most amazing tales *An Aerospace Bibliography*

Raymond Estep, 1962 *Airman*, 1961 **Berlin Candy Bomber Special Edition** Gail Halvorsen, 2023-07-10 The Berlin Candy Bomber is the story of how two sticks of gum and one man s kindness to the children of a vanquished enemy grew into an epic of goodwill spanning the globe and touching the hearts of millions in both Germany and America In June 1948 Russia cut off the flow of food and supplies to Berlin The Americans joined by the English and French began a massive airlift to

bring sustenance to the city and thwart the Russian siege Gail Halvorsen was one of hundreds of U S pilots involved in the airlift While in Berlin he met a group of children standing by the airport watching the planes He was impressed to share two sticks of gum with them and he promised to drop candy the next time he flew to the area The next day he wiggled the wings of his plane to identify himself and then dropped several small bundles of candy using parachutes crafted from handkerchiefs Local newspapers picked up the story Suddenly letters addressed to Uncle Wiggly Wings began arriving as the children requested candy drops in other areas of the city Enthusiasm spread to America and candy contributions came from all across the country The blockade and airlift ended in 1949 but the story of the Candy Bomber lives on a symbol of human charity and the candy drops have continued into a new century [Air Corps News Letter](#) ,1952 *Seriously, Norman!* Chris Raschka,2013-06-25 Two time Caldecott Medalist Chris Raschka s dazzling fiction debut Now that the whole thing is over and we all survived I can tell you what happened Picture this for a second Rock wall six inches on my left Sheer cliff hundreds of feet down on my right my best friend Norman in front of me mumbling something and my mom behind me saying Step step step EEEEEYYAAAAAH Next time my mom bugs me about sitting in front of the computer too much I m going to say Thanks I prefer it where the near death experiences are virtual No seriously this story is about Norman and about how he grows and learns stuff Uses his imagination Observes things Like his dad who is so devoted to money Like how his dad is mixed up with weird creeps of the underworld All over the world Why why are grown ups so insane That s exactly the question that Norman Anna and Emma the twins and I Leonard try to answer And with the help of Norman s new tutor Balthazar Birdsong also fairly nuts we nearly do it too Praise for SERIOUSLY NORMAN A NEW YORK TIMES BOOK REVIEW NOTABLE CHILDREN S BOOK Appealingly quirky and adventurous a celebration of the power of thinking outside the box KIRKUS REVIEWS This rousing tale contains strong wordplay and a lot of humor HORN BOOK A visual loopy absurdist experience THE NEW YORK TIMES BOOK REVIEW [A Bomber Pilot'S Story](#) Robert P. Hitler's Northern War Adam R. A. Claassen, 2001 Adolf Hitler had high hopes for his conquest of Norway which held both great symbolic and great strategic value for the Fuhrer Despite early successes however his ambitious northern campaign foundered and ultimately failed Adam Claassen for the first time reveals the full story of this neglected episode and shows how it helped doom the Third Reich to defeat Hitler and Raeder the chief of the German navy were determined to take and keep Norway By doing so they hoped to preempt Allied attempts to outflank Germany protect sea lanes for German ships access precious Scandinavian minerals for war production and provide a launchpad for Luftwaffe and naval operations against Great Britain Beyond those strategic objectives Hitler also envisioned Norway as part of a pan Nordic stronghold a centerpiece of his new world order But as Claassen shows Hitler's grand expectations were never realized Gring's Luftwaffe was the vital spearhead in the invasion of Norway which marked a number of wartime firsts Among other things it involved the first large scale aerial operations over sea rather than land the first time operational objectives and logistical needs were fulfilled by air power and the first deployment of paratroopers Although it got off to a promising start the German effort particularly against British and arctic convoys was greatly hampered by flawed strategic thinking interservice rivalries between the Luftwaffe and navy the failure to develop a long range heavy bomber the diversion of planes and personnel to shore up the German war effort elsewhere and the northern theater's harsh climate and terrain Claassen's study covers every aspect of this ill fated campaign from the 1940 invasion until war's end and shows how it was eventually relegated to a backwater status as Germany fought to survive in an increasingly unwinnable war His compelling account sharpens our picture of the German air force and widens our understanding of the Third Reich's way of war

It's 1939. The woodland creatures of Gosport are enjoying their annual fete at Fort Rowner with dancing, cake baking and a dazzling air display by the Red Sparrows. But war will soon shatter their joy. Admiral Gizor, the evil grey squirrel that rules Portsmouth, dreams of a pedigree society and invades Gosport in order to exterminate its red squirrels. Gosport is alluring for another reason too: Gizor has long suspected that an ancient holy relic, an acorn carved by Hudsonicus, the animal god, is hidden there. With that in his grasp, he could rule the world. Agatha Mumby, a feisty red squirrel, joins a small band of resistance fighters. With her comrades, a moody mole, a dopey white rabbit and an eager-to-please seagull, she sets out on a perilous journey that will take her into the heart of enemy territory. Armed only with a riddle given to her by a friendly squirrel monk, can she crack the code in time? In this gripping novel for young adults 12 and adults too, K. L. Knowles draws you into a world where the landscape seems familiar from the Alver Valley and Priddy's Hard to Portsmouth Dockyard and Portchester Castle but is not the world you know.
