Transformation of the Human-Animal Brigitte Arora, 2012-03-21 We are all immortal Beings death is an illusion This world and who we think ourselves to be is only a temporary dream But our existence within the darkness and ignorance of this lower self consciousness is of tremendous importance It is here that we Homo sapiens have the opportunity to transcend our present mind dominated human animal consciousness This is the fundamental message that is received during the life altering occurrence of Self Realization We begin the spiritual journey of transformation in order to obtain liberation from the lower self consciousness by evolving into the Higher Self consciousness which is the next stage in

mankinds evolution The effect of transcending the old consciousness poses many problems due to powerful and dangerous alterations to our psyche and biological system The transforming power of kundalini can burn out the nervous system and unbalance the personality from which it may never recover What role does kundalini and Grace play in our Awakening How do we transcend our animal traits Can we use sex in order to go beyond sex How do we adapt to living simultaneously in the two opposing worlds of duality and Oneness What is consciousness What and who is the new race that is going to replace the old man Does time exist What is the connection we have with our Soul Does God exist Who is really in charge **The Animals' Padre - The Life and Works of James Thompson** Phillip Jones,2022-10 The unique James Thompson spent a clerical lifetime challenging the dogma of the Christian church that believes that animals have no souls and therefore no rights He was a saint to those who believe in kindness and compassion for the fellow creatures we share this earth with and a scourge to the hierarchy who believe that only humans matter How we came to have these opposing views is a matter of history that James details well This republishing of a collection of his early booklets will not go down well with some in the Church establishment James was blacklisted by an Archbishop and rocked the boat on countless occasions He can be seen on YouTube videos shooting straight from the hip in his condemnation of the established view and of those who actively pursue animal cruelty The Animals Padre was a militant for kindness and compassion although no chocolate soldier Albert Schweitzer Until he extends the circle of his compassion to all living things man himself will never experience peace

Environment, Food and Rural Affairs Committee,2013-02-15 DEFRA s belated proposals to tackle irresponsible dog ownership are too limited Since 2007 dogs have killed seven people including five children in private homes The NHS also spends over 3 million annually treating dog attack injuries Some eight assistance dogs a month and thousands of livestock

annually are attacked by dogs The Home Office approach to tackling antisocial behaviour is too simplistic and fails to reflect the impact that poor breeding and training by irresponsible owners can have on a dog s behaviour New rules should give enforcement officers more effective powers including Dog Control Notices to prevent dog related antisocial behaviour Local authorities need to devote more resources to the effective management of stray dogs MPs call for changes in the legislation to give powers to extend the banned list to include other dogs with particularly aggressive characteristics At the same time those tasked to enforce legislation should have the discretion to neuter rather than destroy a banned animal where a particular dog poses no threat The Advisory Council on Welfare Issues of Dog Breeding should be given a formal regulatory role to enforce standards Any breeder producing more than two litters per year should be licensed and subject to welfare checks The Kennel Club should stop registering puppies from breeders not compliant with its own Assured Breeder Scheme It should also commission an independent annual review of Breed Standards led by vets to eliminate health problems linked to breeding for exaggerated characteristics Lastly MPs call on websites advertising pets to develop a voluntary Code of Practice
