Reaching for the Stars Mark Connelly, 2001-02-16 *_Reaching for the Stars_* shows why Bomber Command in one of the largest and bloodiest campaigns of the war with 55 000 aircrew lost and more officer fatalities than in World War I has received so much attention and yet remains a lost and black sheep among British wartime achievements There has been little official recognition at the 50th anniversary of VE Day there was hardly a mention and the Bomber Command story has been dogged by the controversy over carpet bombing The role of Bomber Command in the Second World War is still shrouded in mystery This book provides a new and revisionary narrative of the campaign and is both a military history and an investigation of how the modern image of Bomber Command has developed There have been hundreds of books about the RAF and Bomber Command ranging from highly researched histories technical studies of the aircraft to popular works as well as countless films and plays and television and newspaper reportage Mark Connelly pulls all the strands together to produce a fascinating and entirely new perspective on this aspect of World War II

RAF Bomber Command: 'Strike Hard, Strike Sure' 1936-1945 Ron Mackay, 2022-03-31 Historically rich in detail with previously unpublished photographs from private archives Researched and written by an aviation and military historian renowned author Essential for military historians modellers flight sim enthusiasts War Thunder IL 2 Sturmovik Great Battles and DCS and those interested in the complexities of aircraft design and production during the Second World War They sowed the wind and now they are going to reap the

whirlwind Arthur Bomber Harris The concept of an aerial campaign on a nation's industrial and military might was advocated by Britain before the start of the First World War however a stringent post war economy ensured that the creation of Bomber Command in 1936 witnessed a daunting disparity between the aim of striking at an adversary's ability to sustain itself and the means to do so From 1939 to 1942 Bomber Command was very weak in terms of human and material losses The navigational means with which to accurately guide bombers to targets was almost completely lacking while the enemy defensive network inflicted serious casualties Consequently the punishment handed out was minimal The resurgence of Bomber Command's fortunes coincided with the appointment of Sir Arthur Harris The advent of four engine designs such as the Avro Lancaster and Handley Page Halifax ensured that a greatly increased bomb tonnage could be delivered Also electronic aids such as Gee Oboe and H2S simplified the task in finding targets Therefore by 1944 1945 the RAF's bombers pulverised Hitler's Third Reich Although flak and night fighters took a heavy toll on the bombers the RAF's nocturnal offensive in conjunction with the USAAF's daylight assaults crippled Germany's ability to fight back

Bomber Command Roddy MacKenzie, 2023-02-16 Roddy MacKenzie's father served in Bomber Command during the Second World War but like so many brave veterans who had survived the war he spoke little of his exploits So when Roddy started on his personal journey to discover something of what his father had achieved he uncovered a great deal about the devastating effectiveness of Bomber Command and the vital role it played in the defeat of Third Reich He realised that the true story of Bomber Command's achievements has never been told nor fully acknowledged Roddy became a man on a mission and this startlingly revealing and often personal study is the result Bomber Command Churchill's Greatest Triumph takes the reader through the early days of the Second World War and introduces all the key individuals who turned the Command into the war winning weapon it eventually became as well as detailing the men and machines which flew night after night into the heart of Hitler's Germany The main focus of his book is the destruction and dislocation wrought by the bombing to reduce and ultimately destroy Germany's ability to make war In his analysis Roddy dug deep into German archival material to uncover facts rarely presented to either German or English language readers These demonstrate that Bomber Command's continual efforts at appalling cost in aircrew casualties and aircraft losses did far more damage to the Reich than the Allies knew Roddy's father served with the Royal Canadian Air Force and Roddy naturally highlights its

contribution to Bomber Command's successes another aspect of this fascinating story which the author believes has not been duly recognized Bomber Command Churchill's Greatest Triumph will certainly raise the debate on the controversial strategy adopted by Bomber Harris and how he was perceived by many to have overstepped his remit But most of all this book will revise people's understanding of just how important the endeavours were of those men who flew through the dark and through the searchlights the flak and the enemy night fighters to bring the Second World War in Europe to its crushing conclusion Bomber Command: Reflections of War, Volume 1 Martin W. Bowman, 2011-12-01 This massive work provides a

squadrons Most of Yorkshires wartime bomber airfields have long gone but many have managed to retain the flying link with their wartime past For example the former RAF airfields of Finningley and Middleton St George and the factory airfield of Yeadon are now the sites of international airports while Brighton Burn Full Sutton Pocklington and Rufforth are still used for light aircraft flying or gliding and Elvington is home to the magnificent Yorkshire Air Museum From airfields such as these came countless acts of personal courage and self sacrifice with two men being awarded the Victoria Cross Britains highest award for gallantry Stories of both men are included as are tales of other personalities who brought these airfields to life The stories of thirty three airfields are told in total with a brief history of each accompanied by details of how to find them and what remains of them today Whatever your interest be it aviation history or more local the county of Yorkshire has rightly taken its place in the history of Bomber Command

