Chase and Ducat Constitutional Interpretation, Cases-Essays-Materials Harold William Chase,Ducat,1979-10
Legal Literature Survey Michael Owen Shannon,1977 Fugitive Theory Christopher M. Duncan,2000-01-01 The group known as the Southern Agrarians came out of Vanderbilt University in the wake of the 1925 Scopes Trial in Dayton Tennessee In response to attacks on the South and Southern culture these scholars and poets including Allen Tate Donald Davidson John Crowe Ransom Robert Penn Warren Andrew Lytle Frank Owsley and others turned their attention to the defense of the South and its political tradition in numerous essays and books Christopher Duncan s Fugitive Theory situates the Agrarians political thought within the larger context of the Western political tradition in general and in the context of American political thought in particular Duncan argues that the political theory of the Southern Agrarians is best understood in terms of a civic republicanism that has its roots in the thought of theorists such as Aristotle Machiavelli James Harrington and Thomas Jefferson In exploring this fascinating chapter of twentieth century American history Duncan recovers a vision that included a commitment to private property in land autonomy and decentralized power a vision that pitted itself against the call for centralization and materialism implicit in the ascendant industrial order **The Poor in Court** Susan E. Lawrence,2014-07-14 Focusing on the Supreme Court as an integral part of the policy making process Susan Lawrence examines how a change in who has access to the Court and the nature of the institutions that structure that access has affected its agenda setting and doctrinal development In her analysis of cases sponsored by the Legal Services Program LSP before the Supreme Court during the 1966 through 1974 terms she explores the effect of this agency in creating a voice for the poor in the judicial policy making process The Court s response to cases presented by the LSP as exemplified in its decisions to invalidate residency requirements for welfare recipients *Shapiro v Thompson* 1969 but uphold maximum family grants *Dandridge v Williams* 1970 is described as emerging from a timely combination of new litigant claims available legal bases and judicial values and role conceptions all of which were shaped by the political climate of the era Lawrence convincingly argues that litigation before the Court is a powerful method of political participation for the disadvantaged Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Constitutional Interpretation** ,1980 *Catalog of Copyright Entries.
