Isabell Naumann, 2023-12-01 The Holy Spirit who worked on the first Christian Pentecost continues to work in the church and the world today This being so the field of pneumatology the theology of the Holy Spirit should pique the interest of both the average Christian and the academic theologian perhaps more than it has in recent times This collection of chapters brings pneumatology into conversation with a wide variety of disciplines including scripture patristic and medieval theology and history The result is a scholarly monograph that enriches both pneumatology and the fields with which each contributor engages Furthermore with its attention on the work of the Spirit in the sacraments and the life of the church Pneumatology at the Beginning of the Third Millennium will help pastors and catechists in their ministries to understand more deeply the riches of the theology of the Third Person of the Trinity

Bonaventure Bonawentura ((święty ;), 1978 But if you wish to know how these things come about ask grace not instruction desire not understanding the groaning of prayer not diligent reading the Spouse not the teacher God not man darkness not clarity not light but the fire that totally enflames and carries us into God by ecstatic unctions and burning affections This fire is God and his furnace is in Jerusalem Bonaventure 1217 1274

Wisdom in Bonaventure's Hexaëmeron Benjamin Winter, 2024-10-11 This book presents Saint Bonaventure as a cutting edge thinker who engaged with natural philosophy on its own terms His final academic project was an unfinished collection of scholastic sermons titled Collationes in Hexa meron At this moment in history academics were clashing over the limits of cognition and the definition of science scientia Much has been written detailing how the incorporation of Aristotle's philosophy into university curricula eventually prompted the Condemnations of 1270 and 1277 But perhaps it is incorrect to conceive of these events in a frame of escalating tensions leading to collapse Perhaps a new perspective can be found by venturing back to 1273 to see Aristotle through the eyes of a theologian who was both magister and minister bishop and brother one who respected the academy's rigor but also challenged its tendency toward self absorption Guiding readers

through vision one of Collationes in Hexameron Benjamin Winter argues that Bonaventure's rejection of certain philosophical errors ought to be understood within the context of the virtuous person's journey to wisdom Propositions such as the eternity of the world the unicity of the intellect and fated necessity are not variables in a zero sum equation balanced out by truths of faith Instead Bonaventure sees these propositions as opportunities to reflect charitably on nature and grace emphasizing that just as knowledge is empty without love understanding is insufficient without humility Rather than renounce Aristotle or stifle scientific inquiry Collationes in Hexameron wholeheartedly acknowledges the affective and communal dimensions of philosophical knowledge Bonaventure creates a magnificent and enduring text with powerful applications today

Jonathan Edwards and the Trinitarian Shape of Beauty John Cunningham, 2015-06-02 This dissertation is a theological analysis of the trinitarian shape of Jonathan Edwards aesthetics of beauty The contributions of this dissertation lie chiefly in three areas The primary aim of this study is to advance the burgeoning field of the study of Jonathan Edwards by elucidating his views of beauty In so doing I present him as a rich source for the theological engagement of beauty which could serve not only the field of Edwards studies but also that of theological aesthetics more broadly

Franciscans at Prayer Timothy Johnson, 2007-04-30 Medieval Franciscans prayed in hermitages and churches on the road and in the piazza with song and silence The unique stories of these men and women as their engaging texts stunning architecture and breath taking artwork suggest are narratives of souls enfolded in their respective worlds of the leprosarium university or itinerant preaching The essays in this book foster a nuanced perspective on Franciscan beliefs and spiritual practices by resisting the temptation to reduce their myriad accounts of prayer to an exclusive univocal spirituality By displaying the breadth and depth of these medieval Franciscans at prayer these essays challenge contemporary readers to look anew at this cloud of witnesses from the past who both lay and religious promoted a diversity of spiritual expression that found a familial focus in their mutual passion for the divine and the world they shared

Horrendous Evils and the Goodness of God Marilyn McCord Adams, 2018-09-05 When confronted by horrendous evil even the most pious believer may question not only life's worth but also God's power and goodness A distinguished philosopher and a practicing minister Marilyn McCord Adams has written a highly original work on a fundamental dilemma of Christian thought how to reconcile faith in God with the evils that afflict human beings Adams argues that much of the discussion in analytic philosophy of religion over the last forty years has offered too narrow an understanding of the problem The ground rules accepted for the discussion have usually led philosophers to avert their gaze from the worst horrendous evils and their devastating impact on human lives They have agreed to debate the issue on the basis of religion neutral values and have focused on morals an approach that Adams claims is inadequate for formulating and solving the problem of horrendous evils She emphasizes instead the fruitfulness of other evaluative categories such as purity and defilement honor and shame and aesthetics If redirected philosophical reflection on evil can Adams's book demonstrates provide a valuable approach not only to theories of

God and evil but also to pastoral care **Theology as the Road to Holiness in Saint Bonaventure** Charles Carpenter,1999 Bonaventure his deepest motivation theology undertaken for the purpose of becoming holy and how that spiritual transformation is brought about through theological study when it is subordinated to and integrated into the spiritual life Publisher Moral Struggle and Religious Ethics David A. Clairmont,2011-03-31 Moral Struggle and Religious Ethics offers a comparative discussion of the challenges of living a moral religious life This is illustrated with a study of two key thinkers Bonaventure and Buddhaghosa who influenced the development of moral thinking in Christianity and Buddhism respectively Provides an important and original contribution to the comparative study and practice of religious ethics Moves away from a comparison of theories by discussing the shared human problem of moral weakness Offers an fresh approach with a comparison of the understanding of the problem of moral weakness between the two key thinkers Bonaventure and Buddhaghosa Written by a highly respected academic in the dynamic and fast growing field of comparative religious ethics
