Charlie Meadows:

Getting Away with Bloody Murder Mike Vance, 2022-01-24 James Brockman rose from shady character to preeminent defense attorney in Houston Texas representing clients including gang leaders jilted spouses wealthy storekeepers and drunken on duty policemen These high profile true crime and murder accounts take place between 1895 and 1910 They cross racial lines revealing instances of separate and unequal justice in segregated Texas that had a lasting effect on the city and the state His career gained national recognition including his involvement in the most famous American murder case of the young twentieth century when he himself was murdered leaving a dubious legacy **The Christian Treasury**, 1860

Charlie Meadows Russell Hoban, 1984 While delivering the news to the other field mice Charlie Meadows who loves dancing with his shadow in the moonlight narrowly escapes being eaten by the owl **Hell on the Range** Daniel Justin Herman, 2010-11-18 In this lively account of Arizona's Rim Country War of the 1880s what others have called The Pleasant Valley War Historian Daniel Justin Herman explores a web of conflict involving Mormons Texas cowboys New Mexican sheepherders Jewish merchants and mixed blood ranchers At the heart of Arizona's range war argues Herman was a conflict between cowboys code of honor and Mormons code of conscience *Good Time Girls of the Alaska-Yukon Gold Rush* Lael Morgan, 1999 Morgan offers an authentic and deliciously humorous account of the prostitutes and other disreputable women who were the earliest female pioneers of the Far North At the turn of the century tens of thousands of Americans left their homes escaping a worldwide depression ruthless heartbreakers Cad Wilson French Marie Larose who auctioned herself off as a wife to the highest bidder Edith Neile called the Oregon Mare famous for both her outlandish behavior her soft hearted generosity These good time girls crossed geographic social frontiers finding freedom independence hardship heartbreak sometimes astonishing wealth They were an important part of this key chapter in the history of the West which holds a special place in the American imagination *Men of the Mountains* Jesse Stuart, 1979-12-31 Twenty one short stories explore the daily lives and activities of Kentucky mountaineers *The Philosophy of the Coen Brothers* Mark T.

Conard, 2008-12-12 Written for both fans of the Coen brothers and the philosophically curious without the technical language educational and entertaining Library Journal Joel and Ethan Coen have made films that redefined the gangster movie the screwball comedy the fable and the film noir but no matter what genre they're playing with they consistently focus on the struggles of complex characters to understand themselves and their places in the strange worlds they inhabit To borrow a phrase from Barton Fink all Coen films explore the life of the mind and show that the human condition can often be simultaneously comic and tragic profound and absurd The essays in this book explore the challenging moral and philosophical terrain of the Coen repertoire Several address how Coen films often share film noir's essential philosophical assumptions power corrupts evil is real and human control of fate is an illusion In Fargo not even Minnesota's blankets of snow can hide Jerry Lundegaard's crimes or brighten his long dark night of the soul The tale of love marriage betrayal and

divorce in *Intolerable Cruelty* transcends the plight of the characters to illuminate competing theories of justice. Even in lighter fare such as *Raising Arizona* and *The Big Lebowski* the comedy emerges from characters' journeys to the brink of an amoral abyss. However, the Coens often knowingly and gleefully subvert conventions and occasionally offer symbolic rebirths and other hopeful outcomes. At the end of *The Big Lebowski*, for example, the Dude abides; his laziness has become a virtue, and the human comedy is perpetuating itself with the promised arrival of a newborn Lebowski. The Philosophy of the Coen Brothers sheds new light on the work of these cinematic visionaries. From *Blood Simple* to *No Country for Old Men*, the Coens' characters look for answers, though in some cases their quest for answers leads at best only to more questions.

