Characters and Events of Roman History F Guglielmo Ferrero, 2005-02-01 *Characters and Events of Roman History* Guglielmo FERRERO, 2019-01-07 The volume of essays is scarcely inferior to the history in interest Lectures written for public delivery they are popular in style but full of suggestion The first one on Corruption in Ancient Rome is very illuminating It proves that what the Romans called corruption was in fact the process of evolution that goes on in all societies and which is as inevitable as the growth of a tree It shows that the luxury which so shocks the ancient moralists was far behind what is found in our modern capitals and is there looked upon as a matter of course and almost without reprobation But one thing he does not explain why was luxury so much more destructive to the stamina of the race than it is today I suspect that it was due to the institution of slavery in a condition of society where many of the shrewdest men and most beautiful women were mere chattels under the absolute dominion of their masters Would that our clear sighted author might give us an analysis of the consequences of slavery among the ancients The essay on Nero goes far to render the monster comprehensible Signor Ferrero does not mitigate his crimes nor seek to throw a glamor over his career as have some recent writers He shows him as he was but he helps to make us understand how such a beast could be The essay on Wine in Roman History is perhaps the most instructive It is a powerful argument in the hands of the prohibitionists It is generally supposed that wine was the customary beverage of the Romans Signor Ferrero demonstrates however that in the days of Rome's true greatness it was drunk only on solemn occasions that it came in along with other oriental vices and that the Romans degenerated in proportion to its use This coming from an Italian who no doubt takes his bottle of Chianti or asti spumante

every day is a strong admission The essay on The Development of Gaul is most informing We all know that Caesar's conquest proved the bulwark of the Empire turning back the tide of barbarian invasion even when Italy herself succumbed but few realize how quickly the Gauls assimilated Roman civilization how rich how prosperous how refined they became within a few years after their annexation To find anything analogous we must turn to Japan those Frenchmen of the farther East George B Rose The Sewanee Review Vol 17 No 4 *Characters and Events of Roman History* Guglielmo 1871-1942 Ferrero, Frances Lance 1865-1956 Ferrero, 2021-09-10 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Characters and Events of Roman History, from Caesar to Nero* Guglielmo Ferrero, 1909
