Martin Waldseemüller's 'Carta marina' of 1516 Chet Van Duzer,2019-10-09 This open access book presents the first detailed study of one of the most important masterpieces of Renaissance cartography Martin Waldseemüller's Carta marina of 1516 By transcribing translating into English and detailing the sources of all of the descriptive texts on the map as well as the sources of many of the images the book makes the map available to scholars in a wholly unprecedented way In addition the book provides revealing insights into how Waldseemüller went about making the map information that can't be found in any other source The Carta marina is the result of Waldseemüller's radical re-evaluation of what a world map should be he essentially started from scratch when he created it rejecting the Ptolemaic model and other sources he had used in creating his 1507 map and added more descriptive texts and a wealth of illustrations Given its content the book offers an essential reference work not only on this map but also for anyone working in sixteenth century European cartography **South Asian Archaeology 1975** J.E. van Lohuizen-de Leeuw,2023-07-31 *A History of Mozambique* M. D. D. Newitt,1995 This is the first history of Mozambique from the 15th century to the present The Mozambican people have had contact with Muslim and European traders for nearly 1000 years and their history is given a unity by the influence of commerce and seaborne trade Indeed Mozambique itself consists of a series of ancient sea and river ports with their commercial hinterlands

Exploring the Economy of Late Antiquity Jairus Banaji,2016 This book contributes to a new economic history of late antiquity with tightly argued stimulating studies of class money and exchange **Jain Paintings and Material Culture of Medieval Western India** Lipika Maitra,2023-08-31 Through a curated collection of key Jain paintings this volume offers a glimpse into the way people lived in western India during the medieval times What they wore how they ornamented themselves what they amused themselves with what furniture they sat on which modes of transport they used It includes Jain paintings from various collections in India and abroad to underscore the value of pictorial evidence in piecing together the past The book takes the reader on a breath taking visual journey through the varied costumes exquisite textiles handcrafted ornaments curiously shaped vessels and containers musical instruments arms and armour conveyances and many such articles of everyday use These articles of everyday use are corroborated with the descriptions left by foreign travellers passing through western India at that time It explores contemporary lexicons and vernacular literature from this period for possible names in vogue for the articles of Material Culture The work is richly illustrated with line drawings by the author to highlight the objects being referred to What comes across clearly through this book is that art is the mirror of the times and as such paintings reflect the society in which they are created A magnificent read this book will be essential for scholars and researchers of Indian painting art history Indian art arts and aesthetics Jainism visual arts South Asian history Indian history heritage studies and cultural history It will also be a must have for history and visual arts enthusiasts all over the world

Explores how the long history of fashion from antiquity to c 1800 created global networks and animated world communities

'The Heathen in his Blindness...' S.N. Balagangadhara, 2018-08-14 Today most intellectuals agree that a Christianity has profoundly influenced western culture b members from different cultures experience many aspects of the world differently c the empirical and theoretical study of both culture and religion emerged within the West The present study argues that these truisms have implications for the conceptualization of religion and culture More specifically the thesis is that non western cultures and religions differ from the descriptions prevalent in the West and it is also explained why this has been the case The author proposes novel analyses of religion the Roman religio the construction of religions in India and the nature of cultural differences Religion is important to the West because the constitution and the identity of western culture is tied to the dynamic of Christianity as a religion Revisiting Hormuz Dejanirah Couto, Rui Loureiro, 2008 The volume Revisiting Hormuz gathers the proceedings of a Conference organized in March 2007 by the Calouste Gulbenkian Foundation through its Centre Culturel Calouste Gulbenkian in Paris The year 2007 exactly five centuries after the Portuguese first landed on the island of Hormuz seemed to the scientific coordinators Rui Manuel Loureiro and Dejanirah Couto a very appropriate moment to bring together a large group of specialists that could establish the current state of the art in field of the history of Portuguese interactions with Hormuz and the Persian Gulf region The chronological borders of the Conference quite naturally were extended to the early decades of the 17th century to include the final departure of the Portuguese from Hormuz in 1622 and subsequent developments Although the focus of the Paris Conference was supposed to be history in any of its political social economic or cultural variants the complex nature of Portuguese interactions with Hormuz and Safavid Persia that spanned for more than a century and also the existence of an important monumental heritage of Portuguese origin in the Gulf area made the presence of art historians architects and archaeologists desirable

Narratives, Routes and Intersections in Pre-Modern Asia Radhika Seshan, 2016-11-10 11 Fairs and pilgrimages as points of intersections the case of medieval western Maharashtra 12 Continuing routes changed intersections a study of Fort St George Madras in the seventeenth century **The Book of Duarte Barbosa: Including the coasts of Malabar, eastern India, further India, China, and the Indian archipelago** Duarte Barbosa, 1921 History of Agriculture in India, Up to C. 1200 A.D. Vinod Chandra Srivastava, 2008 History of Agriculture in India up to c 1200 AD Part 1 reconstructs the evolution of agriculture in India up to c 1200AD It is a synthesis and summation of existing knowledge on the history of agriculture in ancient India on the combined bases of archaeological and literary sources against the backdrop of Asian history in general Besides summing up the existing knowledge it opens new vistas for further research on many debated issues in the history of agriculture in ancient India The volume addresses the vexed and controversial questions on the origin antiquity and sources of Indian agricultural history Based on researches from sites of Vindhya Ganga Region plant remains

agricultural tools pots dental pathology and settlement remains it is an informed and highly researched work on the origin and antiquity of cultivation in India For a historical study of agriculture Pali Sangam Sanskrit and the Graeco Roman literatures have been utilized Art and literary sources have also been used to reconstruct history

The World of Sugar Ulbe Bosma, 2023-05-09 Traversing 2 500 years of global history Ulbe Bosma shows how sugar once a luxury reserved for Eastern emperors stoked a mania in the West transforming diets and ecosystems destroying and creating cultures and shaping the history of bondage and freedom A major source of calories only since 1900 sugar has suddenly revolutionized our world

Assembling the Tropics Hugh Cagle, 2018-09-06 This book charts the convergence of science culture and politics across Portugal's empire showing how a global geographical concept was born In accessible narrative prose this book explores the unexpected forms that science took in the early modern world It highlights little known linkages between Asia and the Atlantic world

Gems in the Early Modern World Michael Bycroft, Sven Dupré, 2018-11-27 This edited collection is an interdisciplinary study of gems in the early modern world It examines the relations between the art science and technology of gems and it does so against the backdrop of an expanding global trade in gems The eleven chapters are organised into three parts The first part sets the scene by describing how gems moved around the early modern world how they were set in motion and how they were pulled together in the course of their travels The second part is about value It asks why people valued gems how they determined the value of a given gem and how the value of a gem was connected to its perceived place of origin The third part deals with the skills involved in cutting polishing and mounting gems and how these skills were transmitted and articulated by artisans The common themes of all these chapters are materials knowledge and global trade The contributors to this volume focus on the material properties of gems such as their weight and hardness on the knowledge involved in exchanging them and valuing them and on the cultural consequences of the expanding trade in gems in Eurasia and the Americas