[Moving Pictures/Stopping Places](#) David B. Clarke, Valerie Crawford Pfannhauser, Marcus A. Doel, 2009-05-16. Mobility has long been a defining feature of modern societies, yet remarkably little attention has been paid to the various stopping places—hotels, motels, and the like—that this mobility presupposes. If the paradoxical qualities of fixed places dedicated to facilitating movement have been overlooked by a variety of commentators, film makers have shown remarkable prescience and consistency in engaging with these still points around which the world is made to turn. Hotels and motels play a central role in a multitude of films ranging across an immensely wide variety of genres, eras, and national cinemas. Whereas previous film theorists have focused on the movement implied by road movies and similar genres, the outstanding contributions to this volume extend the recent engagement with space and place in film studies, providing a series of fascinating explorations of the cultural significance of stopping places both on screen and off. Ranging from the mythical elegance of the Grand Hotel through the uncanny spaces of the Bates motel to Korean love motels, the wealth of insights from a variety of theoretical perspectives that this volume delivers is set to change our understanding of the role played by stopping places in an increasingly fluid world.

Flight 27 Alpha Russ Offutt, 2012-08-01 *Flight 27 Alpha* is the compelling story of two men, father and son, tragically separated by an incident officially termed as an unexplained military accident. Father and son were brought together again 50 years in the future. Follow Captain Robert E. Hayes, the father from World War II in 1943, and General Robert E. Hayes Jr., the son from 1993, as they meet face to face once again this time in a very unusual way and get to know one another in a bizarre twist of fate that cannot be explained. With the help of a military historian and their attempt to challenge what appears to be the impossible, father and son, along with the military historian, devise and attempt to carry out a mission that if successful would utilize the technology of 1993 on an aircraft from 1943 and alter the course of World War II and thereby save millions of lives in the process. In the end, follow four generations of Hayes men as they love and honor one another over a span of 68 years: Lieutenant Berry Hayes, World War I Curtiss H-16 bomber pilot; great grandfather Captain Robert E. Hayes, World War II B-17G Flying Fortress pilot; grandfather General Robert E. Hayes Jr., Vietnam Veteran F-4B pilot; father and Lieutenant Colonel Edward Berry Hayes, F-16 Fighting Falcon; great grandson, grandson, and son.

Goin' Up to Cripple Creek Raymond Walter Seibert, 2009 A work of historical fiction features the lives of the men and women who established the town of Cripple Creek, Colorado, and mined its gold.

Tom Horn in Life and Legend Larry D. Ball, 2014-05-19 Some of the legendary gunmen of the Old West were lawmen, but more like Billy the Kid and Jesse James were outlaws. Tom Horn, 1860-1903, was both. Lawman, soldier, hired gunman, detective, outlaw, and assassin, this darkly enigmatic figure has fascinated Americans ever since his death by hanging the day before his forty-third birthday. In this masterful historical biography, Larry Ball, a distinguished historian of western lawmen and outlaws, presents the definitive account of Horn's career. Horn became a civilian in the Apache wars when he was still in his early twenties. He fought in the last major battle with the Apaches on U.S. soil and chased the Indians into Mexico with General George Crook. He bragged about murdering renegades and the brutality of his approach to law and order foreshadows his controversial career as a Pinkerton detective and his trial for murder in Wyoming. Having worked as a hired gun and a range detective in the years after the Johnson County War, he was eventually tried and hanged for killing a fourteen-year-old boy. Horn's guilt is still debated. To an extent, no previous scholar has managed to achieve what Ball distinguishes: the truth about Horn from the numerous legends. Both the facts and their distortions are revealing, especially since so many of the untruths come from Horn's own autobiography. As a teller of tall tales, Horn burnished his own reputation throughout his life. In spite of his services as a civilian scout and packer, his behavior frightened even his lawless companions. Although some writers have tried to elevate him to the top rung of frontier gun wielders, questions still shadow

Horn's reputation Ball's study concludes with a survey of Horn as described by historians novelists and screenwriters since his own time These portrayals as mixed as the facts on which they are based show a continuing fascination with the life and legend of Tom Horn
