**(1523-1538)** Daniël Timmerman,2015-02-18 It has often been noted that the Protestant Reformation of the early sixteenth century witnessed a revived interest in the scriptural notions of prophets and prophecy Drawing from both late medieval apocalyptic expectations of the immanent end of the world and from a humanist revival of biblical studies the prophet appeared to many as a suitable role model for the Protestant preacher A prominent proponent of this prophetic model was the Swiss theologian and church leader Heinrich Bullinger 1504 1575 This study by Dani l Timmerman presents the first in depth investigation of Bullinger s concept of prophecy and his understanding of the prophetic office It also engages with the history of the Zurich institute for the study of the Scriptures which has become widely known as the Prophezei      **Faith and the Zombie** Simon Bacon,2023-04-05 Themes of faith and religion have been threaded through popular representations of the zombie so often that they now seem inextricably linked Whether as mindless servants to a Vodou Bokor or as evidence of the impending apocalypse the ravenous undead have long captured something of society s relationships with spirituality religion and belief By the start of the 21st century religious beliefs are as varied as the many manifestations of the zombie itself and both themes intersect with various ideological environmental and even post human concerns This book surveys the various modern religious associations in zombie media Some characters believe that the undead are part of God s plan others

theorize that the environment might be saving itself or that zombies might be predicting life and hybridity beyond human existence Timely and important this work is a meditation on how faith might not just be a forerunner to the apocalypse but the catalyst to new kinds of life beyond it     **The Reformed Quarterly Review** ,1888     *The Composition and Order of the Fourth Gospel* Dwight Moody Smith,2015-12-01 In *The Composition and Order of the Fourth Gospel* D Moody Smith engages the masterful commentary on John by Rudolf Bultmann evaluating critically his views of John s sources order redaction and meaning A book every bit as helpful for understanding Bultmann s work as the work itself this book is now made accessible in paperback form fifty years after its original publication Introduced admirably with a new foreword by the author s former doctoral student R Alan Culpepper the printing of this monograph makes for essential reading in Johannine studies and New Testament studies overall     *The Shadow of the Antichrist* Stephen N. Williams,2006-06 In *The Shadow of the Antichrist* Williams fills a significant gap in the scholarly literature by examining Nietzsche s critique of Christianity and his continuing influence Williams begins with a basic question What was it about Christianity that caused Nietzsche s agitation He aims to answer that question not with a systematic survey of Nietzsche s thought but rather through a careful examination of themes that emerge in his ruminations on religion BOOK JACKET     **Teach Us to Pray** D. Department of Printed Books,1886 **Better to Reign in Hell, Than Serve In Heaven** Allan Wright,2017-10-31 In this monograph I argue that Satan was not perceived as a universal malevolent deity the embodiment of evil or the ruler of Pandemonium within first century Christian literature or even within second and third century Christian discourses as some scholars have insisted Instead for early Christian authors Satan represented a pejorative term used to describe terrestrial tangible and concrete social realities perceived of as adversaries To reach this conclusion I explore the narrative character of Satan selectively within the Hebrew Bible intertestamental literature Mark Matthew Luke Q the Book of Revelation the Nag Hammadi texts and the Ante Nicene fathers I argue that certain scholars such as Jeffrey Burton Russell Miguel A De La Torre Albert Hernandez Peter Stanford Paul Carus and Gerd Theissen homogenized reconstructions of the New Testament Satan as the universalized incarnation of evil and that God s absolute cosmic enemy is absent from early Christian orthodox literature such as Mark Matthew Luke Q the Book of Revelation and certain writings from the Ante Nicene Fathers Using Jonathan Z Smith s essay Here There and Anywhere I suggest that the cosmic dualist approach to Satan as God s absolute cosmic enemy resulted from the changing social topography of the early fourth century where Christian insider and outsider adversaries were diminishing With these threats fading early Christians universalized a perceived chaotic cosmic enemy namely Satan being influenced by the Gnostic demiurge who disrupts God s terrestrial and cosmic order Therefore Satan transitioned from a here insider and there outsider threat to a universal anywhere threat This study could be employed as a characterization study New Testament theory and application for classroom references or research purposes
