Of Jewish Legends:

The Legends of the Jews Complete Louis Ginzberg, 2017-09-02 Louis Ginzberg's great compendium of Jewish legends, myths, and ancient lore enliven and challenge readers to understand greatly the civilization behind the greatest prophecies and holy writings ever written. A celebrated scholar of the Talmud, Torah, and other holy texts, Louis Ginzberg distinguished himself as gifted in matters of holy lore from a young age. All four volumes of his rendition of the Judaic legends are contained in this excellent edition. They run as follows: Volume One begins with the years of creation, detailing God's creation of the Earth and all the lands and creatures upon it. Man's creation and the story of Adam and Eve are duly related, as are the ten generations which separated Adam from Noah. The Great Flood, whereby Noah escaped the destruction by building his famous ark, is followed by the ten-generation gap between Noah and Abraham, the patriarch of Judaism. Finally, we hear of the life of Jacob, who, following drought, would emigrate to Egypt with his family. Volume Two, roughly corresponding with the Biblical Books of Exodus and Leviticus, begins with the life and death of Joseph. His life and the lives of Jacob's sons, the founders of the Jewish tribes, are likewise told. The famous story of Job, a morally upstanding family man who suffers many misfortunes, is then related. Finally, we hear the story of Moses and the conflict he arrives at with the Pharaoh. Volume Three commences with Moses finally deciding to lead the Jews out of Egypt, the oppression of the Pharaoh having become too much to bear. After departing, the construction of the Tabernacle and the tumultuous events of the Year of Disfavor are detailed. The tale of the prophet Balaam and his temptation with money from King Balak of Moab is told. Finally, the volume concludes with the death of Moses. Volume Four opens with the story of Joshua, who was the servant of Moses and one of the twelve spies who scouted the lands of Canaan at Moses' behest. Following the death of Joshua, the tale of the Judges and of conflicts between the Israelites and Canaanites are told. The subsequent generations of Jewish society, including the great King Solomon, are hereafter related. As a young man, Louis Ginzberg emigrated from his native Russia to the United States. Initially aimless and unsure of his future and deeply affected by the death of his pious father, it was after a few years as an emigre that study of Jewish history and the sacred texts proved a viable outlet. He proved a voracious and highly competent scholar and teacher, working at the Jewish Theological Seminary of America and accepting an honorary doctorate from Harvard University. *A Treasury of Jewish Folklore* Nathan Ausubel, 1948 A diversified anthology chosen from the 3000-year history of Judaism.

secretary of the Society prepared the contract for what was conceived as a small popular volume on Jewish legends. As the scion of two distinguished rabbinical families, Ginzberg studied in the great Lithuanian yeshivot of Telz and Slobodka. Later he received his secular education at Strassburg and Heidelberg universities. This combination of religious and secular learning enabled him to pursue with great passion the wide-ranging roots of Jewish legend. Ginzberg believed that Jewish legend was both earlier and greater than what was represented in the Talmud and midrashic collections, the primary Rabbinic sources. And so he scoured Jewish, Christian, Islamic, and Oriental sources to rediscover the fine threads of Jewish legend. The result was a masterpiece, a single coherent collection of legends that follows the biblical narrative, accompanied by detailed notes that reveal a complex subtext of often intersecting and multi-layered levels of influence, borrowed notions, and interpretive commentaries. *Encyclopedia of Jewish Folklore and Traditions*, Raphael Patai, 2015-03-26. This multicultural reference work on Jewish folklore, legends, customs, and other elements of folk life is the first of its kind. **Sefer Ha-aggadah**, Hayyim Nahman Bialik, Yehoshua Hana Rawnitzki, 1991. *The Legends of the Jews and Judaism*, Louis Ginzberg, Israel Abrahams.

The term Rabbinic was applied to the Jewish Literature of post-Biblical times by those who conceived the Judaism of the later epoch to be something different from the Judaism of the Bible, something actually opposed to it. Such observers held that the Jewish nation ceased to exist with the moment when its political independence was destroyed. For them, the Judaism of the later epoch has been a Judaism of the Synagogue, the spokesmen of which have been the scholars, the Rabbis. And what this phase of Judaism brought forth has been considered by them to be the product of the schools rather than the product of practical pulsating life. Poetic phantasmagoria, frequently the vaporings of morbid visionaries, is the material out of which these scholars construct the theologic system of the Rabbis and fairy tales, the spontaneous creations of the people which take the form of sacred legend in Jewish literature, are denominated the Scriptural exegesis of the Rabbis and condemned incontinently as *nugae rabbinorum*. As the name of a man clings to him, so men cling to names. For the primitive savage, the name is part of the essence of a person or thing, and even in the more advanced stages of culture, judgments are not always formed in agreement with facts as they are, but rather according to the names by which they are called. The current estimate of Rabbinic Literature is a case in point. With the label Rabbinic, later ages inherited from former ages a certain distorted view of the literature so designated. To this day, and even among scholars that approach its investigation with unprejudiced minds, the opinion prevails that it is purely a learned product. And yet the truth is that the most prominent feature of Rabbinic Literature is its popular character. The school and the home are not mutually opposed to each other in the conception of the Jews. They study in their homes and they live in their schools. Likewise, there is no distinct class of scholars among them, a class that withdraws itself from participation in the affairs of practical life. Even in the domain of the Halakah, the Rabbis were not so much occupied with theoretic principles of law as with the concrete phenomena of daily existence. These they sought to grasp and shape. And what is true of the Halakah is true with greater emphasis of the Haggadah, which is popular in

the double sense of appealing to the people and being produced in the main by the people To speak of the Haggadah of the Tannaim and Amoraim is as far from fact as to speak of the legends of Shakespeare and Scott The ancient authors and their modern brethren of the guild alike elaborate legendary material which they found at hand It has been held by some that the Haggadah contains no popular legends that it is wholly a factitious academic product A cursory glance at the pseudepigraphic literature of the Jews which is older than the Haggadah literature by several centuries shows how untenable this view is That the one literature should have drawn from the other is precluded by historical facts At a very early time the Synagogue disavowed the pseudepigraphic literature which was the favorite reading matter of the sectaries and the Christians Nevertheless the inner relation between them is of the closest kind The only essential difference is that the Midrashic form prevails in the Haggadah and the parenetic or apocalyptic form in the pseudepigrapha The common element must therefore depart from the Midrash on the one hand and from parenesis on the other **The Legends of Judaism**
