*The Book of Jasher* W. Jeffrey Marsh, 2023-04-17 The Book of Jasher reprinted for the first time in several years and with a new introduction by popular author W Jeffrey Marsh offers Bible readers interesting and important insights into the first two thousand years of biblical history The Book of Jasher follows the biblical accounts in Genesis Exodus Numbers Deuteronomy and Joshua It reads like the Bible but includes interpolations and elaborations not found in the Bible In addition it sheds light on Bible stories from the time of Adam and Eve the ministry of Enoch and the account of the great Deluge during the days of Noah to the Tower of Babel nefarious Nimrod and faithful Abraham and his descendants As Moredecai M Noah wrote in his introduction to the 1840 English translation Without giving it to the world as a work of Divine inspiration or assuming the responsibility to say that it is not an inspired book I have no hesitation in pronouncing it a work of great antiquity and interest and a work that is entitled even regarding it as a literary curiosity to a great circulation among those who take pleasure in studying the scriptures

**The Bible Chronicles** Willette Corley, 2020-04-02 There is One God over all gods The Most High God of them all In Primordial Genesis God takes on the most powerful god of ancient times His grandmother mother Armed with the auras of all the other gods who were unable to

defeat her as well as the four North South East and West winds gifts from His uncle and with the seven powerful winds He created the atrocious wind cyclone hurricane fourfold sevenfold whirlwind and tornado He makes His way to battle her With a charming smile God defeats her and destroys the head of her army This act guaranteed that He would become the Most High and most powerful God After this act of war He is celebrated and when the celebration is over He creates After six days of creation and saying it is good He rests on the seventh day and says it is very good God then brings Adam into His personal garden in Eden and has him work the garden Adam becomes the world s very first gardener As Adam is working God saw that it was not good for Adam to be alone so He caused a deep sleep to come over him and He created Eve With only one command You can eat of every tree EXCEPT the Tree of Knowledge of Good and Evil Adam and Eve were bound to this command if they were to stay in God s garden Armed with Free Will they had multiple trees in the garden that they could choose to eat from including the Tree of Life then temptation slithered in with thoughts and ideas that they could have it all and still live their best lives You think you know their story but do you     The Intention of It All T.C. Ray,2010-11-24 Within the reader is provided with enlightened versions of selected and some even beloved segments of the Bible that have been previously either translated based on Semite legends due to the fact that at the time of translation those were the only historical references available or considered unknowable The creation of the universe earth and humanity are presented in a manner that falls closer in line with the historical and archeological record as known today instead of being based on ancient legends and fairy tales Elements of the Book of Exodus with passages concerning the 10 commandments and the role of Jethro in the establishment of a democratic form of government provide the reader with new origins for the judicial and representational branches within our own form of government The unknowable elements of the Book of Job concerning the Lords reply to Job in the last few chapters of the book are presented in a manner that not only suggests that it is indeed knowable but also reasonable and logical as well providing a description of the universe and earth that belies the level of knowledge available to humanity at its inception Certain controversial passages of the New Testament are addressed such as the Magi the intent behind the Feast at Cana and Mary Magdalenes true role in Jesus life and ministry and this is followed with an interpretation of the symbolism found within the Book of Revelations All in all the author provides the reader with a new and different take on certain elements of old scriptures     Joseph Smith and the Book of Enoch Mark Lines,2023-07-19 The sources of Joseph Smith s literary works remain the most enigmatic aspect of Mormon history Smith s translation projects the Book of Mormon Book of Moses the Inspired Bible and Book of Abraham include prophecies visions and allusions to the ancient biblical prophet Enoch Before Joseph Smith began writing his visions of Enoch Oxford professor Richard Laurence revived interest in the prophet through his 1821 English translation of the ancient text the Book of Enoch known as 1 Enoch For decades some historians have denied that Joseph Smith ever had access to the Book of Enoch but many reserve the possibility that it directly influenced Smith s works The author of this book documents the many similarities between the

Book of Enoch and Smith's Mormon texts Using source analysis and historical context the author identifies the uniquely Mormon words storylines imagery and concepts that appear in Richard Laurence's translation of the ancient religious text