Before the Storm Robert Jackson,1972 *100 Group (Bomber Support)* Martin W. Bowman,2006-11-27 A history of the British RAF division in Norfolk dedicated to radio countermeasures during WWII As part of the AHT series the airfields and interest in this book are concentrated in a particular area in this case Norfolk The growing importance of the electronic war in the air in 1943 caused the creation of 100 Group to fly both defensive and offensive sorties employing highly secret Radio Counter Measure equipment The Group flew from airfields at Foulsham Great Massingham Little Snoring North Creak Swannington and West Raynham The aircraft flown were Halifax Beaufighter Mosquito and Fortress The Group included RAF Squadron numbers 192 169 23 171 199 214 157 85 141 and 239 100 Group Bomber Support looks at the history and personalities associated with each base and what remains today exploring the favorite local wartime haunts where aircrew and ground crew would have sought well deserved entertainment and relaxation Other museums and places that are relevant will also be described and general directions on how to get them included

RAF Bomber Command at War, 1939-1945 Craig Armstrong,2021-04-28 The Royal Air Force had placed a great deal of faith in its force of bombers Bomber Command in the event of a future war The belief in the ability of formations of bombers flying in daylight and unescorted protecting themselves from enemy fighter attack informed early tactics but led to bloody losses Hampered by government restrictions on targets by late 1941 Bomber Command was in crisis As a result and coupled the growing dire war situation a new and forceful commander Sir Arthur Harris was appointed and new strategies allowed Bomber Command to broaden its attacks despite some opposition The result was the area bombing strategy which focussed attacks upon enemy held towns and cities This Main Offensive period lasted throughout 1943 1944 and saw both victories and defeats It was also the period that saw a limited number of precision attacks on Augsburg Peenemunde and most famously the Ruhr dams Bomber Command also aided in tactical and strategic support for the invasion of Europe and the subsequent fight to push inland New technological developments allowed Bomber Command to hit V Weapons sites and to focus more on precision bombing but Harris remained determined to hit German towns and cities whenever possible while the Command s growing power allowed it to rain devastation upon its targets culminating at

Dresden Much has been written about Bomber Command but this book focusses largely on those who took part in the raids and on public attitudes towards the campaign in Britain Using accounts from national and local archives newspapers and existing historiography the book seeks to shed light on untold stories from Bomber Command's war

Bomber Command's Forgotten Summer Paul Tweddle, 2018-07-16 While the heroic exploits of The Few of Fighter Command are rightly lauded those of The Many of Bomber Command often remain overlooked Night after night the bomber crews ranged across Europe seeking out and attacking targets in an all out endeavour to undermine the German war effort against Britain and prevent invasion Bomber Command's Forgotten Summer tells the stories of the young men who carried out dangerous missions on a nightly basis battling against both the enemy and the elements relying on a mix of nerve skills and luck to hit their target and make it home Faced with flak and fighters exposed to the harsh weather conditions and operating at the edge of their capabilities for the young men of Bomber Command this was just as vital as the Battle of Britain

Black Night for Bomber Command Richard Knott, 2007-07-01 I am not pressing you to fight the weather as well as the Germans never forget that So wrote Winston Churchill to Arthur Harris the Commander in Chief of RAF Bomber Command after the terrible events of 16 December 1943 In the murky dusk almost five hundred heavy bombers almost entirely Lancasters set out for Berlin from their bases in eastern England from north Yorkshire to southern Cambridgeshire They lifted off at around 4 pm to bomb the target four hours later and were expected to return at midnight 328 aircrew lost their lives that night they were the victims of the weather not the Germans This book relates the tragic circumstances of individual crews as they struggled to find their home bases in low cloud and fog It also includes stories from the local people who remember hearing a low flying aircraft and all too often the frightful explosion as it struck unexpected high ground or even trees Some rescue attempts were successful but for most aircrew it was death in a blazing wreck Many of the crash sites have been explored by the author as he tried to imagine exactly how each aircraft came to grief It contains many photos of aircraft as they were and the remaining impact areas that remain to this day

Bomber Boys on Screen S. P. MacKenzie, 2019-08-08 Since the Second World War depictions of Royal Air Force operations in film and television drama have become so numerous that they make up a genre worthy of scholarly attention In this illuminating study S P MacKenzie explores the different ways in which the men of RAF Bomber Command have been represented in dramatic form on the big and small screen from the war years to the present day Bomber Boys on Screen is the first in depth study of how and why the screen drama image of those who flew those who directed them and those who provided support for RAF bomber operations has changed over time sometimes in contested circumstances Until now dramas that focus on Bomber Command have tended to be mentioned only in passing or studied in isolation despite the prevalence of surveys of both the British war film genre and of aviation cinema In Bomber Boys on Screen MacKenzie examines the development presentation and reception of significant dramas on a decade by decade basis Titles from the beginning of the war The Lion Has Wings 1939 to the start of new century Bomber's Moon 2014
