Book Of Ian Watson:

The Book of Ian Watson Ian Watson, 2011-09-29 British Science Fiction award winner Ian Watson graces us here with a brilliant new collection of short stories and essays Though he dazzles the reader with his footwork in the kaleidoscope intensity of his vision each piece is plainly the work of a master craftsman Whether he is dealing with a future culture where whales control us The Culling or taking a hilarious poke at the matter of government funding The President s Not for Turning his concepts are clear and undeniably logical True to the highest ideal of science fiction Watson carries present tendencies of our society to possible conclusions in Roof Gardens under Saturn and points a warning finger at the consequences of alienation from the environment In an innovative style which borders on the experimental Watson explores in The Pharaoh and the Mademoiselle the horrors of fascism Ian Watson s writing stays with us He entertains and he makes us think If in some future and better world politicians were to take advice from writers Watson should be one of them **Best of Ian**

Salvage Rites: And Other Stories Ian Watson, 2011-09-29 Ian Watson s latest collection shows the same range and apparently inexhaustible fund of ideas that have characterized all his previous books No other contemporary figure in SF is so prolific or inventive a writer of short stories In the title story we immediately encounter a phantasmagoric vision of a society increasingly dependent on recycling its usable material other brilliant inventions include a planet inhabited by lemur like aliens who bafflingly produce marvellously finished stone carvings without apparently having the tools to do so The Moon and Michelangelo people fighting their way through the various levels of what appears to be a real life version of a computer adventure game Jewels in an Angel s Wing and a zoo in which are caged the extensions into our universe of four dimensional hyperbeings Hyperzoo And that is only the beginning there are fifteen stories in all each one a state of the art example of short science fiction at its finest **The Book of the River** Ian Watson, 1984 **Ian Watson** Ian Watson, 1992 The

Uncollected Ian Watson ;and, Doing the Stanley Ian Watson, 2014 *The Book of Being* Ian Watson, 2011-09-29 The megalomaniac Godmind is still planning to use all the minds in creation to make a vast lens and if necessary it will burn out all life in the process Back beside the river and literally born again Yaeen represents to the guild of riverwomen the perfect proof of salvation of life after death In fact she is desperately searching for a way to save the whole universe from imminent destruction **Mockymen** Ian Watson, 2011-11-14 When a young British couple who make jigsaw puzzles are hired by an ageing Norwegian to take nude photos of themselves in a sculpture park in Oslo they are drawn into a web of occult Nazi horror Even more horrifying will be the fate of the whole world some years later if alien visitors achieve their secret aims However the aftermath of events in that Oslo park will provide Anna Sharman with a key to unlock those aims Anna is a rebel within Britain s intelligence service at a time when most of the world appeases the aliens because of the gifts they bring and if she must lose her own body in order to discover the truth she will do so **Converts** Ian Watson, 2011-09-29 He is a

financial giant but the Sponsor wants more he wants to become a super human to be the modern day Adam father to a new generation of humans with heightened DNA He had the viral injection to change himself the will to do it and now all he needs is an Eve to join him on his journey He thinks he's found the perfect match in Jean Sandra Norwich a woman convinced she is trapped between the genes of her mother and daughter The Sponsor offers her freedom and so much more the chance to be the mother of all Superbeings But she will get more than she bargained for **CONVERTS** is a masterpiece of science fiction and Ian Watson has superbly reworked Ovid's **METAMORPHOSES** to create an extraordinary futuristic tale *Deathhunter* Ian Watson, 2011-09-29 The regions that have survived the holocaust in Watson's new novel have largely transformed themselves from prewar violence into a peaceful utopia without either conflict or art In place of belief in a religious afterlife the old and ailing accept euthanasia at Houses of Death where priestlike guides counsel them One of these guides is Jim Todhunter who pursues research into the nature of death despite official censure When he is assigned to guide that rarity in the new world a murderer he finds a natural ally in the obsessive Nathan Weinberger himself an ex guide As usual with Watson the initial impression of a green and pleasant land is revealed to be only one facet of a more complex and disturbing reality *The Embedding* Ian Watson, 2011-09-29 Ian Watson's brilliant debut novel was one of the most significant publications in British SF in the 1970s Intellectually bracing and grippingly written it is the story of three experiments in linguistics and is driven by a searching analysis of the nature of communication Deep in the Brazilian jungle an isolated tribe face eviction from their ancestral lands and the psychedelic fungus that makes their religious language possible In a British laboratory a brilliant linguist conducts cutting edge experiments but does his search for answers come at too high a cost And in the ultimate test of linguistics First Contact presents a challenge unlike any humanity has faced before Fiercely intelligent energetic and challenging *The Embedding* immediately established Watson as a writer of rare power and vision and is now recognized as a modern classic of SF **The Power** Ian Watson, 2011-09-29 An ancient Power awakes A modern evil mushrooms into apocalypse Cocooned in a nightmare world the village of Melfort waits as The Power feeds on the death and destruction fuelling its gross appetite And the dead rise up *The Book of the River* Ian Watson, 2011-09-29 The river cuts right across the known world from the impassable Far Precipices to the sea The people on one bank are cut off from those on the other for the black current has the power to stop them crossing Only women can travel repeatedly up and down the river but when Yaleen joins the boating guild and becomes a riverwoman she is singled out to follow an even more extraordinary path **Harlequin** Ian Watson, 2002-10 *The Very Slow Time Machine* Ian Watson, 2011-09-29 The Very Slow Time Machine arrives on earth in 1985 Its sole inhabitant is old and mad Soon it becomes apparent that for him time is going slowly backward With every day he is getting younger and saner The world and its whole concept of time science and philosophy must wait for him to speak But while the world waits it changes **Sunstroke and Other Stories** Ian Watson, 1982 *Chaos Child* Ian Watson, 2002 **God's World** Ian Watson, 1982
